About Al Rajhi REIT Fund

Al Rajhi REIT Fund (the 'REIT') is a closed-ended Shariah-compliant real estate investment traded fund. The REIT operates in accordance with Real Estate Investment Funds Regulations issued by the CMA. The primary investment objective of the REIT is to provide Unitholders with periodic income by investing in income producing real estate assets in Saudi Arabia. The Fund Manager is targeting to distribute to Unitholders an annual cash dividend of no less than 90% of the REIT's Net Profits. It is expected that the amount of such annual dividend will increase over the REIT's term as the number of income-producing properties in the REIT's portfolio increases.

For more information on the investment risks involved in the fund, please read the Fund Terms & Conditions.

A Review of the Activities During the Year 2024

Background

Al Rajhi REIT Fund (the "Fund" or "REIT") is a closed-ended shariah compliant real estate investment traded fund listed on Saudi Stock Exchange ("Tadawul") and the units of the Fund started to be traded on Tadawul in accordance with its rules and regulations on 3 Rajab 1439H (corresponding to 20 March 2018). The initial subscribed units of the Fund were 122,200,609 units at par value of $\text{SAR}10$ per unit resulting in capital of $\text{SAR}1,222,006,090$. In 2019, the Fund issued 39,656,248 new units of par value $\text{SAR}10$ per unit at an issue price of $\text{SAR}8.8$ per unit. Moreover, during the year 2023, as part of increasing its total assets, the Fund issued 113,750,641 new units of par value $\text{SAR}10$ per unit at an issue price of $\text{SAR}8.9$ per unit. Thus, currently the total subscribed units of the Fund stand at 275,607,498 units. The Fund currently has a diversified portfolio of 20 properties across various sectors such as retail, education, commercial offices, logistics and healthcare.

Investments

During the year 2024, the Board of Directors has approved the sale of Anwar Plaza at a value equivalent to $\text{SAR}64$ million, and accordingly, the sale and transfer of ownership process was completed during November 2024. The Board of Directors also approved the reduction of the rent of Al-Salam Specialized Medical Hospital in exchange for extending the lease contract for 15 years by an increase of 5% every five years binding on both parties.

Meanwhile, the Fund Manager has a robust pipeline of deals that is currently evaluating and it is expected that 2025 would see robust activity in terms of deal execution and enhancement in current portfolio of assets.

Management and Operation

During the year 2024, many improvements and development measures were made to Alandalus business center, Rama plaza & Alsalam Hospital which owned by the Fund that will improve the quality and occupancy rates of the properties.

The Fund continues to determine net asset values with the frequency set out in the offering documents, consistently applying valuation policies and reflective of prevailing market conditions.

Risk Assessment Report 2024

Funds Name	Al Rajhi REIT Fund.
Type	Close ended – REIT Fund listed on Tadawul Stock Exchange which is complying with Shariah compliant.
Objective	Investing in income-generating real estate assets to earn regular rental income and distribute at least 90% of Fund's net income to investors quarterly basis.
Tenure	99 years.
Risk Level	High.

Key Risk	Description	Mitigation
Market Risk	Risk of adverse changes in the economic conditions like demand supply imbalance, poor liquidity, insufficient credit availability etc. that may have a negative impact on property values.	Evaluating properties on semi-annual basis to understand the market conditions and take necessary actions to protect the value of property.
Credit Risk	The failure of tenants to pay any contractual dues to the fund on time may result in a lower income of the fund and ultimately affect the earnings of the unitholders.	For new tenants: Credit analysis / assessment by property manager of tenants before they are on-boarded. For existing tenants, regular monitoring of outstanding dues and follow up with tenants for payments.
Liquidity Risk	<ol style="list-style-type: none"> 1. Inability to convert assets into cash without a loss of capital or income in the process. 2. Inability to service the debts of the fund. 	<ol style="list-style-type: none"> 1. Any sale of asset shall be planned through a proper sale process keeping market conditions in mind. 2. Debt Service Coverage Ratio of more than 4.10 provides adequate comfort on ability to service debt
Interest Rate Risk	Risk of increase in profit payments due to increase in interest rate volatility impacting the fund's net income.	28.39% of total loan amount has fixed profit rate. Thereby significantly reducing the interest rate risk. Balance 71.61% amount has variable profit rate is exposed to interest rate volatility. During the year, in order to mitigate the risks of variable interest rates, the profit margin on financing was reduced by Al Rajhi Bank for total variable loans, and hedging against interest rates for a facility amounting 193.7 Mn. Where 50% from the total financing (Approximately 448) will have a fixed cost at a rate of 4.52% until the end of 2025G.
Regulatory Risk	Risk of not fulfilling legal and regulatory risks as applicable to the fund.	The fund strictly follows all relevant governance and regulatory regulations. The company's governance and compliance department has an oversight on the fund Management activity.

Key Risk	Description	Mitigation																								
Concentration Risk	Excessive concentration of real estate type or sector or geographic location.	<p>The fund has a well-diversified portfolio in terms of sector and location. Below is the comparison of exposure to various sectors between Dec 2024 and Dec 2023 as % of the market value of the portfolio.</p> <table border="1"> <thead> <tr> <th>Sector</th> <th>2024</th> <th>2023</th> </tr> </thead> <tbody> <tr> <td>Retail</td> <td>40.68%</td> <td>40.80%</td> </tr> <tr> <td>Education</td> <td>20.27%</td> <td>20.63%</td> </tr> <tr> <td>Office</td> <td>27.45%</td> <td>26.99%</td> </tr> <tr> <td>Logistics</td> <td>6.99%</td> <td>6.56%</td> </tr> <tr> <td>Healthcare</td> <td>4.61%</td> <td>5.01%</td> </tr> <tr> <td>Total</td> <td>100%</td> <td>100%</td> </tr> <tr> <td>No. of Properties</td> <td>20</td> <td>21</td> </tr> </tbody> </table>	Sector	2024	2023	Retail	40.68%	40.80%	Education	20.27%	20.63%	Office	27.45%	26.99%	Logistics	6.99%	6.56%	Healthcare	4.61%	5.01%	Total	100%	100%	No. of Properties	20	21

Total	100%	100%																								
No. of Properties	20	21																								
Fund Manager shall continue its effort to further diversify the portfolio.																										
Economic Risk	Changes in economic conditions, including, for example, inflation, new government regulations, political events and trends, tax laws and other factors can affect the fund's prospects.	Regular monitoring of macro-economic conditions and regulatory trends in laws is carried out. Proactive steps to be taken to mitigate or minimize the impact as much as possible.																								
Financing Risk	Inability to get the financing for the fund and thereby not able to achieve the desired leverage levels (subject to maximum cap of 50% of total asset value).	The fund has track record of securing the financing and is current on its debt service thereby maintaining good track record. The financing will be availed by mortgage of assets. The current LTV is 28.12% of total asset value and the fund has further scope to add leverage up to maximum cap permitted under the regulation.																								
Occupancy Risk	Risk of fall in occupancy levels of the properties and thereby impacting the rental income of the fund.	Out of 20 properties, 16 are leased on triple net basis (except the cost of insurance for Al Fares international school, Al Salam Hospital and Oasis Mall will be borne by the fund) therefore occupancy is 100%. Remaining 5 properties that are multi-tenanted are managed through property manager who is entrusted with leasing the vacant premises. as soon as possible ensuring maximum occupancy levels in these properties. There is provision of advance notice of 3 months by either party before terminating the contract. During this period alternative arrangement can be made.																								

Key Risk	Description	Mitigation
Property Manager Risk	Risk of early termination of the property manager contract may impact the operations of the properties that it manages.	Provision of advance notice of 3 months by either party before terminating the services. During this period alternative arrangement can be made.
Lease Renewal Risk	Risk of non-renewal of existing leases or renewal at lower than current lease rate may impact the rental income of the fund.	Provision of advance notice by tenants before terminating the services. During notice period alternative tenant can be searched. In some cases, the Fund Manager may accept the renewal of lease as per prevailing market conditions. Any significant impact arising due to such renewals shall be disclosed to the market.
Increase in cost of managing properties	Risk of escalations in cost of managing properties on account of various reasons for example, increase in utilities charges, un-anticipated expenses, municipality regulations, natural calamities etc.	Out of 20 properties, 16 are leased on triple net basis (except the cost of insurance for Al Fares international school, Al Salam Health Medical Hospital and Oasis Mall will be borne by the fund) therefore master lessee is responsible for operating expenses of properties. For 5 assets that are multi-tenanted, property manager shall strive to maintain the current run rate of operating expense by efficient management.
Structural Damage Risk	Any adverse event leading to structural damage to properties owned by the fund thereby risking the income generating potential from such properties may have negative impact on income profile of the fund.	<ol style="list-style-type: none"> 1. For Triple Net Leased properties: Annual inspection by Fund Manager / disclosure from master lessee 2. For Multi tenanted properties: Preventative maintenance on regular intervals.

Zakat

Due to the different investment periods in the fund from one unitholder to another and the changing of prices of the fund's units from time to time, the unit price, the time of Zakat obligation, and the beginning and end of Zakat vary according to that, and therefore the fund manager will not pay Zakat on the funds shared in the Fund, but rather leave it to each investor to extract his Zakat himself.

The Fund Manager also undertakes to provide the Zakat Authority with all reports and requirements regarding Zakat declarations upon request in accordance with the rules approved by the Zakat Authority. The fund manager will share with the unitholders the amount of zakat due on one unit for all funds that have submitted a zakat declaration through the fund manager's website www.alrajhi-capital.sa, in order to enable them to calculate the zakat due on these investments.

Rules of the Zakat Authority can also be viewed through the website:

INDEPENDENT AUDITOR'S REPORT

TO THE UNITHOLDERS
AL RAHHI REIT FUND
RIYADH, KINGDOM OF SAUDI ARABIA
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

(1-5)

OPINION

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Al Rajhi REIT Fund ("the Fund") managed by Al Rajhi Capital (the "Fund Manager") as at 31 December 2024, and its statements of comprehensive income, changes in net equity, and its cash flows for the year then ended in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

We have audited the financial statements of the fund, which comprise of the following:

- ▀ The statement of financial position as at 31 December 2024;
- ▀ The statement of comprehensive income for the year then ended;
- ▀ The statement of changes in equity for the year then ended;
- ▀ The statement of cash flows for the year then ended, and;
- ▀ The notes to the financial statements, comprising material accounting policy information and other explanatory information.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing ("ISA") that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the professional code of conduct and ethics that are endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the financial statements, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITOR'S REPORT

TO THE UNITHOLDERS
AL RAHHI REIT FUND
RIYADH, KINGDOM OF SAUDI ARABIA
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

(2-5)

KEY AUDIT MATTERS (CONTINUED)

Key Audit Matters	How our audit addressed the key audit matter
Valuation of investment properties	
<p>Al Rajhi REIT Fund owns a portfolio of investment properties comprising of commercial buildings located in the Kingdom of Saudi Arabia with carrying value of the investment's properties amounting SAR 2.986 million as of 31 December 2024 (31 December 2023: SAR 3.011 million).</p> <p>Investment properties are held for capital appreciation and or rental yields, are stated at cost less accumulated depreciation and any accumulated impairment losses.</p> <p>Investment properties are re-measured for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss, if any, is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount.</p> <p>For assessing the impairment of investment properties, the Fund manager monitors volatility of fair value of properties by engaging independent certified property valuers to perform a formal valuation of the Fund's investment properties on semi-annual basis.</p> <p>We considered this as a key audit matter since the assessment of impairment requires significant judgment by the Fund manager and the potential impact of impairment if any, could be material to the financial statements.</p> <p>Refer to the summary of material accounting policy information note 5 relating to impairment of investment properties, note 4 which contains the significant accounting judgment, estimates and assumptions relating to impairment and note 8 relating to investment properties.</p>	<p>We have carried out the following audit procedures:</p> <ul style="list-style-type: none"> • We obtained two valuation reports from independent real estate evaluators Taqueem certified for each investment properties as at 31 December 2024 and confirmed that the valuation approaches are suitable for use in determining the carrying values as at the reporting date; • We assessed the independence of the external valuers, professional qualifications, competence and experience and ensured that they are certified from Taqueem, and read their terms of engagement with the Fund to determine whether there were any matters that might have affected their objectivity or may have imposed scope limitations on their work; • Involved our specialist to assess the key assumptions and estimates, used by the real estate valuation experts in determining the fair values of the investment properties; • Assessed the recoverable amount, which is higher of fair value or value in use of the related investment properties as per the above-mentioned valuation reports. We have determined that the recoverable amount of the investment properties to be higher than the carrying amount of the same; • We reconciled the average fair value of the investment properties as per note 10 to the external valuers' reports; and • Assessing the adequacy of the disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT

TO THE UNITHOLDERS

AL RAHHI REIT FUND

RIYADH, KINGDOM OF SAUDI ARABIA

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

(3-5)

OTHER INFORMATION

Other information consists of the information included in the Fund's 2024 annual report, other than the financial statements and our auditor's report thereon. Management is responsible for the other information in the Fund's annual report

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

Fund's Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS), that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the SOCPA, the applicable provisions of the Real Estate Investment funds regulations issued by the Capital Market Authority and the fund's terms and conditions, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund's management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, i.e. the fund's board, are responsible for overseeing the Fund's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

TO THE UNITHOLDERS
AL RAHHI REIT FUND
RIYADH, KINGDOM OF SAUDI ARABIA
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

(4-5)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing "ISA" that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITOR'S REPORT

TO THE UNITHOLDERS

AL RAHHI REIT FUND

RIYADH, KINGDOM OF SAUDI ARABIA

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

(5-5)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS (CONTINUED)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have compiled with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communications.

1 CORPORATE INFORMATION

Al Rajhi REIT Fund (the “Fund” or “REIT”) is a closed-ended shariah compliant real estate investment traded fund established on 3 Rajab 1439H (corresponding to 20 March 2018). The Fund is listed on Saudi Stock Exchange (“Tadawul”) and the units of the Fund started to be traded on Tadawul in accordance with its rules and regulations on 3 Rajab 1439H (corresponding to 20 March 2018). The initial subscribed units of the Fund were 122,200,609 units at par value of SR 10 per unit resulting in capital of SR 1,222,006,090. However, during the year 2019, as a part of increasing its total assets, the Fund issued 39,656,248 new units of par value SR 10 per unit at an issue price of SR 8.8 per unit. During the year 2023, the Fund issued second additional offering units for acquiring the additional real estate assets 113,750,641 new units of par value SR 10 per unit at an issue price of SR 8.90 per unit. Thus, currently the total subscribed units of the Fund stand at 275,607,498 units. The Fund has a term of 99 years, which is extendable on the discretion of the Fund Manager following the approval of Fund Board and followed by Capital Market Authority “CMA”.

The Fund is managed by Al Rajhi Capital (the “Fund Manager”), a Saudi closed joint stock company with commercial registration no.1010241681, and a capital market institution licensed by the CMA under license no. 07068-37 dated 25 June 2007. The primary investment objective of the Fund is to provide its investors with regular income by investing in income generating real estate assets in Saudi Arabia. The Fund’s Manager’s registered office is King Fahd Branch Road, Al Muruj District, Riyadh 12214, Kingdom of Saudi Arabia.

The Fund currently has a diversified portfolio of 20 properties (2023: 21 properties) across various sectors such as retail, education, commercial offices, logistics and healthcare.

All properties of Al Rajhi REIT Fund are held in the name of Privileged Warehouse Company 2 and Gulf Fund Company for development and real estate investment (the “SPVs”). The SPVs are holding these properties for the beneficial ownership of the Fund and does not possess any controlling interest or any stake in the properties.

The Fund has appointed, KASB Capital (the “Custodian”) to act as its custodian. The fees of the custodian are paid by the Fund.

During the year, 2024, the Fund updated its terms and conditions with effective date on 25 Jumada Al-Awwal 1446H (corresponding to 14 November 2024).

2 REGULATING AUTHORITY

The Fund operates in accordance with Real Estate Investment Fund Regulations (“REIFR”) issued by the CMA. The regulations details the requirements for real estate funds and traded real estate funds within the Kingdom of Saudi Arabia.

3 BASIS OF PREPARATION

3.1 *Statement of compliance*

These financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”) as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organisation for Certified Public Accountants (“SOCPA”).

3.2 *Basis of measurement*

These financial statements have been prepared under the historical cost convention, using accrual basis of accounting and the going concern concept except for financial assets measured at fair value through profit or loss.

3.3 *Functional and presentation currency*

These financial statements are presented in Saudi Riyals (“SR”), which is the functional currency of the Fund. All financial information has been rounded off to the nearest SR, unless otherwise stated.

3.4 *Comparative information*

The Fund has presented the comparative information for the year ended 31 December 2023.

31 December 2024

4 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

In the ordinary course of business, the preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognised in the period in which the estimates are reviewed and in any future period affected. The significant accounting judgements and estimates applied in the preparation of these financial statements are as follows:

4.1 Judgments

Information about judgments made in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements. Judgement has been applied in the cases of determining whether an arrangement contains a lease and classification of leases.

4.1.1 Significant increase in credit risk

ECL are measured as an allowance equal to 12-month ECL for stage 1 assets, or lifetime ECL for stage 2 or stage 3 assets. An asset moves to stage 2 when its credit risk has increased significantly since initial recognition. IFRS 9 does not define what constitutes a significant increase in credit risk. In assessing whether the credit risk of an asset has significantly increased, the REIT takes into account qualitative and quantitative reasonable and supportable forward looking information.

4.2 Assumptions and Estimation Uncertainties

4.2.1 Useful lives of investment properties

The management determines the estimated useful lives of investment properties for calculating depreciation. This estimate is determined after considering expected usage of the assets and physical wear and tear. Management reviews the residual value and useful lives annually and change in depreciation charges, if any, are adjusted in current and future periods. The estimated useful lives of the investment properties are disclosed in note 8.1.

4.2.2 Impairment of investment properties

The Fund assesses whether there are any indicators of impairment for all investment properties at each reporting date. The assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. If any indication exists, or when annual impairment testing for an asset is required, the Fund estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely dependant of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using the appropriate discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

For investment properties, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the REIT estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

31 December 2024

4 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

4.2 Assumptions and Estimation Uncertainties (continued)

4.2.3 Impairment of financial assets held at amortised cost

The Fund recognises an allowance for expected credit loss (“ECL”) for all debt instruments not held at fair value through profit or loss. ECL are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Fund expects to receive, discounted at an approximation of the original effective interest rate (“EIR”). The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL are recognised in three stages. The expected credit loss rates are estimated using a provision matrix based on the payment profile of receivables before each reported period and corresponding historical credit losses experienced within the period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Fund has identified GDP to be the most relevant factor and accordingly adjusts the historical loss rates based on the expected changes in these factors.

The Fund recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Fund measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

In assessing whether the credit risk on a financial instrument has increased significantly since initial recognition, the Fund presumes that the credit risk on a financial asset has increased significantly since initial recognition when contractual payments are more than 30 days past due.

The financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- The debtor is unlikely to pay its credit obligation to the fund in full, without recourse by the Fund to actions such as opening a legal case against him. Or
- The financial asset is more than 180 days past due,

The expected credit loss approach breaks the total loss amount modelling into the following parts: Probability of Default (PD), Loss Given Default (LGD), Exposure at Default (EAD). These are briefly described below:

Probability of Default (PD): The likelihood of a default over a particular time horizon. It provides an estimate of the likelihood that a borrower will be unable to meet its debt obligations.

Loss Given Default: It is defined as the percentage risk of exposure that is not expected to be recovered in the event of default. It is usually expressed as a percentage of the EAD. This is an estimate of the loss arising on default. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from any collateral.

Exposure at Default (EAD): It is defined as the outstanding debt at the time of default. This is an estimate of the exposure at a future default rate, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, and expected drawdowns on committed facilities.

As at the year end, the Fund has rents receivables as financial assets carried at amortised cost. The Fund applies a general approach in calculating ECL. The Fund has established an allowance matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. The information about the ECLs on the Fund’s rent receivables is disclosed in Note 6 and 14.1 in these financial statements.

4.3 Going concern

The Fund’s manager has made an assessment of Fund’s ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on Fund’s ability to continue as a going concern.

31 December 2024

5 MATERIAL ACCOUNTING POLICY INFORMATION

5.1 *Financial instruments*

5.1.1 *Financial Instruments – Initial recognition and subsequent measurement*

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provisions of the instrument. Purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Fund commits to purchase or sell the asset.

i) *Financial assets*

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Fund's business model for managing them. In order for a financial asset to be classified and measured at amortised cost, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model. The Fund's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows.

On initial recognition, for an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in fair value in other comprehensive income ("OCI"). This election is made on an investment-by-investment basis.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in the following categories.

Financial assets measured at amortised cost

Financial assets at amortised cost are subsequently measured using the effective interest ("EIR") method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired. The Fund's financial assets at amortised cost includes cash and cash equivalents and receivables.

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss. This category includes equity instruments.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Fund's statement of financial position) when:

- The rights to receive cash flows from the asset have expired; or
- The Fund has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Fund has transferred substantially all the risks and rewards of the asset, or (b) the Fund has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

31 December 2024

5 MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

5.1 Financial instruments (continued)

5.1.1 Financial Instruments - Initial recognition and subsequent measurement (continued)

i) Financial assets (continued)

Derecognition (continued)

When the Fund has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Fund continues to recognise the transferred asset to the extent of the Fund's continuing involvement. In that case, the Fund also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Fund has retained.

ii) Financial liabilities

Initial recognition and measurement

The Fund's financial liabilities include amounts due to related parties, accrued expenses and other liabilities. Financial liabilities are measured at amortised cost.

Subsequent measurement

Financial liabilities at amortised cost

This is the category most relevant to the Fund. After initial recognition, financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

iii) Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the statement of financial position.

5.1.2 Current versus non-current classification

The Fund presents assets and liabilities in the statement of financial position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle
 - Held primarily for the purpose of trading
 - Expected to be realised within 12 months after the reporting period
- Or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
 - All other assets are classified as non-current

31 December 2024

5 MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

5.1 *Financial instruments (continued)*

5.1.2 *Current versus non-current classification (continued)*

A liability is current when:

- It is expected to be settled in the normal operating cycle
 - It is held primarily for the purpose of trading
 - It is due to be settled within twelve months after the reporting period
- Or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

5.1.3 *Cash and cash equivalents*

For the purpose of cash flow statement, cash and cash equivalents consist of bank balances.

5.1.4 *Borrowings*

Borrowings are recognised initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortised cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognised as a finance cost over the period of the borrowings using the EIR method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the statement of financial position when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the Fund has an unconditional right to defer settlement of the liability for at least 12 months after the date of the statement of financial position.

5.2 *Fair value measurement*

The Fund measures financial instruments such as equity instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or,
- In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which the fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

31 December 2024

5 MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

5.2 *Fair value measurement (continued)*

For assets and liabilities that are recognised in financial statements at fair value on a recurring basis, the Fund determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each year. The Fund determines the policies and procedures for both recurring fair value measurement, and for non-recurring measurement.

At each reporting date, the Fund analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Fund's accounting policies. For this analysis, the Fund verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. The Fund also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable. For the purpose of fair value disclosures, the Fund has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy, as explained above. Fair value related disclosures for financial instruments that are measured at fair value or where fair values are disclosed are discussed in note 7.

5.3 *Impairment of non-financial assets*

The carrying values of non-financial assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of the asset exceeds its recoverable amount which is the higher of an asset's fair value less cost to sell and value in use. Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but the increased carrying amount should not exceed the carrying amount that would have been determined, had no impairment loss been recognised for the assets or cash-generating unit in prior years. A reversal of an impairment loss is recognised as income immediately in the statement of comprehensive income.

5.4 *Investment properties*

Investment properties comprise completed properties that are held to earn rentals or for capital appreciation or both. Investment properties is stated at cost including transaction costs net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of an existing investment properties at the time that cost is incurred if the recognition criteria are met.

The cost less estimated residual value, if any, of investment properties is depreciated on a basis over the estimated useful lives of the assets. Land, on the other hand, is reported at cost. The fair value of investment properties is disclosed in note 10 and 13 in these financial statements.

5.5 *Accrued expenses and other liabilities*

Accrued expenses and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective commission rate method.

5.6 *Contract Assets*

Income recognised in excess of billing, if any, are included in current assets as accrued rental income and will be settled in the subsequent period when the invoices are issued.

5.7 *Contract Liabilities*

Billing in excess of income recognised, if any, are included in current liabilities as deferred rental income and will be recognised as income in the subsequent period when the related rent service is rendered.

5.8 *Provision*

Provisions are recognised when the Fund has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

5.9 *Zakat*

Zakat is the obligation of the unitholders and is not presented in the financial statements of the Fund.

31 December 2024

5 MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

5.10 *Revenue recognition*

The Fund's revenue mainly comprises of revenue from operating leases.

Rental revenue from lease of investment properties

As a lessor:

When the Fund acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease.

To classify each lease, the Fund makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to the ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is an operating lease. As part of this assessment, the Fund considers certain indicators such as whether the lease is for the major part of the economic life of the asset. The Fund has assessed that all of its leases are operating leases.

Properties leased out under operating leases are included in investment property in the statement of financial position. Rental income from operating leases is recognised on a straight-line basis over the lease term. When the Fund provides incentives to its tenants, the cost of incentives is recognised over the lease term, on a straight-line basis, as a reduction of rental income.

5.11 *Management fee*

On a daily basis, the Fund Manager charges the Fund, management fee at the rate of 0.8 percent per annum of the Fund's total assets value based on the last evaluation net of Fund expenses and is paid on quarterly basis.

5.12 *Custodian fee*

The Fund pays a custodian a fee annually which is accrued on a daily basis and paid quarterly to the Custodian of the Fund.

5.13 *Board of directors' fee*

The Board of directors are entitled to receive fees per meeting annually, which is accrued on a monthly basis and paid annually to the board of directors of the Fund.

5.14 *Distribution*

Dividends distribution to the Fund's unitholders is recognised as a liability in the Fund's financial statements in the period in which the dividends are approved.

The Fund has a policy of distributing dividends on semi-annually basis for at least 90% of its net profit, not including profit resulting from the sale of the underlying real estate assets.

5.15 *Net asset value*

The net asset value per unit disclosed in the financial statements is calculated by dividing the net assets of the Fund by the number of units in issue at the year-end.

5.16 *Transaction fee*

The Fund Manager charges the Fund, one-time acquisition fee at the rate of 1 percent on the acquisition or disposal price of the real estate assets.

5.17 *Finance cost*

All borrowing costs are recognised in profit or loss in the period in which they are incurred.

5.18 *Other expenses*

Expenses include legal, accounting, auditing and other fees. They are recognised in profit or loss in the period in which they are incurred on an accrual basis.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

5 MATERIAL ACCOUNTING POLICY INFORMATION (CONTINUED)

5.19 New standards, amendments and interpretations issued and effective from 1 January 2024

The accounting policies adopted, and method of computation followed are consistent with those of previous financial year except for the items disclosed below:

Description	Effective Date
<i>Amendment to IFRS 16 – Leases on sale and leaseback</i>	1 January 2024
<i>Amendments to IAS 7 and IFRS 7 on Supplier finance arrangements</i>	1 January 2024
<i>Amendment to IAS 1 – Noncurrent liabilities with covenants</i>	1 January 2024
<i>Amendments to IAS 1 Presentation of Financial Statements - Classification of Liabilities as Current or Non-current -</i>	1 January 2024
<i>IFRS S1, ‘General requirements for disclosure of sustainability-related financial information</i>	1 January 2024 subject to endorsement from SOCPA
<i>IFRS S2, ‘Climate-related disclosures’</i>	1 January 2024 subject to endorsement from SOCPA

These amendments had no material impact on the financial statements of the Fund.

5.20 New standards, amendments and interpretations effective 1 January 2025 and have not early adopted

The following standards, amendments to standards and interpretations are not yet effective and neither expected to have a significant impact on the Fund’s financial statements:

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Fund’s financial statements are disclosed below. The Fund intends to adopt these new and amended standards and interpretations, if applicable, when they become effective.

Standards / amendments to standards / interpretations	Effective Date
<i>Lack of Exchangeability (Amendments to IAS 21)</i>	1 January 2025
<i>IFRS 18 Presentation and Disclosures in Financial Statements</i>	1 January 2027
<i>IFRS 19 Subsidiaries without Public Accountability</i>	1 January 2027
<i>Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures:</i>	Effective date not yet decided

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

31 December 2024

8 INVESTMENT PROPERTIES (CONTINUED)

8.1 - The Fund has the policy of charging depreciation on building over 33 years. The depreciation is charged on depreciable amount, i.e. cost less residual value.

8.2 - All properties are held in the name of, Privileged Warehouse Company 2 and Gulf Fund Company for development and real estate investment (the "SPV's"). The SPV's are holding these properties for the beneficial ownership of the Fund and does not possess any controlling interest or any stake in the properties.

8.3 - The investment properties were tested for impairment and the Fund manager noted that certain properties carrying amount are less than its recoverable amount. based on the average fair value as at the reporting date determined by the independent valuers. Accordingly, the Fund manager made reversal of impairment of SR 65,386,669 for the year ended 31 December 2024 (2023: provision of impairment of SR 5,687,887) to adjust the value of its investment properties to its recoverable amount. The key assumptions taken for valuation as at 31 December for these investment properties are disclosed in note 13.

8.4 - The net rental income from investment properties amounted to SR 237,694,624 during the year ended 31 December 2024 (31 December 2023: SR 192,066,813).

8.5 - The investment properties represent Twenty (2023: Twenty-one) properties. Listed below are the details of these investment properties:

Properties	Type of agreement
1- Riyadh Avenue, Riyadh	Triple net lease - retail sector
2- Al Henaki Business Center, Jeddah	Triple net lease - commercial sector
3- Rowad Al Khaleej International School, Dammam	Triple net lease- education sector
4- Lulu Hypermarket, Riyadh	Triple net lease - retail sector
5- Rowad Al Khaleej International School, Riyadh	Triple net lease - education sector
6- Panda Marwah, Jeddah	Triple net lease - retail sector
7- Blue Tower, Khobar	Triple net lease - retail sector
8- Al Salam Hospitals, Riyadh	Triple net lease - healthcare sector
9- Faris International School, Riyadh	Triple net lease - education sector
10- Lulu'ah Warehouse, Riyadh	Triple net lease - logistics sector
11- Oasis Mall, Al Kharj	Triple net lease - commercial sector
12- Al Andalus, Jeddah	Multi-tenanted - commercial sector
13- Al Ahsa Square, Riyadh	Multi-tenanted - retail sector
14- Al Narjes Plaza, Riyadh	Triple net lease - retail sector
15- LULU Logistics Warehouse, Riyadh	Triple net lease - retail sector
16- Panda, Kahmis Mushait	Triple net lease - retail sector
17- Rama Plaza, Riyadh	Multi-tenanted - retail sector
18- Panda Madain Fahad, Jeddah	Triple net lease - retail sector
19- Panda Rawdah, Jeddah	Triple net lease - retail sector
20- Baream Rowad Al Khaleej Intl Kindergarten, Riyadh	Triple net lease - education sector

8.6 – On 25 November 2024, the Fund completed the sale of the Anwar property located in Riyadh with a total area 9,981,76 sqm. This transaction was executed in accordance with the Sale and Purchase Agreement ("SPA"). The property's carrying value at disposal was SR 46,341,559. The Fund received proceeds of SR 64,000,000, resulting in a recognized gain on disposal of SR 17,658,442.

31 December 2024

9 DERIVATIVE INSTRUMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS

The Fund uses derivative financial instruments, such as profit rate swaps, to hedge its profit rate risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The resulting gain/loss is recognised in the statement of comprehensive income.

On 12 October 2022, the Fund entered into a profit rate swap contract with a nominal value of SAR 193 million in order to fix the facility profit margin. The contract is affected on 22 March 2023. The purpose of the contract is to manage the cash flow risk of the Fund.

10 EFFECT ON NET ASSET VALUE IF INVESTMENT IN REAL ESTATE PROPERTIES ARE FAIR VALUED

In accordance with the Real Estate Investments Funds Regulations issued by CMA in the Kingdom of Saudi Arabia, the Fund Manager evaluates the Fund's assets based on an average of two evaluations prepared by independent evaluators. As set out in the terms and conditions of the Fund, net asset value declared are based on the market value obtained. However, in accordance with accounting policy of the Fund, investment properties are carried at cost less accumulated depreciation and impairment if any in these financial statements.

The fair value of the investment properties is determined by two selected appraisers for each of the 20 properties. The appraisers that evaluated these properties are Knight Frank Valuation Company and Barcode for Real Estate Valuation Company (2023: Knight Frank Valuation Company and Barcode for Real Estate Valuation Company). They are accredited independent valuers with a recognised and relevant professional qualification and with recent experience in the location and category of the investment properties being valued.

The valuation models have been applied in accordance with the Royal Institution of Chartered Surveyors ("RICS") Valuation Standards, in addition to recently published International Valuation Standards issued by International Valuation Standards Council ("IVSC") and applied by Saudi Authority for Accredited Valuers ("TAQEEM"). These models comprise both the income capitalisation approach and depreciated replacement cost ("DRC").

10.1 As at 31 December 2024, the valuation of the investment properties are as follows:

<i>31 December 2024</i>	<i>Appraiser 1 SR</i>	<i>Appraiser 2 SR</i>	<i>Average SR</i>
Investment properties	2,942,170,000	3,340,103,000	3,141,136,500
<i>31 December 2023</i>	<i>Appraiser 1 SR</i>	<i>Appraiser 2 SR</i>	<i>Average SR</i>
Investment properties	2,904,000,000	3,334,080,000	3,119,040,000

The Fund Manager has used the average of the two valuations for the purposes of disclosing the fair value of the investment properties. The investment properties were valued taking into consideration number of factors, including the area, type of property and valuation techniques using significant unobservable inputs, including the financial and fragmentation plot analysis, the income method, and value in use method. The fair value and cost analysis of the investment properties is presented in note 10.2. The inputs used in the above level 3 fair valuation are disclosed in note 13.

***The Fund inherited the loan of SR 399,906,600 from Al Rajhi Real Estate Income Fund, which was converted into REIT by way of in-kind contribution in 2018. The loan was drawn down in 2 tranches. Tranche 1 was of SR 254,500,000 and Tranche 2 of SR 145,406,600. This loan was assigned to Privileged Warehouse Company 2, a SPV acting on behalf of the Fund. The SPV of the Fund continues to service the liability of this loan. Tranche 1 of the loan is secured by pledge of Jarir Book Store Building, Al Mutlaq Building, Anwar Mall, Narjes Mall, Rama Mall. Tranche 2 of the loan is secured by pledge of Al Faris International School Building.

AI RAJHI REIT FUND
(Managed by Al Rajhi Capital)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

31 December 2024

12 RELATED PARTY TRANSACTIONS AND BALANCE (CONTINUED)

The Tranche 1 was successfully rolled over at its maturity on 20 December 2020 for further period of 5 years at a fixed rate having maturity date of 20 December 2025 for the bullet principal repayment.

On 23 March 2021, the Fund, had availed a SR 145.4 million Shariah-compliant facility from Al Rajhi Bank, at the term of the facility is 5 years. During the tenure of the loan, profit will be paid on a semi-annual basis with a bullet principal repayment at the end of the facility term. This facility is used to refinance the existing loan tranche that was maturing on 23 March 2021. Fund's income-generating properties are already pledged for the existing tranche, in addition to a promissory note as a guarantee. The facility has a variable profit rate of 6 months SIBOR + margin.

The finance cost is being paid over five years on a semi-annual basis on both of the above tranches.

On 30 October 2018, the Fund has obtained a Shariah facility of SR 57,007,000 from Al Rajhi Bank, an affiliate of the Fund Manager. The facility has a variable profit rate of 3M SAIBOR+ margin, the term of the facility was 7 years. The facility was closed and merged with another facility on 9 February 2020.

On 19 August 2019, the Fund has obtained a Shariah facility of SR 57,551,000 from Al Rajhi Bank. The facility has a variable profit rate of 6 months SIBOR + margin, the term of the facility is 7 years.

On 6 November 2019, the Fund has obtained a Shariah facility of SR 118,602,000 from Al Rajhi Bank, an affiliate of the Fund Manager. The facility has a variable profit rate of 3M SIBOR+ margin, the term of the facility is 7 years. The facility was closed and merged with another facility on 3 February 2020.

On 18 December 2019, the Fund has obtained a Shariah facility of SR 92,302,508 from Al Rajhi Bank. The facility has a variable profit rate of 6-month SIBOR + margin, the term of the facility is 7 years.

On 22 December 2019, the Fund has obtained a Shariah facility of SR 65,884,999 from Al Rajhi Bank. The facility has a variable profit rate of 6 months SIBOR + margin, the term of the facility is 7 years.

On 4 February 2020, the previous facility of SR 100,000,000 and SR 18,602,000 were obtained and then substantially on 9 February 2020, the facility of SR 18,602,000 was merged with existing facility of SR 57,007,000 making the total new facility of SR 75,609,000. The facilities have a variable profit rate of 6 months SIBOR + margin %, the term of the facility was 7 years. The above drawdowns are secured by pledged of Luluah warehouse, LULU logistics warehouse, Panda Madain, Al Andalus Jeddah, Panda Khamis Mushait.

On 7 February 2022, the Fund has obtained a Shariah facility of SR 105,145,000 from Al Rajhi Bank, which was used to acquire Oasis Mall and to pay the related transaction cost. The facility has a variable profit rate of 6 months SIBOR + margin, the term of the facility is 7 years.

13 FAIR VALUE MEASUREMENT

Financial assets consist of rental income receivables and other assets. Financial liabilities consist of deferred rental income and management fee payable. The fair values of financial assets and financial liabilities are not materially different from their carrying values.

The following table shows the fair value of financial instruments and investment properties disclosed as at year end:

31 December 2024	Level 1 SR	Level 2 SR	Level 3 SR	Total SR
Investment held at FVTPL (Note 7)	-	130,106,379	-	130,106,379
Investment properties (Note 10.1)	-	-	3,141,136,500	3,141,136,500
Total	-	130,106,379	3,141,136,500	3,271,242,879

AI RAJHI REIT FUND
(Managed by AI Rajhi Capital)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

31 December 2024

13 FAIR VALUE MEASUREMENT (CONTINUED)

<i>31 December 2023</i>	Level 1 SR	Level 2 SR	Level 3 SR	Total SR
Investment held at FVTPL (Note 7)	-	58,714,363	-	58,714,363
Investment properties (Note 10.1)	-	-	3,119,040,000	3,119,040,000
<i>Total</i>	-	58,714,363	3,119,040,000	3,177,754,363

The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2. If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. Changes in assumptions about these inputs could affect the fair value of items disclosed in these financial statements and the level where the items are disclosed in the fair value hierarchy.

The fair value of derivative instruments at fair value through income statement is based on significant observable inputs and therefore classified within level 2 of the fair value hierarchy as at 31 December 2024.

There were no transfers between various levels of fair value hierarchy during the current year or prior year.

For assets not carried at fair value but for which fair value is disclosed i.e. investment properties, the valuation was determined using discounted cash flow (DCF) and income capitalisation approach based on significant unobservable inputs and accordingly is included in Level 3 of the fair value hierarchy. The key inputs include:

Discount rates reflecting current market assessments of the uncertainty in the amount and timing of cash flows (range used by the two evaluators is 8.75%-11.50 %).

Capitalisation rates based on actual location, size and quality of the properties and considering market data at the valuation date (range used by the two evaluators is 7% -9%).

Future rental cash inflows based on the actual location, type, and quality of the properties and supported by the terms of any existing lease, other contracts, or external evidence such as current market rents for similar properties.

Estimated vacancy rates based on current and expected future market conditions after expiry of any current lease.

Maintenance costs including necessary investments to maintain functionality of the property for its expected useful life.

Terminal value considering assumptions regarding maintenance costs, vacancy rates and market rents.

There were no changes to the valuation techniques during the year.

14 FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Fund's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Fund's financial performance.

Financial instruments carried in these financial statements principally include cash and cash equivalents, rental income receivables, investment measured at fair value through profit or loss, accrued management fee, accrued expenses and Borrowings. The particular recognition methods adopted are disclosed in the individual policy statements associated with each item.

AI RAJHI REIT FUND
(Managed by Al Rajhi Capital)

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

31 December 2024

14 FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (CONTINUED)

14.1 Credit risk

Credit risk is the risk that one party to financial instruments will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund is exposed to credit risk on the following:

	<i>31 December 2024 SR</i>	<i>31 December 2023 SR</i>
Cash and cash equivalents	125,000	125,000
Rental income receivables – Net (note 6)	35,357,145	59,750,915
Contract assets	33,462,453	19,744,576

The following table details the risk profile of rental income receivables based on the Fund's expected credit loss matrix:

	<i>31 December 2024 Expected credit loss</i>	<i>31 December 2023 Expected credit loss</i>
Less than 30 days	54,424	512,232
Between 31 to 180 days	4,320,850	5,062,584
More than 180 days	12,191,843	10,546,103
	<u>16,567,117</u>	<u>16,120,919</u>

The carrying amount of financial assets represents the maximum credit exposure.

The Fund seeks to limit its credit risk with respect to rent receivables by charging rent in advance, and by monitoring outstanding balances on an ongoing basis with the actual results for the Fund. Further, the Fund limits its credit risk with respect to, as the Fund expects the receivables to be fully recoverable as these are secured by promissory notes from the related parties.

Credit risk is managed on a fund basis. For banks and financial institutions, only independently reputable related parties with a sound credit rating are accepted.

For corporate and retail customers, the Fund assess the risk control and the credit quality of the customer by taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Fund Board. The compliance with credit limits by wholesale customers is regularly monitored by line management.
