Report on review of condensed interim financial information

To the Unitholders and the Fund Manager of
Albilad MSCI US Tech ETF

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Albilad MSCI US Tech ETF (the "Fund") as of 30 June 2026 and the related condensed interim statements of income and other comprehensive income, changes in equity attributable to the Unitholders and cash flows for the six-month period then ended and explanatory notes. The Fund Manager is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2026
(All amounts in Saudi Riyals '000' unless otherwise stated)

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

Albilad MSCI US Tech ETF (the "Fund") is an open-ended exchange traded fund established and managed by Albilad Investment Company ("the Fund Manager"), a subsidiary of Bank Albilad (the "Bank") for the benefit of the Fund's Unitholders (the "Unitholders"). The objective of the Fund is to achieve long-term growth and capital gains through the passive management of a basket of US stocks that comply with the Shariah Supervisory Committee Standards and are listed in the US Market, seeking to achieve a high performance level that simulates the performance of the Benchmark Index before calculating any dividends, fees or expenses.

The activities of the Fund conform to the rules and controls set by the Sharia Board.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund. The management of the Fund is the responsibility of the Fund Manager.

Riyad Capital is the "Custodian" of the Fund.

In December 2021, the Capital Market Authority (CMA) approved Albilad Investment Company's request to offer and register "Albilad MSCI US Tech ETF" units on Saudi Stock Exchange (Tadawul) as Exchange Traded Fund (ETF). The Fund started trading on Tadawul as an ETF on 1 Rajab 1444AH (corresponding to 23 January 2023, with the symbol 9406).

The Fund is governed by the Investment Fund Regulations (the "Regulations") issued by the Board of the Capital Market Authority (the "CMA") pursuant to Resolution Number 1-219-2006 dated 3 Dhul Hijja 1427H (corresponding to 24 December 2006). The Regulations were subsequently amended by Resolution Number 2-22-2021 of the Board of the CMA dated 12 Rajab 1442H (corresponding to 24 February 2021), effective from 19 Ramadan 1442H (corresponding to 1 May 2021), and published as the amended Investment Fund Regulations (the "Amended Regulations") by the CMA on 17 Rajab 1442H (corresponding to 1 March 2021), detailing the requirements for all funds operating within the Kingdom of Saudi Arabia. The Regulations were further amended by Resolution Number 1-54-2025 dated 23 Dhul Qi'dah 1446H (corresponding to 21 May 2025), effective from 14 Muharram 1447H (corresponding to 9 July 2025), and most recently by Resolution Number 1-135-2025 dated 3 Jumada Al-Akhirah 1447H (corresponding to 24 November 2025). The latter represents the latest amendment to the Regulations up to the date of this condensed interim financial information, and the Fund complies with the Regulations and the directives applicable to public funds issued by the CMA.

The registered office of the Fund is Albilad Investment Company, West Umm Alhamam Street – 8068 Muhammad Ibn Fuhayd, Riyadh 12329-2442 Kingdom of Saudi Arabia.

1.1 PRIMARY MARKET OPERATION (ISSUANCE AND REDEMPTION OF UNITS)

The primary market operations are carried out only by the Fund Manager, Albilad Investment Company, which is the authorised Market Maker. Issuance and redemption activities are carried out in blocks of exchange traded fund ("ETF") units. For the Fund, one block is equal to 100,000 ETF units. These activities are referred to as the issuance and redemption of units, respectively. The issuance and redemption of ETF units are carried out on an in-kind basis, whereby the Market Maker exchanges ETF units of the Fund and the corresponding basket of assets through the Custodian. The issued units are then freely floated on Tadawul for public trading.

2 BASIS OF PREPARATION

This condensed interim financial information of the Fund has been prepared in accordance with International Accounting Standard 34 – "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. This condensed interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2025. In addition, results for the six-month period ended 30 June 2026, are not necessarily indicative of the actual results for the full year ending on 31 December 2026 and final results may differ.

The condensed interim financial information has been prepared on a historical cost convention using the accrual basis of accounting, except for the fair valuation of investments held at fair value through statement of income (FVSI).

The principal accounting policies, estimates and assumptions used in the preparation of this condensed interim financial information are consistent with those of the previous financial year i.e., for the year ended 31 December 2025 except as disclosed in Note 3 below.

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE CONDENSED INTERIM FINANCIAL INFORMATION
FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2026
(All amounts in Saudi Riyals '000' unless otherwise stated)

2 BASIS OF PREPARATION (continued)

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the condensed interim statement of financial position. Instead, assets and liabilities are presented in order of liquidity.

The Fund can recover or settle all its assets and liabilities within 12 months from the reporting date.

3 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES

New standards, interpretations and amendments adopted by the Fund

The International Accounting Standards Board (IASB) has issued the following new accounting standards and amendments, which were effective for periods on or after 1 January 2026. The Fund Manager has assessed that the new standards and amendments have had no material impact on the Fund's financial information.

Standard/ interpretation	Description	Effective from periods beginning on or after
Amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures	Under the amendments, certain financial assets including those with ESG-linked features could now meet the SPPI criterion, provided that their cash flows are not significantly different from an identical financial asset without such a feature.	1 January 2026
	The IASB has amended IFRS 9 to clarify when a financial asset or a financial liability is recognized and derecognized and to provide an exception for certain financial liabilities settled using an electronic payment system.	
Annual improvements to IFRS – Volume 11	Annual improvements are limited to changes that either clarify the wording in an Accounting Standard or correct relatively minor unintended consequences, oversights or conflicts between the requirements in the Accounting Standards. The 2024 amendments are to the following standards: • IFRS 1 First-time Adoption of International Financial Reporting Standards; • IFRS 7 Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7; • IFRS 9 Financial Instruments; • IFRS 10 Consolidated Financial Statements; and • IAS 7 Statement of Cash Flows	1 January 2026

FOR THE SIX-MONTH PERIOD ENDED 30 JUNE 2026
(All amounts in Saudi Riyals '000' unless otherwise stated)

3 CHANGES IN ACCOUNTING POLICY AND DISCLOSURES (continued)

Standards issued but not yet effective and not early adopted

The listing of standards and interpretations issued which are applicable at a future date are as follows. The Fund intends to adopt these standards when they become effective. The Fund Manager is in the process of assessing the impact of these new and amended standards and interpretations on the Fund's financial statements.

Standard/ interpretation	Description	Effective from periods beginning on or after
Amendments to IFRS 10 and IAS 28- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Partial gain or loss recognition for transactions between an investor and its associate or joint venture only applies to the gain or loss resulting from the sale or contribution of assets that do not constitute a business as defined in IFRS 3 Business Combinations and the gain or loss resulting from the sale or contribution to an associate or a joint venture of assets that constitute a business as defined in IFRS 3 is recognized in full.	Effective date deferred indefinitely
IFRS 18, Presentation and Disclosure in Financial Statements*	IFRS 18 provides guidance on items in statement of profit or loss classified into five categories: operating; investing; financing; income taxes and discontinued operations. It defines a subset of measures related to an entity's financial performance as 'management-defined performance measures' ('MPMs'). The totals, subtotals and line items presented in the primary financial statements and items disclosed in the notes need to be described in a way that represents the characteristics of the item. It requires foreign exchange differences to be classified in the same category as the income and expenses from the items that resulted in the foreign exchange differences.	1 January 2027
IFRS 19, Subsidiaries without Public Accountability: Disclosures	IFRS 19 allows eligible subsidiaries to apply IFRS Accounting Standards with the reduced disclosure requirements of IFRS 19. A subsidiary may choose to apply the new standard in its consolidated, separate or individual financial statements provided that, at the reporting date it does not have public accountability and its parent produces consolidated financial statements under IFRS Accounting Standards.	1 January 2027

*The Fund Manager is currently assessing the impact of IFRS 18 on the Fund's financial statements. Based on the assessment performed to date, the principal impact is expected to relate to the presentation and structure of the statement of income, including the introduction of the newly required subtotals of 'operating profit' and 'profit before financing', together with the potential revised classification of income and expenses into the categories introduced by IFRS 18. The adoption of IFRS 18 is not expected to have an impact on the Fund's reported net income or net assets value.

The related consequential amendments to IAS 7 are also expected to result in presentational changes to the statement of cash flows, principally the change in the starting point of the indirect reconciliation from net income to operating profit.

The Fund Manager does not currently expect any subtotals of income and expenses presented in its public communications to meet the definition of management-defined performance measures under IFRS 18. This assessment will be reviewed prior to the effective date.

4 FUNCTIONAL AND PRESENTATION CURRENCY

Items included in this condensed interim financial information are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). This condensed interim financial information is presented in Saudi Riyal ("SAR") which is the Fund's functional and presentation currency. All financial information presented in SAR has been rounded to the nearest thousand.

5 INVESTMENTS HELD AT FAIR VALUE THROUGH STATEMENT OF INCOME (FVSI)

The Fund invests primarily in US stocks, concentrated in the technology sector, that comply with the Shariah Supervisory Committee Standards and are listed in the US Market.

The movement in investments held at FVSI during the period is as follows:

<i>(All amounts in SAR '000)</i>	As at 30 June 2026 (Unaudited)	As at 31 December 2025 (Audited)
Balance at the beginning of the period	22,800	13,148
Purchase of investments	2,573	9,511
Sale of investments	(1,680)	(3,828)
Unrealised gains from investments held at FVSI, net	1,161	3,969
Balance at the end of the period	24,854	22,800

5.1 Net gains from investments held at FVSI:

	For the six-month period ended 30 June	
For the six-month period ended 30 June	2026 (Unaudited)	2025 (Unaudited)

(All amounts in Saudi Riyals '000' unless otherwise stated)

7 FAIR VALUE ESTIMATION

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The estimated fair values of the Fund's financial assets and liabilities not carried at fair value are not considered to be significantly different from their carrying values. The fair value of investments held at FVSI are based on quoted prices in active markets and are therefore classified within Level 1.

The following table analyses within the fair value hierarchy the Fund's assets and liabilities (by class) at 30 June 2026 and 31 December 2025:

As at 30 June 2026 (Unaudited)	Carrying amount	Fair value			
		Level 1	Level 2	Level 3	Total
Financial assets not measured at fair value					
Cash and cash equivalents	298	-	-	298	298

8 FINANCIAL RISK MANAGEMENT

8.1 Financial risk factors

The financial risk management policies are consistent with those disclosed in the Fund's financial statements as at and for the year ended 31 December 2025.

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises the Fund Manager and is ultimately responsible for the overall management of the Fund.

Risk monitoring and control are performed primarily based on limits established by the Fund Board. The Fund has its Terms and Conditions document that sets out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

(a) Market Risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: foreign exchange risk, commission rate risk and price risk.

The Fund is exposed to market risk due to its investments held at FVSI. The Fund Manager closely monitors the price movement of its financial instruments in US Market. The Fund's Portfolio Constituents are evaluated according to the latest closing of the US Market. Accordingly, the indicative Unit price announced in the Market will reflect the closing price of the Market on the preceding day, which may be different from the Unit trading price.

(i) Foreign exchange risk

Foreign exchange risk is the risk that the value of future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates and arises from financial instruments denominated in foreign currency.

The Fund trades in Saudi Riyal, while most of the Fund's investments will be denominated in US Dollars. The Fund's currency exposure is mitigated by the SAR/USD peg; accordingly management considers foreign currency risk to be limited.

(ii) Commission rate risk

Special commission rate risk arises from the possibility that changes in the market's special commission rates will affect future cash flows or the fair value of financial instruments. The Fund is not subject to special commission rate risks, as it does not have any financial instruments that carry special commission.

(iii) Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements.

The price risk arises primarily from uncertainty about the future prices of the financial instruments that the Fund holds. The Fund Manager closely monitors the price movement of its financial instruments listed in US Market. The Fund manages the risk through diversification of its investment portfolio by investing in various industry sectors. If the fair value of the investments held at FVSI changed by 5%, with all other variables held constant, the net assets attributable to the Unitholders (equity) of the Fund would have increased / decreased by SAR 1,242,700 (31 December 2025: SAR 1,140,000).

(All amounts in Saudi Riyals '000' unless otherwise stated)

8 FINANCIAL RISK MANAGEMENT (continued)

8.1 Financial risk factors (continued)

(b) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Fund. As at 30 June 2026 and 31 December 2025, the Fund is exposed to credit risk on the following:

	As at 30 June 2026 (Unaudited)	As at 31 December 2025 (Audited)
Cash and cash equivalents	298	991
Receivable against sale of investments held at FVSI	16	16
Dividend receivable	5	6
	319	1,013

Cash and cash equivalents are held with the financial institutions with investment grade credit rating, therefore the impact of expected credit losses on these balances is insignificant. Receivable against sale of investments held at FVSI and dividend receivable were paid subsequent to the period ended 30 June 2026.

(c) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's Terms and Conditions provide for subscription and redemption of units on every Valuation Day and it is, therefore, exposed to the liquidity risk of meeting redemptions at any time. The Fund's securities are considered to be readily realisable and they can be liquidated at any time. However, the Fund Manager has established certain liquidity guidelines for the Fund and monitors liquidity requirements on a regular basis to ensure sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by obtaining financing from the related parties of the Fund. The Fund settles its financial liabilities relating to accrued management fee and other expenses on quarterly basis.

The expected maturity of the assets and liabilities of the Fund is less than 12 months.

The maturity profile of financial assets and financial liabilities is as follows:

As at 30 June 2026 (Unaudited)	Less than 7 days	7 days to 1 month	1-12 months	More than 12 months	Total
Financial assets					
Cash and cash equivalents	298	-	-	-	298
Investments held at FVSI	24,854	-	-	-	24,854
Receivable against sale of investments held at FVSI	16	-	-	-	16
Dividend receivable	5	-	-	-	5
	25,173	-	-	-	25,173
Financial liabilities					
Accrued management fee	-	-	89	-	89
Accruals and other liabilities	119	-	-	-	119
	119	-	89	-	208
Liquidity gap	25,054	-	(89)	-	24,965

	609	-	57	-	666
Liquidity gap	23,204	-	(57)	-	23,147

(d) Operational risk

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting financial losses and damage to its reputation with achieving its investment objective of generating returns to Unitholders. Operational risks are managed through a structured internal control and governance framework established by the Fund Manager and the Fund's service providers. The Fund Manager's risk management and compliance functions perform regular monitoring and reporting of operational risk incidents and control deficiencies, and remedial actions are taken as necessary to mitigate identified risks and strengthen the control environment.

8.2 Capital risk management

The Fund's equity may vary from one Valuation Day to another as a result of issuances and redemptions of units, as well as changes in the Fund's performance. The Fund's objective when managing capital is to safeguard its ability to continue as a going concern, provide returns to Unitholders and maintain a strong capital base to support the development of the Fund's investment activities.

In order to maintain its capital structure, the Fund monitors the level of issuances and redemptions relative to the liquidity of its underlying assets and the Fund's obligations.

9 FINANCIAL INSTRUMENTS BY CATEGORY

All financial assets and financial liabilities as at 30 June 2026 and 31 December 2025 are classified under amortized cost category except for investments held at FVSI which are classified as and measured at fair value.

10 SEGMENT REPORTING

The Fund carries a portfolio of equity instruments of entities listed in the US Market. The Fund Manager periodically assesses the performance and allocates resources to the business as one unit and, as such, no separate operating segments were identified for financial reporting purposes. Consequently, segment reporting as required by IFRS 8 'Operating Segments' has not been disclosed.
