**ANNOUNCEMENTS & ENHANCEMENTS**

**ANNOUNCEMENTS**

**The CMA Opens the Capital Market to All Categories of Foreign Investors**

The Capital Market Authority (CMA) has approved amendments to open the Saudi capital market to all categories of foreign investors, enabling non-resident foreign investors to invest directly in the Main Market as of 1 February 2026. The amendments eliminate the Qualified Foreign Investor (QFI) framework and the regulatory regime governing swap agreements, allowing direct access to listed shares without qualification requirements. The changes aim to expand and diversify the investor base, support increased foreign investment inflows, and enhance market liquidity, building on earlier measures to simplify account-opening procedures and aligning with the CMA’s gradual approach to further opening the capital market.
