Fund Manager's Letter

Dear Unitholders,

We are pleased to announce that Alkhabeer REIT Fund (the "Fund") has successfully completed its fourth year of operations. The Fund was listed on the Saudi Stock Exchange (Tadawul) on 20 March 2019 by way of an initial public offering, investing in seven income-generating real estate assets with a total value of around SAR 1 billion. In August 2020, the Fund Manager increased the Fund's Total Asset Value by SAR 722.8 million (first increase) by increasing the financing amount, offering in-kind units and making the first subsequent offering to investors, for the purpose of acquiring three additional properties in the City of Riyadh, raising the number of Fund properties to ten income generating real estate assets. In June 2021, the Fund also increased its total asset value by SAR 335.5 million by increasing the financing amount, in addition to offering in-kind Units and by way of the Fund's Second Subsequent Offering to investors, for the purpose of acquiring two additional properties in the City of Jeddah, raising the number of Fund properties to twelve income generating real estate assets.

The Fund's properties are located in Riyadh, Jeddah and Tabuk. These assets are diversified across a number of sectors, including the retail, office, residential, education and logistics sectors. The Fund's Total Asset Value as at 31 December 2021 amounted to around SAR 2.0 billion. The geographic and sectoral diversification of the real estate properties reduces risks and minimizes the adverse effects of seasonal or aggregate market changes on the properties, and helps the Fund achieve its objectives in the medium and long terms.

The Fund distributed accumulated cash dividends for the period from 1 January to 31 December 2022, amounting to 4.80% of capital. Cash dividends remain low compared to 2019 primarily due to three main factors:

- I) The performance of some of the tenants was affected by the COVID-19 pandemic, with the Fund Manager receiving a number of requests from property tenants for lowering the rental value and/or rescheduling the payment of overdue rents. After considering those requests with the tenants, the Fund Manager agreed to reschedule some of the rental payments and/or grant reductions and waivers, which remain extended to date.
- II) Cash dividends were affected by the inability to collect rents from the master tenant (lessee of 100% of the property) of Gallery Mall in Tabuk. On 7 April 2021, the Fund Manager announced that a decision was made to terminate the lease agreement with the master tenant of this property, in order to protect the interests of the Unitholders and reach a higher collection rate by assigning this property to new operators capable of improving its operational efficiency, as compared to the previous tenant, and thus maximize rental yield over the coming years. This will have a negative effect on the Fund in the short term given the lower rental yield in comparison to the previous lease agreement. Cash flow forecasts for this property were also affected by the master tenant's failure to pay rescheduled rents resulting from its failure to complete development activities. It is noted that the Fund Manager had filed a lawsuit in this respect, which was still pending as at 31 December 2022.
- III) The performance of some tenants was affected by higher lending costs, which occasionally caused delay in rental payment, thus adversely affecting the Fund's cash flow forecasts.

Notwithstanding, the Fund paid cash distributions in 2022 amounting to 4.80% of the Fund's capital.

All the Properties are 100% leased, with the exception of 3 of the 12 properties, namely Almalga Residential Compound, Palazzo Plaza and Gallery Mall, with occupancy rates of 73%, 80% and 62% respectively as at December 2022. The improvement works performed by the Fund Manager in 2022 resulted in increasing the occupancy rate of Almalga Residential Compound which had decline to 53% in Q2 following the departure of a major tenant. The Fund Manager is currently working with the property managers of Almalga Residential Compound, Palazzo Plaza and Gallery Mall to increase occupancy and attract additional tenants to maximize occupancy rates within the shortest possible time period.

The Fund Manager continues to source select investment opportunities in line with the Fund's long term strategy to enable the Fund Manager to generate competitive and attractive returns to Unitholders, and expand and diversify the Fund's asset base.

This Annual Report aims to provide details on the performance and operations of the Fund as at 31 December 2022. We would like to thank all Unitholders for their continued patronage.

Fund Manager
Alkhabeer Capital

(A) Key Fund Information

1. Fund Overview

Alkhabeer REIT is a closed-ended public Shari'ah-compliant real estate investment traded fund, established under the applicable laws and regulations of the Kingdom of Saudi Arabia and subject to Capital Market Authority (CMA) Regulations and instructions.

2. Fund Objective

The Fund's main investment objective is to generate sustainable rental income yield and periodic cash distributions of not less than 90% of the Fund's annual net profits, by investing not less than 75% of the Fund's total asset value, according to its last audited financial statements, in income-generating real estate assets in the Kingdom of Saudi Arabia (excluding Makkah and Medina).

3. Fund Investment Strategy

The Fund Manager seeks to achieve the Fund's investment objectives, which mainly focus on generating periodic rental income, by creating a diversified investment portfolio of real estate assets which satisfy due diligence requirements, including real estate valuation, investment feasibility, technical studies, legal reviews and other due diligence. The Fund's real estate investment portfolio includes investments in the residential, office, retail and education segments in Riyadh, Jeddah and Tabuk. The Fund will seek to invest in the future in other real estate property, which may include property investments outside the Kingdom of Saudi Arabia, as well as other investments, subject to the investment restrictions.

4. Key Service Providers

9. Statement on Special Commissions Obtained by the Fund Manager during the Period, Clearly Showing their Types and Uses

N/A.

10. Conflict of Interest

In its ordinary course of business, the Fund transacts with related parties. The Fund Manager and the Fund Board find that transactions with third parties are carried out under the same conditions of transacting business with other parties. Transactions with related parties are subject to the limits defined in the regulations and instructions issued by the regulatory authorities concerned in the Kingdom of Saudi Arabia. In addition, good governance best practices are also applied and adopted by the Fund Manager in the performance of its activities. The annual financial statements contain a note on financial transactions with related parties.

During the Fiscal Year ended 31 December 2022, the Fund Board did not find any transactions with related parties involving any event of conflict of interest. The Fund Board acknowledges that all financial transactions and contracts entered into with the Fund are subject to the policies and procedures applicable to conflict of interest.

(D) Fund Highlights

1. Fund Highlights and Any Fundamental, Non Fundamental, Material or Significant Changes Affecting the Performance of the Fund

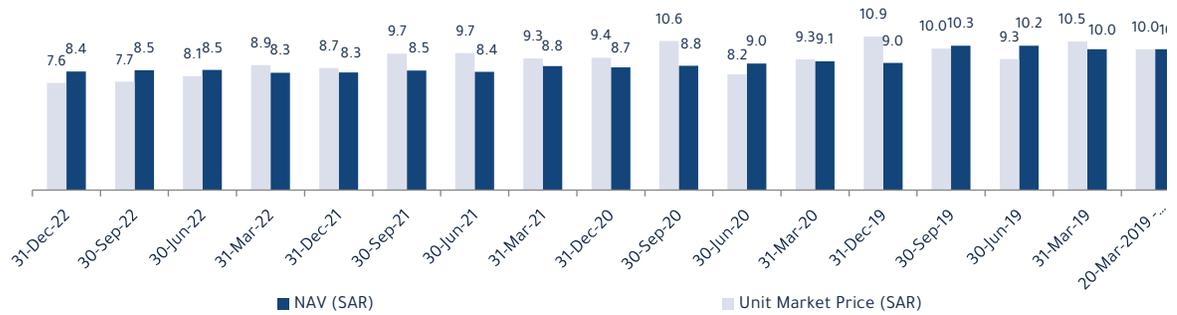

l) In respect of the increase of the Fund's total asset value, the Fund's properties and the Updating of the Fund's Terms and Conditions

Announcement Date	Details
3 March 2022	Further to the Fund Manager's announcement on 25 July 2021 of the Fund Board's approval on 05 Dhul Hijjah 1442H, corresponding to 15 July 2021 to increase the Fund's total asset value by acquiring three (3) properties (a shopping mall in the City of Riyadh, a shopping mall in the City of Jeddah, and a residential compound in the City of Khobar) for a sum total of SAR 1.53 billion, for which memoranda of understanding were signed by and between their owners and the Fund Manager. Also, further to the announcement that the Fund Manager will disclose any material developments in this respect. The Fund Manager announced that the Fund Board has approved the Fund Manager's recommendation to proceed with the acquisition of the shopping mall in the City of Riyadh and the shopping mall in the City of Jeddah.

* Including cash dividends, declared by the Fund Manager on 31 January 2023, to be distributed to Alkhabeer REIT Unitholders at a rate of 1.05% of the initial Unit Price (SAR 0.105 per Unit), for the period from 1 October 2022 to 31 December 2022.

4. Price Performance Comparison

* As at 29 December 2022

(E) MARKET OVERVIEW

1. SAUDI ECONOMIC OVERVIEW

Saudi Arabia's economy retained growth momentum in 2022. According to the General Authority for Statistics (GASTAT), real GDP increased by 8.7% in 2022, driven by strong growth witnessed across oil, non-oil, and government services activities. The strengthening consumer and business confidence supported resilient non-oil GDP growth of 5.4% YoY compared with 7.2% YoY in 2021. Oil GDP grew by 15.4% YoY in 2022 on the back of high international oil prices and ramp-up in oil production. Saudi crude oil production averaged 10.4 million barrels per day in 2022, up 14.6% YoY compared with the output in 2021.

The government's fiscal budget for 2023 constitutes planned expenditure of SAR 1,130 billion, with focus on improving spending efficiency and promoting economic growth. The government's commitment to spending on healthcare, education, and social development remains unwavering. The targeted spending towards supporting objectives such as a diversified economy and better quality of life is in line with the Kingdom's Vision 2030 initiative. The government estimates to post a budget surplus of SAR 16 billion (0.4% of the GDP) in 2023.

In September 2022, credit rating agency S&P affirmed its A-/A-2 unsolicited long- and short-term foreign and local currency sovereign credit ratings for the Kingdom. The outlook remains positive on the back of robust GDP growth and fiscal dynamics, supported by improved oil and non-oil sector dynamics, recovery from the COVID-19 pandemic, and reforms initiated by the government.

The IMF expects the Saudi economy to grow 2.6% in 2023 and 3.4% in 2024. Meanwhile, the fiscal budget shared by the Saudi Ministry of Finance for 2023 predicts real GDP growth of 3.1% in 2023, supported by the Vision 2030 initiative and domestic spending by the National Development Fund (NDF) and the Public Investment Fund (PIF).

2. REAL ESTATE SECTOR IN SAUDI ARABIA

Saudi Arabia's real estate market continued to perform well in 2022, driven by higher residential and commercial demand and increase in number of international visitors to the Kingdom. The rise in real estate mortgage transactions, launch of government-backed projects, strong oil and non-oil economic activities, and improving business conditions aided further economic recovery and mitigated the impact of higher interest rates. In its latest World Economic Outlook report, the International Monetary Fund (IMF) revised its projections for Saudi GDP growth to 2.6% in 2023 and 3.4% in 2024. As per the 2022 budget document published by the Saudi Ministry of Finance, real GDP is expected to grow by 3.1% in 2023 on the back of support from government policies and resilient oil prices.

The residential market gained from robust demand for housing units from Saudi nationals and expats and accelerated pace of completion of residential projects in the Kingdom. According to the Saudi Central Bank (SAMA), banks granted 154,392 new mortgage financing contracts worth SAR 120.3 million to individuals in 2022. Construction activities for the residential sector remained strong during 2022, as multiple projects were delivered by the Ministry of Housing.

Commercial activities continued to increase in 2022 with office rents growing YoY in Riyadh and Jeddah in 3Q22. The rise in company registrations and robust foreign investment inflow in 2022 highlighted the strong business sentiment in the Saudi economy. The hospitality sector recovered in 9M22 with occupancy and average daily rate (ADR) gaining in the Riyadh and Jeddah markets. Easing travel restrictions and the government's efforts to attract more tourists and pilgrims to the Kingdom are expected to boost the sector from 2023. The Ministry of Tourism and Saudi Tourism Authority recently facilitated the launch of a new transit visa that aims to attract 100 million visitors to the Kingdom by 2030 and help consolidate its position as a leading global tourist destination.

The Real Estate Price Index, developed by the Saudi General Authority for Statistics (GASTAT), increased 1.1% YoY in 2022, attributed to a 2.1% YoY growth in the residential sector. The index's growth was mainly supported by higher demand for mortgages provided by banks and financial institutions and the government's strategic importance to boost home ownership among Saudi nationals under Vision 2030. Commercial, retail and hospitality markets continued to

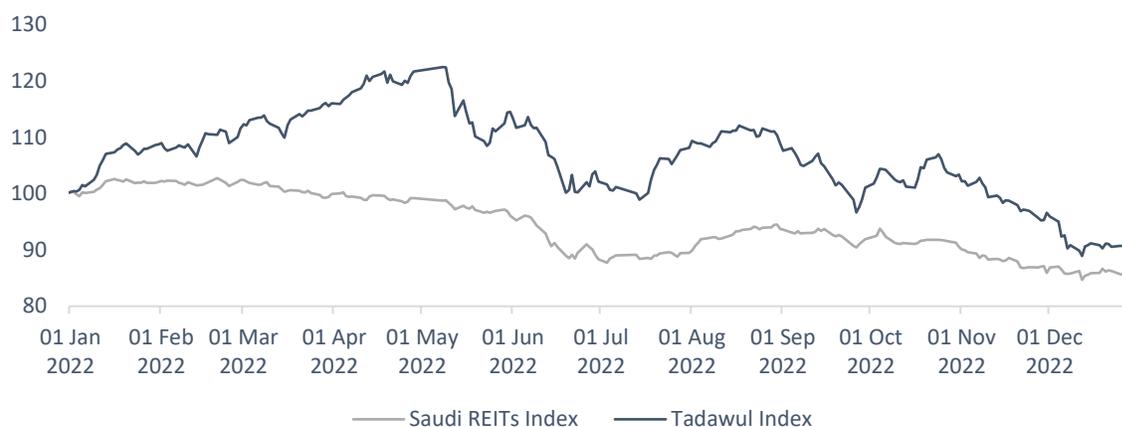

recover, driven by robust office space demand, improving consumer confidence, and expectations of robust international tourist inflow.

3. KSA REITS PERFORMANCE

KSA REITs were negatively impacted in 2022 due to the rising benchmark interest rates by the SAMA and other central banks globally to contain the inflationary pressure. Supply chain issues arising from the pandemic-led restrictions and the Russia-Ukraine conflict led to a spike in commodity prices and high inflation. Overall, the REITs index declined by 13.8% YoY in 2022 compared with 7.6% YoY growth reported in 2021. Moreover, the TASI REITs index underperformed the broader market.

4. PRICE PERFORMANCE COMPARISON

KSA REITS INDEX V/S TADAWUL ALL SHARE INDEX

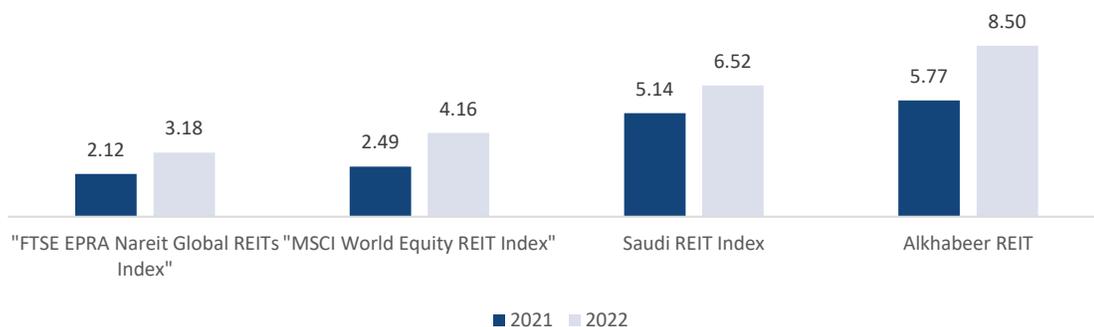

5. KSA REITS V/S GLOBAL REITS

REITs across the globe remained resilient from an operational perspective despite the economic headwinds in 2022. We believe strong operational performance and balance sheets will help REITs navigate uncertainties in 2023. The KSA REITs index's dividend yield improved to 6.52% as at end-2022 from 5.14% as at end-2021. Moreover, compared with global market REIT indices, the KSA REITs index continued to offer a better dividend yield.

The KSA REITs index outperformed the MSCI World REIT Equity Index and FTSE EPRA Nareit Global REITs Index in 2022. Rental income of REITs benefited from the robust investment in the sector, highlighted by the 6% YoY growth in real estate transactions in 2022, as per data shared by the Ministry of Justice. In 2023, we expect rental income to continue an upward trajectory, driven by the resilient economic activity in the Kingdom. We believe the anticipated persistent recovery in KSA REITs, and a healthy dividend yield make the sector an attractive investment option for global investors.

DIVIDEND YIELD (%)

6. GLOBAL AND SAUDI REITS INDICES RETURNS IN 2022

Notes:

- Saudi REIT Index closed at 3,975 on 29 Dec 2022, down 13.8% from 4,612 on 30 Dec 2021.
- MSCI REIT Index closed at 1,083 on 30 Dec 2022, down 27.8% from 1,501 on 31 Dec 2021.
- FTSE EPRA Nareit Global REITs Index closed at 2,912 on 30 Dec 2022, down 23.7% from 3,817 on 31 Dec 2021.

(F) Risk Assessment Report

Expected Risks	Risk Description	Risk Mitigation Techniques
<p>Rent Collection Risks</p>	<p>Inability of the tenants to pay rents due to the Fund in accordance with the lease agreements signed with them, whether because of the tenant's insolvency or given the lack of liquidity when the rent becomes due. As such, the Fund will not be able, or will fail, to fulfill its periodic or targeted distribution obligations towards Unitholders in the future in accordance with the Terms and Conditions of the Fund.</p>	<ul style="list-style-type: none"> • The Fund Manager entered into long term lease agreements with key tenants. The Fund Manager continually endeavors to ensure that the Fund has a diverse and solid tenant base, including government and private sector tenants. This is considered the best strategy to minimize risks of tenant default. • To implement specific marketing strategies through relevant property managers and operators to maintain and increase the occupancy rate of the Fund's properties. • The average lease term of the Fund's properties was around 10 years. • As collateral for payment of the rental values of the assets, 259 promissory notes were signed for a total value of SAR 1,644 million to guarantee rental payments. • The Fund Manager also closely monitors the performance of the Fund's assets. Moreover, the Fund Manager regularly meets with the agents and operators of the properties to closely monitor the assets' performance and take immediate action to ensure that the Fund achieves its aspired objectives. • The Fund Board approved a rent collection policy and an escalation policy in the event of failure of any tenant to pay rent when due.
<p>Exit Risks</p>	<p>Inability of the Fund Manager to timely liquidate the initial assets in accordance with the Fund's strategy. This risk becomes more significant as the Fund approaches the end of its specified term.</p>	<ul style="list-style-type: none"> • The Fund Term is very long (99 years, renewable), during which the Fund Units will continue to be traded on the Exchange, giving Unitholders the ability to exit at the time of their choosing at prevailing market prices.

Expected Risks	Risk Description	Risk Mitigation Techniques
Interest Rate Risks	Risks of fluctuation of the value of financial instruments due to the changes in the rates of return, which are affected by the interest rates.	<ul style="list-style-type: none"> • To mitigate high interest rate risks, the Fund Manager signed a Shari’ah compliant hedging agreement: <ol style="list-style-type: none"> 1. In respect of the first financing amount drawn from Al Rajhi Bank in the sum of SAR 340 million, the Fund Manager signed on 19 November 2019, a Shari’a compliant hedging agreement with Banque Saudi Fransi to fix the profit margin of the signed credit facilities. 2. In respect of the second financing amount drawn from Al Rajhi Bank in the sum of SAR 397.5 million, the Fund Manager signed on 27 July 2021, a Shari’a complaint hedging agreement Al Rajhi Bank to fix the profit margin of the signed credit facilities.
Geographic and Sector Concentration Risks	Risks related to the concentration of the Fund’s assets in a particular geographic or real estate sector.	<ul style="list-style-type: none"> • The Fund Manager endeavors to maintain low geographic concentration levels, thus reducing the severity of the effect caused by an economic recession potentially affecting a given geography or a specific real estate sector, on the Fund’s assets. • The Fund’s assets are distributed across the retail, office, residential, education and logistics sectors in Jeddah, Riyadh and Tabuk. The Fund Manager aims to expand the scope of diversification by acquiring properties in new areas and sectors.
Regulatory and Geopolitical Risks in the Country of Investment	The risks of suffering potential adverse effects caused by new government regulations, polices and taxes or a sociopolitical instability, on the Fund’s performance and/or liquidity.	<ul style="list-style-type: none"> • At present, the Fund invests all of its assets in the Kingdom of Saudi Arabia. Investment abroad will not exceed 25% of Fund Size, in accordance with the Real Estate Investment Traded Funds Instructions. • The Fund manages the various risks related to the country in which it invests, including any changes in regulations, policies and taxes, by closely monitoring the regulatory / political / taxation conditions in the Kingdom of Saudi Arabia and anticipating and preparing for any possible change.

Expected Risks	Risk Description	Risk Mitigation Techniques
Economic Risks	The risks of suffering a potential effect caused by a macroeconomic deterioration, on the performance and valuation of the initial assets, and consequently on the Fund.	<ul style="list-style-type: none"> The Fund Manager continues to closely monitor the macroeconomic condition in general, and any development in the real estate sector in particular, to ensure proper decisions are made accordingly.
Operational Risks	Operational risks are the risks of incurring a direct or indirect loss as a result of unforeseen operating or capital expenses for the improvement and maintenance of the properties, whether for a cause related to the Fund's service provider, or for other externalities, in addition to the credit, liquidity, currency and market risks, such as those which may arise as a result of the legal and regulatory requirements.	<ul style="list-style-type: none"> The Fund Manager, Alkhabeer Capital, has an outstanding track record and vast experience in asset management. To ensure application of best practices, some of the key functions which require specialized expertise, were assigned to experienced and reputable service providers with good track records. The Fund's overall objective is to manage the operational risks to strike a balance in minimizing the financial losses and damages which may be caused to the Fund's reputation by achieving the Fund's investment objective, namely realizing returns to Unitholders. The Fund Manager also closely monitors the performance of the initial assets through periodic visits. It also holds regular meetings with the property managers to assess any issues / events which may lead to poor Fund performance.
Regulatory Compliance Risks	Failure of the Fund to comply with applicable laws, rules and regulations in effect in the countries where it aims to invest. Such risks include the legal, regulatory and Shari'a compliance risks.	<ul style="list-style-type: none"> The Fund Manager continues to monitor the Fund's compliance with applicable laws and regulations and the Fund's Terms and Conditions. It will also take all necessary action to fulfill these requirements.
Valuation Risks	The risks that the Fund's market value drops far below the Fund's Net Asset Value (NAV), which could occur as a result of an exaggerated valuation of the initial assets above their actual market value.	<ul style="list-style-type: none"> The Fund Manager addresses these risks by: <ul style="list-style-type: none"> Before Acquisition: Carrying out due diligence and valuation. After Acquisition: Focusing on realizing benefits and increasing the value in the long term for Unitholders, as well as on its ability

Expected Risks	Risk Description	Risk Mitigation Techniques
		<p>to generate sustainable periodic rental income yield with the capacity to achieve long term growth.</p> <ul style="list-style-type: none"> The risks of valuation of the Fund Units below the Net Asset Value (NAV) are subject to the overall market sentiment and the prevailing views on the real estate investment traded funds sector as a whole and the properties sector in general. When compared to global valuation, real estate investment traded (REIT) funds are traded in most countries at a price that is lower than the NAV.
Liquidity Risks	Liquidity risks relate to the potential inability of the Fund to secure sufficient cash resources to fully pay its obligations when they become due, or the Fund's inability to do so except with extremely unfavorable and harsh conditions.	<ul style="list-style-type: none"> The Fund Manager monitors the liquidity requirements by ensuring the availability of sufficient funds to fulfill any obligations when they arise, either through the allocation of a cash reserve, disposal of investment properties, or obtaining short term loans.
Fund Manager Risks	Unitholders may not have the opportunity to participate in the day-to-day operations or decisions of the Fund or exercise any control thereon, including the investment decisions and actions taken by the Fund Manager, which may affect the Fund's performance.	<ul style="list-style-type: none"> The Fund Manager has developed systems and controls to ensure the Fund's continued compliance with regulations at all times, and manage the Fund's risks accordingly. The Fund Manager relies on the expertise of its highly experienced investment team to best serve the interests of Unitholders and realize the Fund's long term growth aspirations. When certain functions / activities are assigned to third parties, the Fund Manager shall perform the proper due diligence on those service providers and ensure their acceptance of, and compliance with, the Fund Manager's work conditions.
Development Risks	Relate to the Fund's assets under development, including the delay in the completion of works beyond the approved time	<ul style="list-style-type: none"> The Fund invests the majority of its assets in developed properties. Investment in assets under development shall not exceed 25% of Fund Size, in accordance with applicable laws and regulations.

Expected Risks	Risk Description	Risk Mitigation Techniques
	<p>schedule, any estimated development cost overrun, the inability to sign lease contracts to generate expected revenues, the failure of any of the contractors, in addition to factors related to the construction sector which are beyond the Fund Manager's control (including bad weather conditions, environmental changes, and unavailability of building materials in the market), obstructing the completion of the development works, and thus resulting in the inability to generate the projected revenues upon completion of the development activities.</p>	<ul style="list-style-type: none"> The Fund Manager shall assign the development works to experienced service providers capable of completing works.
<p>Legal Risks</p>	<p>Relate to potential cases arising from disputes related to the contracts signed by the Fund with counterparties.</p>	<ul style="list-style-type: none"> The Fund Manager shall have the contracts reviewed by the Fund's Legal Advisor before their signing to ensure the protection of the Fund's rights. In the event of a dispute, the Fund Manager shall appoint a qualified legal advisor to follow up the case.
<p>COVID-19 Pandemic Risks</p>	<p>The spread of the COVID-19 pandemic or any other pandemic may cause the Fund's properties to suspend operation or fail to achieve their projected income, due to curfew or restriction of movement in the areas where the Fund properties are located, or as a result of other consequences of the pandemic. This will give rise to a period of economic slowdown with a material adverse effect</p>	<ul style="list-style-type: none"> The Fund Manager will adopt a number of strategies to minimize the effects of such events, including for example: <ul style="list-style-type: none"> Signing long term lease agreements with master tenants. Continually endeavoring to ensure that the Fund has a diverse and solid tenant base in the public and private sectors. Asset class and geographic diversification. The Fund Manager ensures maintaining low levels of geographic concentration, with the assets distributed in diverse real estate sectors. The Fund's assets are

Expected Risks	Risk Description	Risk Mitigation Techniques
	<p>on amounts available for distribution to Unitholders.</p>	<p>currently distributed in the retail, office, residential, education and logistics sectors, in Jeddah, Riyadh and Tabuk. The Fund Manager seeks to expand the diversification sphere by acquiring properties in new regions and sectors.</p> <ul style="list-style-type: none"> • Continuously managing and monitoring the Fund's cash flows and effectively communicating with all tenants of the Fund's real estate assets during the crisis period, as well as endeavoring to find appropriate solutions (if applicable) to maximize benefit to the Fund. • Strict compliance with the preventative measures and other government rules.

(G) Fund's Property Overview

First Property: Almalga Residential Compound

City of Riyadh

Property Overview

Property Location	Almalga District, Wadi Hajr Street, off King Fahad Road, Riyadh
Location Coordinates	24°48'55.08"N 46°36'51.06"E
Use	Residential
Ownership	Freehold
Property Description	Gated Residential Compound
Property Components	18 buildings comprised of 252 furnished residential units divided as follows: <ul style="list-style-type: none"> – 224 units offering three bedrooms – 10 units offering two bedrooms – 18 units (studio) in the basement

Property Description	Office Commercial Center
Property Components	6 retail outlets and 45 offices
Number of Floors	5 Floors and Mezzanine
Property Facilities	Outdoor and underground car parking spaces
Land Area	4,320 m ²
Total Built-Up Area	15,712 m ²

Eighth Property: Elegance Tower

City of Riyadh

Property Overview

Property Location	Morooj District, King Fahad Street, Riyadh
Location Coordinates	24°45'28.64"N 46°39'3.72"E"
Use	Office
Ownership	Freehold
Property Description	Office Tower
Property Components	Offices
Number of Floors	27 Floors and a 5-storey car parking with 720 parking spaces
Property Facilities	The Property includes car parking spaces, a restaurant, a swimming pool, a health club and a helipad
Land Area	5,695 m ²
Total Built-Up Area	58,163 m ²

Ninth Property: Vision Education Colleges (formerly Al-Farabi)

City of Riyadh

Property Overview

Property Location	Ishbilia Street, Arab Sea Road, Riyadh
Location Coordinates	24°47'31.5"N 46°48'08.2"E
Use	Education
Ownership	Freehold
Property Description	Education Colleges
Property Components	93 offices, 67 classrooms and 26 laboratories
Number of Floors	(Five Floors), Two Basement and Ground, Two Floors and a 352-Car Parking Lot
Property Facilities	The Property includes a rest area, a cafeteria and a prayer room
Land Area	17,046 m ²
Total Built-Up Area	15,375 m ²

Tenth Property: Vision Colleges Training Building (formerly Al-Farabi)

City of Riyadh

Property Overview

Property Location	Ishbilia Street, Arab Sea Road, Riyadh
Location Coordinates	24°47'33.1"N 46°48'04.5"E
Use	Education
Ownership	Freehold
Property Description	Training building for education colleges
Property Components	In process of completing the development works in order for the building to be allocated for the training clinics
Number of Floors	Four floors (Basement, Ground Floor and two Floors)
Land Area	11,340 m ²
Total Built-Up Area (As per the Building Permit)	48,770.76 m ²

Eleventh Property: Vision Education Colleges, Jeddah

City of Jeddah

Property Overview

Property Location	Rayan District, East of Al-Haramain Expressway, Jeddah
Location Coordinates	21°39'30.6"N 39°12'16.7"E
Use	Education
Ownership	Freehold
Property Description	Education colleges
Property Components	Reception + Administration Offices + Clinics + Laboratories + Classrooms + 4 Elevators
Number of Floors	Thirteen Floors + Basement + Ground Floor
Land Area	3,020.18 m ²
Total Built-Up Area (As per the Building Permit)	13,875 m ²

Twelfth Property: Akun Warehouses

City of Jeddah

Property Overview

Property Location	Intersection of King Faisal Road and South Corniche Road, King Faisal Naval Base District
Location Coordinates	21°19'50.2"N 39°11'26.1"E
Use	Logistics
Ownership	Freehold
Property Description	Cold Storage
Property Components	36 Cold Stores + Administration Offices
Number of Floors	One Ground Floor + Mezzanine
Land Area	21,118.53 m ²
Total Built-Up Area (As per the Building Permit)	12,888.83 m ²

(H) Financial Statements For Fiscal Year Ending 31 December 2022

INDEPENDENT AUDITOR'S REPORT

To: The Unitholders
Alkhabeer Reit Fund – Expressed in Saudi Riyal
 (Managed by Alkhabeer Capital Company)
 Jeddah, Kingdom of Saudi Arabia

Opinion

We have audited the financial statements of **Alkhabeer Reit Fund (a real estate investment traded fund) (“The Fund”)** managed by **Alkhabeer Capital Company (“The Fund Manager”)**, which comprise the statement of financial position as at December 31, 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity attributable to unitholders and statement of cash flows for the year then ended, and the accompanying notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2022, and its financial performance and its cash flows for the year then ended in accordance with the International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Fund in accordance with the professional code of conduct and ethics, that are endorsed in the Kingdom of Saudi Arabia, that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. Below are the descriptions of each key audit matter and how our audit procedures addressed the matters mentioned:

Key Audit Matters	How We Addressed Key Audit Matters
<p>Investment properties and right of use asset</p> <p>Impairment of investment properties and right of use asset.</p> <p>As at 31 December 2022, the book value of investment properties and right of use asset held by the Fund amounted to SAR 1.845 million (2021: SAR 1.846 million).</p>	<p>Our audit procedures in response to the assessed risk of material misstatement in the valuation of investment properties and right of use asset comprised of:</p> <ul style="list-style-type: none"> ▪ Obtained an understanding of the management processes for identification and mitigation of the severity of valuation risk.

Key Audit Matters (Continued)

Key Audit Matters	How We Addressed Key Audit Matters
<p>Investment properties and right of use asset is measured initially at cost including transaction costs. Subsequent to initial recognition, investment properties is presenter at cost less accumulated depreciation and impairment losses, if any. However, the fair value of the investment property and right of use asset is disclosed along with its impact on net assets per unit.</p> <p>In accordance with the requirements of relevant IFRSs of impairment on its properties at each reporting date. In case such indicators are identified, the recoverable amount of these properties must be determined.</p> <p>As part of its assessment of impairment indicators, the Fund reviews both the internal and external indicators of impairment including, but not limited to, net cash outflows or operating losses, physical wear and tear of assets and adverse market changes or conditions. Moreover, the assessment of recoverable amounts require the use of complex valuation techniques.</p> <p>Since the evaluation of impairment indicators and recoverable amounts, where necessary, involves the exercise of significant judgment, it was consider a key audit matter.</p> <p>Notes 8 and 9 to the financial statements illustrate significant judgements and assumptions applied in the determination of the recoverable amounts of the investment properties and right of use asset and note 4 illustrates the details of related accounting policies.</p>	<ul style="list-style-type: none"> ▪ Performed test of details on the acquisition costs and ensured that all costs are appropriately capitalized. ▪ Assessed the Fund Manager's determination of the following: <ul style="list-style-type: none"> - The factors taken into consideration when assessing indicators of impairment, and - The base used to determine cash generating units, which is the level used to calculate the recoverable amount. ▪ Assessed the recoverable amount determined by the Fund by using valuation reports prepared by independent valuers and assessed the model, assumptions and estimates used in the calculation of fair values less cost of disposal ('fair value') and value in use. ▪ Assessed the key assumptions and estimates used, including discount rate, rental income, operating expenditures. Checked sensitivity analysis, including assessment of the effect of reasonably possible changes in the discount rate and operating expenditures on the forecasted cash flows to measure the impact. ▪ Compared the recoverable amount of each cash-generating unit with its listed book value. ▪ We have reviewed the financial statement disclosures. ▪ We have reviewed the disclosures of key assumptions and judgements.

Key Audit Matters (Continued)

Key Audit Matters	How We Addressed Key Audit Matters
<p>The Fund uses valuation reports from the independent valuers appointed by the Fund Manager to measure the fair value of properties at the reporting date.</p> <p>We considered this as a key audit matter since the valuation requires significant judgment with respect to the appropriateness of the method used, and any inaccurate inputs in this judgment could result in material misstatement of the financial statements disclosure.</p> <p>Revenue</p> <p>For the year ended December 31, 2022, rental income amounted to SAR 118.8 million (2021: SAR 117.8 million).</p> <p>Revenue recognition</p> <p>Revenue includes rental income from investment properties.</p> <p>The Fund records the rent resulting from the lease contracts using the straight-line method. After initiation of the lease, the Fund recognizes variable lease payments that are not based on a specific index or rate (payments based on performance or usage, for example) when earned. When the Fund provides incentives to its tenants, the cost of incentives is recognized using the straight-line method as a reduction for rental income.</p> <p>The contracts include a fixed price, and the customer pays this amount based on the payment schedule. If the services provided by the Fund exceed the amount paid, an accrued rental income is recognized, but if the payments exceed the provided service, an unearned rental income is recognized.</p> <p>Revenue is measured at the transaction price agreed upon under the contract. The disclosed amounts appear as revenue after deducting the variable consideration and payments to customers, which are not for distinct services. This consideration may include discounts, trade allowances, discounts and amounts collected on behalf of a third party.</p>	<ul style="list-style-type: none"> ▪ Assessed the independence, professional qualifications, competence and experience of the Fund's independent valuers, also ensured the valuers were certified by the Saudi Authority for Accredited Valuers (TAQEEM). We used our specialists on this field to review the assumptions used in valuing the investment properties and right of use asset. ▪ Evaluated the observable inputs used in the valuations, such as rental income, occupancy rates, items details, and lease duration by referring to lease agreements for a sample of properties. <p>We have performed the following procedures to evaluate the risk of material misstatement regarding revenue recognition:</p> <ul style="list-style-type: none"> • Evaluated the appropriateness of the Fund's revenue recognition policies from contracts with the Fund to assess whether they are consistent with IFRS 15 "Revenue from contract with customer". • Assessed material opinions taken by management through examining leases. • Performed test of details (on a sample basis) with regard to contractual terms and conditions and their accounting treatment. We evaluated the method of revenue recognition before and after the year end to assess whether the revenue was recognized in the appropriate period or not. In addition, we examined the appropriateness of disclosures included in the financial statements. • Performed detailed analytical procedures on revenue. • We have reviewed the key assumptions and judgments.

Other information included in the Fund's 2022 Annual Report

Other information consists of the information included in the Fund's 2022 Annual Report, other than the financial statements and our report thereon.

The Fund Board of Directors is responsible for the other information. The Fund's 2022 Annual Report is expected to be made available to us after the date of this report.

Our opinion on the accompanying financial statements does not cover the other information and we will not express any form of assurance regarding them.

Regarding our audit of the financial statements, our responsibility is to read the other information referred to above when it becomes available to us. In doing so, we consider whether this information is materially inconsistent with the accompanying financial statements, information obtained during our audit, or otherwise materially misstated.

When we read the annual report when it is available to us, and if we find any material misstatement therein, we are required to report on this matter.

Responsibilities of the Fund Manager and Those Charged with Governance for the Financial Statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants, the applicable provisions of the investment fund regulations issued by the Capital Market Authority and the Fund's terms and conditions and information memorandum, and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (Fund Board of Directors) are responsible for overseeing the Fund's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements – continued

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Auditor's Responsibilities for the Audit of the Financial Statements – continued

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

1. THE FUND AND ITS ACTIVITIES

Alkhabeer REIT Fund (the "Fund") is a closed-ended Sharia compliant real estate investment traded fund, established in accordance with the rules and regulations enforced in the Kingdom of Saudi Arabia as well as under the guidelines of the Capital Market Authority ("CMA"). The Fund has been established on December 16, 2018 and managed by Alkhabeer Capital Company ("Alkhabeer Capital" or the "Fund Manager"), for the benefit of the Fund's unitholders. The Fund is listed on the Saudi Stock Exchange (Tadawul). The Fund is ultimately supervised by the Fund Board of Directors. Alinma Investment Company acts as the Custodian of the Fund.

The Fund's main investment objective is to generate rental income yield and periodic cash distributions of not less than 90% of the Fund's annual net profit, by investing not less than 75% of the Funds total assets, according to its last audited financial statements, in income generating real estate assets in the Kingdom of Saudi Arabia excluding Makkah and Medina.

The terms and conditions of the Fund were approved by the Capital Market Authority ("CMA") on October 16, 2018 (corresponding to Safar 8, 1440 H), and the initial offering period was 15 days, starting from November 11, 2018 and ending on November 29, 2018. The Fund started its activities on December 16 2018, and the Fund was listed on Tadawul on March 20, 2019.

In dealing with the unitholders, the Fund Manager considers the Fund as an independent entity. Accordingly, the Fund prepares its own financial statements. Furthermore, unitholders are considered owners of the assets of the Fund and distributions is made in relation to their respective ownership in the total number of outstanding units.

The Fund's term is ninety-nine (99) year follow the date of listing units on Saudi Tadawul. The term of the Fund may be extended at the Fund Manager's discretion subject to CMA approval.

The Fund is subject to the Sharia Board's guidelines in its investments and transactions.

2. REGULATORY AUTHORITY

The Fund is governed by the Real Estate Investment Funds Regulations (the "Regulations") and REIT instructions published by CMA on Jumada al-Alkhirah 19, 1427H (corresponding to July 15, 2006) thereafter amended on Rajab 12, 1442H (corresponding to February 24, 2021), detailing requirements for all funds traded in real estate that must follow the Kingdom of Saudi Arabia.

3. BASIS OF PREPARATION

Basis of compliance

The accompanying financial statements for the Fund have been prepared in accordance with the International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (SOCPA), and the provisions specified by the Fund regulations issued by the CMA, the terms and conditions of the Fund and the information memorandum.

Basis of measurement

These financial statements of the Fund have been prepared on a historical cost basis except for the items which measured at fair value, present value, net realizable value, and replacement cost in line with the accrual basis of accounting and going concern basis.

Functional and presentation currency

The accompanying financial statements are presented in Saudi Riyal, which is the Fund's functional and presentation currency.

ALKHABEER REIT FUND

(Managed by Alkhabeer Capital Company)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

(Expressed in Saudi Riyal)

Fair value measurement

The fair value represents the amount that may be collected from selling an asset or paying it to transfer a liability between informed parties under the same terms of business with others. The fair value measurement depends on the following conditions:

- The principal market for assets or liabilities, or
- The most advantageous market for assets and liabilities in the absence of a primary market, or
- Use discounted cash flows in the absence of a major market or the most advantageous market.

Assets or liabilities measured at fair value

- Separate assets or liabilities.
- A group of assets or a group of liabilities or a group of assets and liabilities.
- A set of accounting policies and notes that require calculating the fair value of financial and non-financial assets and liabilities.
- The Fund uses market inputs that are observable as far as possible when measuring the fair value of assets and liabilities.

The Fund determines fair value using valuation techniques. The Fund also uses the following levels which reflect the importance of inputs used in determining fair value:

- **Level 1:** quoted prices (unadjusted) in an active market for similar assets or liabilities.
- **Level 2:** valuation methods based on inputs other than quoted prices included in Level 1 that can be observable for assets and liabilities, directly or indirectly.
- **Level 3:** valuation techniques that use inputs that have an important impact on fair value but are not based on observable inputs.

The Fund recognizes transfers between fair value levels at the end of the reporting period at the same time as the change occurs, the Fund Manager believes that its estimates and assumptions are reasonable and sufficient.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New standards, amendment to standards and interpretations

The Fund has applied the following standards and amendments for the first time for their annual reporting period commencing January 1, 2022:

a) Amendments to IFRS 3, IAS 16, IAS 37

- IFRS 3, 'Business combinations' update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations.
- IAS 16, 'Property, plant, and equipment' prohibit a fund from deducting from the cost of the property, plant, and equipment amounts received from selling items produced while the Fund is preparing the asset for its intended use. Instead, a fund will recognize such sales proceeds and related cost in profit or loss.
- IAS 37, 'Provisions, contingent liabilities and contingent assets' specify which costs a fund includes when assessing whether a contract will be loss-making.

The adoption of above amendments does not have any material impact on the financial statements during the year.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

Standards issued but not yet effective

Following are the new standards and amendments to standards which are effective for the annual periods beginning on or after January 1, 2023 and earlier application is permitted, however, the Fund has not early adopted them in preparing these financial statements.

a) Amendments to IAS 1, ‘Presentation of financial statements’ on classification of liabilities

These narrow-scope amendments to IAS 1, ‘Presentation of financial statements’, clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the expectations of the entity or events after the reporting date (for example, the receipt of a waiver or a breach of covenant). The amendment also clarifies what IAS 1 means when it refers to the ‘settlement’ of a liability.

b) Amendments to IAS 1, Practice statement 2 and IAS 8

The amendments aim to improve accounting policy disclosures and to help users of the financial statements to distinguish between changes in accounting estimates and changes in accounting policies.

c) Amendments to IAS 12 - deferred tax related to assets and liabilities arising from a single transaction

These amendments require the Fund to recognize deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences.

Cash and cash equivalents

Cash and cash equivalents includes bank balances, deposits held at call with banks with a maturity of three months, which are subject to an insignificant risk of changes in value.

Investment properties

Investment properties are land, buildings, or both or part of them held either to earn rental income or for capital appreciation, or both, but not for sale in the normal course of business or in use in the production, supply of goods, provision of services, or administrative purposes.

Investment properties are measured initially at cost, including transaction costs. Investment properties are subsequently carried at cost, less accumulated depreciation and accumulated impairment losses, if any. This cost includes the cost of replacing parts of investment properties and borrowing costs related to long-term construction projects, if the evidentiary criteria are met. When it is necessary to replace significant parts of investment properties in stages, the Fund recognizes such parts as separate assets with definite useful lives and depreciated accordingly. All repair and maintenance costs are recognized in profit or loss when incurred.

Investment properties are derecognized either when they are disposed of (i.e. when control is transferred to the receiving entity) or they are permanently withdrawn from use and no future economic benefits are expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period in which the derecognition is discontinued. The amount of consideration to be included in the profit or loss on derecognition of investment properties is determined in accordance with the requirements for determining the transaction price in IFRS 15 – “Revenue from Contracts with Customers”.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

Transfers are made to (from) investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the assumed cost for subsequent accounting is the fair value at the date of change in use.

When owner-occupied properties become investment properties, the Fund accounts for such properties in accordance with the policies applicable to property, plant and equipment up to the date of the change in use.

The following are the estimated useful life for major fixed assets items

Item	Useful life
Buildings	40 years

Owned lands are not depreciated.

Impairment of non-financial assets

Assets subject to depreciation and amortization are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized in profit or loss for the amount that exceeds the carrying amount of the asset over its recoverable amount. Recoverable amount is the fair value of the asset less costs to sell or value in use (whichever is higher). In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are independent cash flows (cash-generating units). Prior impairment in non-financial assets (other than goodwill) are reviewed to reflect the potential impairment at each reporting date.

An impairment loss recognized in prior periods is evaluated at each reporting date to determine whether there are indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the carrying amount of the asset does not exceed the carrying amount that could have been determined, net of depreciation or amortization, had the impairment loss not been recognized previously.

Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be withdrawn. In this case, the fee is deferred until the withdrawn occurs.

To the extent that there is no evidence that it is probable that some or all of the facility will be withdrawn, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it belongs.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

IAS 23, "Borrowing Cost", requires any incremental transaction cost to be amortized using the Effective Interest Rate (EIR). The Fund accounts for finance cost (interest cost and amortization of transaction cost) as per the effective interest rate method. For floating rate loans, EIR determined at initial recognition of loan liabilities is used for the entire contract period. Borrowing cost incurred for any qualifying assets are capitalized as part of the cost of the asset.

Accrued expenses and other credit liabilities

Liabilities are recognized for the amount to be paid in the future for services received, whether billed by the supplier or not.

Derivative financial instruments and hedge accounting

The Fund uses derivative financial instruments, such as interest rate swaps, to hedge its interest rate risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Interest rate swaps are classified as cash flow hedges. The effective portion of the gain or loss on the hedging instrument is recognized in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognized immediately in the statement of profit or loss. The cash flow hedge reserve is adjusted to the lower of the accumulated gain or loss on the hedging instrument and the accumulated change in fair value of the hedged item.

Offsetting

Financial assets and liabilities are offset and net amounts are presented in the financial statements, when there is a legal enforceable right to offset the recognized amounts and intention to settle on a net basis, and to realize the asset and liability simultaneously.

Expenses

All expenses are classified as operating expenses unless another classification is consistent with the nature of the expense category and circumstances of the Fund.

Revenue recognition

Revenue includes rental income from investment properties.

The Fund recognizes the rent resulting from the lease contracts using the straight-line method. After inception of the lease contracts, the Fund recognizes variable lease payments that are not based on a specific index or rate (payments based on performance or usage, for example) when earned. When the Fund provides incentives to its tenants, the cost of incentives is recognized using the straight-line method as a reduction for rental income.

The contracts include a fixed price, and the customer pays this amount based on the payment schedule. If the services provided by the Fund exceed the amount paid, an accrued rental income is recognized, but if the payments exceed the provided service, an unearned rental income is recognized.

Revenue is measured at the transaction price agreed upon under the contract. The disclosed amounts appear as revenue after deducting the variable consideration and payments to customers, which are not for distinct services. This consideration may include discounts, trade allowances, deductions and amounts collected on behalf of a third party.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

Account receivables are recognized when services are delivered because this is the point in time at which the consideration is unconditional because the passage of time is only necessary before payment is due.

Right of use asset

The Fund recognizes right of use assets at the inception date of the lease (i.e. the date the underlying asset is available for use). Right of use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right of use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the inception date less any lease incentives received, unless the Fund is reasonably certain to obtain ownership of the leased asset at the end of the lease term. The recognized right of use assets are depreciated on a straight-line basis over its estimated useful life or the lease term, whichever is shorter. The estimated useful life of the right of use asset used by the Fund is 18 years.

Provisions and contingent liabilities

Provisions are recognized when the Fund has a present obligation (legal or contractual) as a result of past events, and it is probable that an outflow of resources involving economic benefits will be required to settle the obligation. In addition, a reliable estimate of the amount of the obligation can be made.

Lease liabilities

At the inception date of the lease, the Fund recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Fund and payments of penalties for terminating a lease, if the lease term reflects the Fund exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognized as expense in the period on which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Fund uses the internal cost of funds as the incremental borrowing rate at the lease inception date if the interest rate implicit in the lease is not readily determinable. After the inception date, the amount of lease liabilities is increased to reflect the accumulation of interest and reduction of the lease payments presented. In addition, the carrying amount of lease liabilities is remeasured if there is an adjustment, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

Significant judgment in determining the lease term of the contracts with the option to renewal

The Fund determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

Finance costs

Finance cost is recognized in the statement of profit or loss and other comprehensive income for all specific commission-bearing financial instruments using the effective interest rate method.

Trade receivable

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

Dividends

Interim and final dividends are recorded as liability in the period in which they are approved by the Fund Board of directors.

Value added tax

Revenues, expenses and assets are recognized after deducting value added tax (“VAT”) except:

- When the value added tax incurred when purchasing assets or services is not recoverable from the tax authority, in which case the value added tax is recognized as part of the cost of acquiring the asset or as part of the expense item as applicable.
- Receivables and payables mentioned showing the amount of VAT included.

The net amount of VAT that is recoverable from ZATCA or payable is included as part of accounts receivable or payable in the statement of financial position.

Zakat and income tax

According to the rules for zakat collection from investors in investment funds, investment funds are not required to pay zakat. Therefore, no provision for such provision is recorded in these financial statements.

Net equity per unit

The net equity per unit is calculated and disclosed in the financial position by dividing the net assets of the Fund attributable to unitholders by the number of issued units.

Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

A financial asset includes the followings:

- a) Cash and cash equivalents
- b) Equity instruments in another entity
- c) A contractual right to receive cash or another financial asset from another entity or to exchange financial instruments with another entity under conditions are potentially favorable to the entity.
- d) A contract that may or will be settled at entity’s owned equity instruments.

Classification and initial recognition

The Fund classifies its financial assets in the following measuring categories:

- Financial assets measured at fair value (either through profit or loss, or through other comprehensive income), and
- Financial assets measured at amortized cost.

Classification depends on the business model of the Fund to manage financial assets, and on the contractual terms of cash flows.

ALKHABEER REIT FUND

(Managed by Alkhabeer Capital Company)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022 (Expressed in Saudi Riyal)

For assets measured at fair value, gain and losses will either be recorded in profit and loss or other comprehensive income (OCI). For investment in debt instruments, this will depend on the business model in which investment is held. For investment in equity instruments, this will depend on whether the Fund has made an irrevocable election at the time of initial recognition to account for the equity instruments at fair value through OCI. The Fund reclassifies debt instruments when and only when its business model for managing those assets changes.

At initial recognition, the Fund measures its financial asset (not classified as part of fair value through profit or loss) at fair value, plus transaction costs that are directly attributable to the acquisition of the financial asset through other comprehensive income. However, in the case of financial assets classified as part of fair value through profit or loss, transaction costs are expensed in profit or loss.

Subsequent measurements

Equity instruments

The Fund subsequently measures all equity investments at fair value. Where the Fund's management has elected to present fair value gains or losses on equity investments in OCI, there is no subsequent reclassification of fair value gains or losses to profit or loss. Dividends from such investments continue to be recognized in profit or loss as other income when the Fund's right to receive payments is established. Impairment losses and reversal of impairment losses on equity investments measured at FVOCI are treated separately within the net assets.

Changes in the fair value of financial assets measured at fair value are recognized at fair value through profit and loss in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Fund's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Fund classified its debt instruments:

- **Amortized cost**

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt instrument that is measured at amortized cost and is not part of a hedging relationship is recognized in statement of profit or loss when the asset is de-recognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

- **Fair value through other comprehensive income (FVOCI)**

Assets that are held for collection of contractual cash flows and for selling the financial assets, are measured at fair value through other comprehensive income (FVOCI). Movements in carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains or losses which are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from OCI to retained earnings. Realized gain or loss are recognized in profit or loss.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

• **Fair value through statement of profit or loss**

Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss. And is not part of a hedging relationship is recognized in profit or loss and presented net in profit or loss within other gains / (losses) in the year in which it arises. Interest income from these financial assets is included as financial interest in profits or losses.

Effective interest rate method

The effective interest rate method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Impairment

The Fund assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Financial liabilities

A financial liability is classified as follows:

- Contractual obligation to deliver cash or another financial asset to another entity.
- Contractual obligation to exchange financial instruments with another entity under conditions that are potentially unfavorable.
- A non-derivative contract for which the entity is or may be obliged to deliver a variable number of the entity's own equity instruments.

Recognition and measurement

All financial liabilities are recognized initially at fair value. Subsequently, it is measured at amortized cost using effective interest rate methods. The Fund's financial liabilities include accrued expenses and other credit balances, credit facilities, lease liabilities and due to related parties.

Offsetting of financial instruments

Financial assets and financial liabilities are offset with the net amount reported in the statement of financial position only if there is a current enforceable legal right to offset the recognized amounts and an intent to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Derecognition of financial assets

The Fund derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Fund neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Fund recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Fund retains substantially all the risks and rewards of ownership of a transferred financial asset, the Fund continues to recognize the financial asset and also recognizes a collateralized borrowing for the proceeds received.

ALKHABEER REIT FUND

(Managed by Alkhabeer Capital Company)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022 (Expressed in Saudi Riyal)

On derecognition of a financial asset measured at amortized cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in the profit or loss. In addition, on derecognition of an investment in a debt instrument classified as at FVTOCI, the cumulative gain or loss previously accumulated in the investments revaluation reserve is reclassified to profit or loss. In contrast, on derecognition of an investment in equity instrument which the Fund has elected on initial recognition to measure at FVTPL, the gains or losses are recognized in profit or loss.

The Funds' financial liabilities are de-recognized only if relieved, cancelled or expired. The difference between the carrying amount of the financial liability de-recognized and the consideration paid and payable, including any non-cash assets transferred or liabilities incurred, is recognized in profit or loss.

SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of the Fund's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses and assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about the assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Fair value measurement of financial instruments

When the fair value of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow (DCF) model. The inputs to the models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and price volatility risk. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments.

Provision for expected credit losses on receivables against operating leases

The Fund uses a provision matrix to calculate ECLS of receivable from operating leases. The provision matrix is initially based on the Fund's historical observed default rates. The Fund will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., gross domestic product, inflation rate and governmental spending) is expected to deteriorate over the next year which can lead to an increased number of defaults in the real estate sector, the historical default rates are adjusted. At every reporting date, the historically observed default rates are updated and changes in the forward-looking estimates are analyzed.

The assessment of the correlation between historically observed default rates, forecasted economic conditions and ECL is a significant estimate. The amount of ECL is sensitive to changes in circumstances and forecasted economic conditions. The Fund's historical credit loss experience and forecast of economic conditions may also not be representative of the client's actual default in the future.

The useful lives of investment properties

The Fund Manager determines the useful lives of investment properties in order to calculate depreciation. This estimate is determined after considering expected usage of the assets, and physical wear and tear. The Fund Manager reviews the residual value and useful lives annually and makes the necessary changes in current and future periods.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

Impairment of investment properties

Investment properties are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the investment property exceeds its recoverable amount which is the higher of its net cost to sell or value in use. For the purpose of assessing impairment, investment properties are grouped at lowest levels for which there are separately identifiable cash flows (cash generating units). Where an impairment loss subsequently reverses, the carrying amount of the investment property or cash-generating unit is increased to the revised estimate of its recoverable amount, but the increased carrying amount should not exceed the carrying amount that would have been determined, had no impairment loss been recognized for the investment property or cash generating unit in prior periods. A reversal of an impairment loss is recognized as income immediately in profit or loss.

5. ACCOUNT RECEIVABLES

	2022	2021
Account receivables	57,960,481	56,981,126
Expected credit losses	(50,000,000)	(35,000,000)
	<u>7,960,481</u>	<u>21,981,126</u>

The movement in the provision for expected credit losses during the year is as follows:

	2022	2021
Balance at the beginning of the year	35,000,000	14,500,000
Charge for the year	15,000,000	20,500,000
	<u>50,000,000</u>	<u>35,000,000</u>

The aging analysis of account receivables is as follows:

	2022	2021
Up to 90 days	845,573	655,293
91 - 180 days	4,006,117	5,863,018
181 - 365 days	1,025,836	6,387,570
More than 365 days	52,082,955	44,075,245
	<u>57,960,481</u>	<u>56,981,126</u>

6. PREPAID EXPENSES AND OTHER DEBIT BALANCES

	2022	2021
Value add tax deposits	1,072,540	8,689,493
Prepaid property manager fees	300,001	554,438
Prepaid development cost of properties	234,277	234,277
Prepaid insurance expense	64,217	331,051
Other debit balances	5,174,822	5,174,822
	<u>6,845,857</u>	<u>14,984,081</u>

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

7. RELATED PARTIES TRANSACTIONS AND BALANCES

Transactions with related parties represent payments on behalf of a related party, administrative fees, management fees, custody fees and compensation to the Fund's Independent Board of Directors.

a) Due from a related party comprises the following:

Related party	Nature of relationship	Nature of transaction	Amount of transactions for the year ended December 31,		Balance as at December 31,	
			2022	2021	2022	2021
Awal Al Malqa Real Estate Company	Subsidiary to custodian	Expenses paid on behalf	-	(485)	18,781	18,781
					18,781	18,781

Alkhabeer Capital Company established Awal Al Malqa Real Estate Company as a limited liability Company (“a special purpose vehicle”) registered under Commercial Registration number 1010893802 on Shawwal 19, 1438 H (corresponding to July 13, 2017) for the purpose of keeping and registering investments properties related to real estate funds in the name of the Company. The Fund provided an amount of SAR 20,000 as the Company's capital.

The title deed of real-estate was registered in the name of Awal Al-Malqa Real Estate Company. The Company confirmed that it owns these properties on behalf of the Fund. As the Fund is the beneficial owner of these real estate, they have been recorded in the Fund's financial statements.

b) Due to related parties comprises the following:

Related party	Nature of relationship	Nature of transaction	Amount of transactions for the year ended December 31,		Balance as at December 31,	
			2022	2021	2022	2021
Alkhabeer Capital Company	Fund Manager	Expenses paid on behalf of the Fund	-	8,675,025		
		Management fees	9,000,081	7,709,674		
		Administration fees	300,003	256,990		
		Settlements	(7,849,342)	(16,796,649)	6,608,233	5,157,491
Alinma Investment Company	Custodian	Custody fees	490,604	445,028		
		Settlements	(346,622)	(519,401)	589,010	445,028
Fund Board of Directors	Board of Directors	Total compensations to Independent Fund Board Members	42,000	42,000		
		Settlements	(42,000)	(34,000)	42,000	42,000
					7,239,243	5,644,519

c) All transactions with related parties are approved by the Fund Manager.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

8. LEASES

a) Right of use asset

The movement in right of use asset for the Fund is as follows:

	<u>2022</u>	<u>2021</u>
Cost:		
Balance at the beginning of the year	178,665,735	178,007,408
Additions during the year	<u>1,115,755</u>	<u>658,327</u>
Balance at the end of the year	<u>179,781,490</u>	<u>178,665,735</u>
Accumulated depreciation:		
Balance at the beginning of the year	28,474,632	18,694,843
Charge for the year	<u>9,831,213</u>	<u>9,779,789</u>
Balance at the end of the year	<u>38,305,845</u>	<u>28,474,632</u>
Balance as at December 31	<u>141,475,645</u>	<u>150,191,103</u>

The major assumptions used in determining the fair value of right of use asset are as follows:

Property Name	Property Type	Valuation Method	Discount Rate	<u>Fair Value as at December 31,</u>	
				2022	2021
Gallery Mall	Commercial	Income approach	11% - 11.55%	171,925,000	168,597,000

b) Lease liability

The movement in lease liability is as follows:

	<u>2022</u>	<u>2021</u>
Balance at the beginning of the year	16,379,505	17,101,709
Paid during the year	<u>(1,579,000)</u>	<u>(1,579,000)</u>
Interest charge during the year	<u>820,613</u>	<u>856,796</u>
Total lease liability at the end of the year	<u>15,621,118</u>	<u>16,379,505</u>

Lease liability is as follows:

	<u>2022</u>	<u>2021</u>
Current portion	1,055,825	1,165,321
Non-current portion	<u>14,565,293</u>	<u>15,214,184</u>
Total lease liability	<u>15,621,118</u>	<u>16,379,505</u>

The weighted average incremental borrowing rate applied to lease liabilities was 5.01%. Total finance cost on lease liabilities for the year ended December 31, 2022 amounted to SAR 820,613 and for the year ended December 31, 2021 amounted to SAR 856,796.

Right of use asset represents a lease obligation of the Gallery Mall under a lease contract and payments were made in advance over the duration of the contract.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS

ALKHABEER REIT FUND

(Managed by Alkhabeer Capital Company)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2022

(Expressed in Saudi Riyal)

The following are the major assumptions used in determining the fair value of investment properties as at December 31, 2022:

Property Name	Valuation Method	Discount Rate
B&Q Retail Company (formerly known as Homeworks Center)	Income approach	9.8% - 12.1%
Palazzo Center	Income approach	8.25% - 11.05%
Al-Malqa Complex	Income approach	7.5% - 10.8%
Elite Center	Income approach	9.5% - 11.55%
Ahlan Court Center	Income approach	8.5% - 11.55%
Bin 2 Center	Income approach	9.25% - 12.3%
Vision Colleges (formerly known as Al-Farabi Colleges)	Income approach	7.5% - 9%
Vision Colleges Training Center (formerly known as Al-Farabi Colleges)	Income and cost approach	10%
Elegance Tower	Income approach	9.8% - 11%
Vision Educational Colleges - Jeddah	Income approach	7.5% - 9%
Akun warehouses	Income approach	7.25% - 10.5%

The valuations of the investment properties and right of use asset were carried out by White Cubes, and Advanced Abaad and Partner Company, and Valustrat Valuation Company which are valuers accredited by Saudi Authority for accredited values (TAQEEM).

The Fund appointed three independent valuers for the valuation of their investment properties and are listed as follows:

	Accredited valuer	License Number
Whites cubes for Professional Consulting	Essam Al Husaini	1210000474
Advanced Abaad and Partner Company for Real Estate Valuation	Ammar Sindi	1210000219
Valustrat for Real Estate Valuation Company	Yousus Siddiki	1210001039

IMPACT OF NET ASSETS VALUE IF INVESTMENT PROPERTIES AND RIGHT OF USE ASSET AT FAIR VALUE

In accordance with article 35 of the Real Estate Investment Funds Regulations issued by the Capital Market Authority (CMA) in the Kingdom of Saudi Arabia, the Fund manager estimates the fair value of the funds real estates based on two valuations prepared by independent valuers. However, in accordance with IFRS, investment properties and right of use assets are carried at cost less depreciation and impairment, and for the purpose of disclosing information, the fair value has been disclosed below:

a) The fair value of investment properties and right of use asset consist of the following:

	2022	2021
Cost of investment properties and right of use asset	2,042,804,635	2,040,323,415
Accumulated depreciation	(131,581,605)	(88,174,202)
Investment properties and right of use asset value	1,911,223,030	1,952,149,213
Reversal impairment / (impairment)	51,570,970	(26,092,713)
Fair value of investment properties and right of use asset	1,962,794,000	1,926,056,500

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

b) Net assets at fair value consists of the following:

	<u>2022</u>	<u>2021</u>
Equity attributable to unitholders	1,069,697,376	1,096,825,756
Unrealized gains arising from revaluation	117,779,742	80,370,280
Net asset at fair value	1,187,477,118	1,177,196,036

c) Net equity per unit at fair value (affected by fair value of investment properties and right of use asset):

	<u>2022</u>	<u>2021</u>
Equity per unit	7.5860	7.7784
Unrealized gains arising from revaluation per unit	0.8353	0.5700
Net equity per unit - at fair value	8.4213	8.3484

10. CREDIT FACILITIES

The Fund has a credit facility agreement with a local bank to obtain bank financing that amounted to SAR 737.5 million as of December 31, 2022 (as of December 31, 2021: SAR 737.5 million). These facilities were obtained mainly according to a financing agreement for the Fund. The facilities agreement is secured by rental collections, and residential and commercial investment properties are mortgaged to the bank and the facilities are charged with financing commissions according to the prevailing rates in the domestic interbank lending market (SAIBOR rate of six months + 2.25% - 2.50% annually) payable at the end of the loan term.

11. ACCRUED EXPENSES AND OTHER CREDIT BALANCES

	<u>2022</u>	<u>2021</u>
Unearned rental income	22,387,848	49,806,024
Refundable deposit	16,098,018	16,098,018
Accrued credit facilities interest	11,758,930	8,421,994
Accrued properties management fees	524,303	1,105,000
Accrued finance charges	523,182	548,581
Professional and consulting fees	354,000	424,000
Refundable insurance	343,700	343,700
Retention payable	267,732	267,732
Other credit balances	950,886	274,060
	53,208,599	77,289,109

ALKHABEER REIT FUND
 (Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
 (Expressed in Saudi Riyal)

12. OTHER EXPENSES

	FOR THE YEAR ENDED	
	DECEMBER 31,	
	2022	2021
Utilities expenses	1,356,500	1,538,295
Initial registration and listing fees – annual	707,500	694,586
Consulting and legal fees	390,557	724,350

Additional offering expenses*	-	118,279
Other expenses	941,768	955,315
	3,555,825	4,511,800

* One-time additional offering expenses include capital structuring fees, finance structuring fees and transaction costs related to due diligence of investment properties.

13. ADMINISTRATIVE FEES AND OTHER EXPENSES

The Fund is managed by the Fund manager, and management fees and costs are calculated per the terms and conditions of the Fund as follows:

a) Administrative fees

The Fund's administrator is entitled to receive fees equivalent to 0.025% annually (as stated in the Fund's terms and conditions) of the net asset value, which are calculated and accrued on every valuation day.

b) Management fees

The Fund Manager is entitled to receive fees equivalent to 9% annually (as stated in the terms and conditions of the Fund) of net rental proceeds or 0.75% of net asset value according to the last valuation of the Fund - whichever is less - on a quarterly basis.

c) Custody fees

The Custodian is entitled to receive fees equivalent to 0.025% annually (as indicated in the terms and conditions of the Fund) of the total assets, or a minimum of SAR 200,000 per year with a one-time fee of SAR 50,000 calculated and accrued on every valuation day.

d) Subscription fees

Subscription fees are exempted during the initial offering period of the Fund. The Fund Manager is entitled to receive a subscription fee of 2% of the paid and allocated subscription amounts in the event of any future proposals to increase the Fund's capital, and these subscription fees are deducted upon receipt of the subscription amount and paid to the Fund Manager, in addition to the subscription amount.

e) Capital structuring fees

The Fund Manager is entitled to obtain capital structuring fees by an amount of 1.5% of the total subscription amounts (cash and in kind) that were collected during the initial offering period or upon the collection of any other future subscription amounts, whether in cash or in kind.

ALKHABEER REIT FUND
(Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
(Expressed in Saudi Riyal)

f) Finance structuring fees

The Fund Manager is entitled to obtain a finance structuring fees by an amount of 1.5% of the withdrawn financing amount from the total amount of bank facilities compliant with the Sharia Authority controls that were obtained by the Fund or any of its affiliates.

g) Properties management fees

The Fund is entitled to all the fees related to operating, managing, maintaining and insuring all real estate owned by the Fund so that the fees are paid from the Fund's assets.

14. SHARIA COMPLIANCE

The Fund operates in accordance with the provisions of Sharia law, as determined by the Sharia advisor. The Sharia advisor has reviewed the Fund's public offering document and confirmed that it is in compliance with Sharia provisions.

15. DIVIDENDS

The Fund's Board of Directors agreed to distribute dividends and the details of these distributions are as follows:

Approval Date	The period paid for	Amount per Unit	Total
January 31, 2021	October 1, 2020 to December 31, 2020	0.125	12,871,377
April 29, 2021	January 1, 2021 to March 31, 2021	0.125	12,871,376
July 29, 2021	April 1, 2021 to June 30, 2021	0.125	17,626,106
October 31, 2021	July 1, 2021 to September 30, 2021	0.125	17,626,106
January 31, 2022	October 1, 2021 to December 31, 2021	0.125	17,626,106
May 8, 2022	January 1, 2022 to March 31, 2022	0.125	17,626,106
July 31, 2022	April 1, 2022 to June 30, 2022	0.125	17,626,106
October 31, 2022	July 1, 2022 to September 30, 2022	0.125	17,626,106

16. COMMITMENTS AND CONTINGENCIES

On November 19, 2019, the Fund entered into a profit rate swap contract with a nominal value of SAR 340 million in order to fix the facility profit margin at a fixed rate of 4.69%. The contract went into effect on January 31, 2020. The purpose of the contract is to manage the cash flow risk of the Fund, which results in profit rate.

On July 27, 2021, a "Sharia Compliant Hedging Agreement" was executed with Al-Rajhi Bank to fix the profit margin of the facilities used in the first additional offering for the amount of SAR 397.5 million at a fixed rate of 4.44%. The purpose of the hedging facility is to protect the Fund from rate fluctuations during the remaining tenor of this facility, starting from September 1, 2021 until September 7, 2025.

17. LAST VALUATION DATE

The last date for valuation during the year is December 31, 2022.

ALKHABEER REIT FUND
 (Managed by Alkhabeer Capital Company)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022
 (Expressed in Saudi Riyal)

18. RISK MANAGEMENT

The Fund's activities expose it to various financial risks, and these risks include: market risk (including currency risk, fair value risk and cash flow interest rate risk and price risk), credit risk and liquidity risk. The Fund's overall risk management program focuses on the unpredictability of financial market conditions and seeks to minimize potential adverse effects on the Fund's financial performance.

a) Market risk

• **Currency risk**

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. The Fund's transactions are mostly in Saudi Riyal.

• **Fair value and cash flow interest rate risk**

Fair value and cash flow interest rate risk are the exposures to various risks related to the effect of fluctuations in market interest rates on the financial position and cash flows of the Fund, and the Fund entered into hedging and interest rate swap agreements to mitigate these risks (Note 16).

• **Price risk**

Price risk is the risk that the fair value or a financial instrument will fluctuate because of changes in market prices. Whether these fluctuations were a result of variable factors of the instrument or its source or any other factors affecting all instrument in the market. The Fund is not subject to price risk.

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Fund is not exposed to significant credit risk. Cash at banks is deposited in banks with high credit scores and account receivables and due from a related party.

c) Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in raising funds to meet commitments associated with financial instruments. Liquidity risk may result from an inability to sell a financial asset quickly at an amount close to its fair value. Liquidity risk is managed by monitoring on a regular basis that sufficient funds are available to meet any future commitments. As at December 31, 2022, current liabilities exceeded current assets by SAR 23,251,589 and as of that date, unearned rental income and due to related parties (components of current liabilities) and amounted to SAR 29,627,019 and, therefore, and Fund does not have a significant deficit in working capital.

December 31, 2022	Book value	Less than one year	More than one year
<u>Non-derivative financial liabilities</u>			
Credit facilities	737,500,000	-	737,500,000
Due to related parties	7,239,243	7,239,243	-
Lease liabilities	15,621,118	1,055,825	14,565,293
Accrued expenses and other credit balances	53,208,599	53,208,599	-
	813,568,960	61,503,667	752,065,293

ALKHABEER REIT FUND

(Managed by Alkhabeer Capital Company)

	<u>836,813,133</u>	<u>84,098,949</u>	<u>752,714,184</u>

19. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair Value Hierarchy

The Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. This is described, as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Fund does not have any financial instruments that are valued under fair value.

20. OPERATING SEGMENTS

The Fund generates continuous rental returns and all Fund operations are executed in the Kingdom of Saudi Arabia. The Fund's operations are monitored by the Fund's management under one sector, thus, no separate information is required.

21. SUBSEQUENT EVENTS

On January 31, 2023, the Fund Board of Directors approved the distribution of dividends for the period from October 1, 2022 to December 31, 2022, at an amount of SAR 0.105 per unit and a total of SAR 14.81 million to unitholders.

The Fund is required to be registered with the Zakat, Tax, and Customs Authority and provide information declaration starting from 2023.

22. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements have been approved by the Fund Board of Directors on 3 Ramadan 1444H (March 25, 2023).
