**Riyadh, Saudi Arabia, 9 March 2025**: Cenomi Centers, Saudi Arabia's largest owner, operator and developer of shopping malls, published its financial results for the last three-month period and full year ended 31 December 2024 (FY-24).

Cenomi Centers demonstrated steady top line performance in FY-24 compared to FY-23, with total revenue reaching SAR 2,344.0 million up 4.0% y-o-y, driven by an increase in revenue across all streams. Net profit amounted to SAR 1,224.2 million in FY-24, reflecting a 18.4% decline primarily affected due to one-time factors. These include the write-off of non-amortized financing cost associated with an historical Islamic facility and 2024 Sukuk, totaling SAR 50.6 million, one-time increase of SAR 87.5 million in impairment loss, and a one-time increase in finance cost of SAR 36.5 million from the assessment of the time value of money in relation to payment plan arrangements agreed with some tenants to expedite rental collections. In contrast, FY-23 net profit was increased by a SAR 238.7 million gain on the sale of land. Adjusting for these items, net profit in FY-24 increased 12.3% to SAR 1,398.8 million compared to SAR 1,245.6 million in the same period last year.

Footfall has reached a historic 131.9 million visitors in FY-24, reflecting a 6.3% year-on-year increase—among the highest levels recorded by the company. This remarkable growth underscores the continued strength and excellence of the portfolio, solidifying the company's position as the leading shopping destination and the foremost gateway for local and international retailers to engage with Saudi consumers.

Cenomi Centers' unwavering focus on optimizing its retail mix through an active tenant rotation program led to a record like-for-like occupancy rate of 94.4% at year-end, the highest level in the company's history. This marks a notable year-on-year increase of 1.5 percentage points, exceeding the original guidance of 94%.

The progress of the portfolio continues with flagship developments Jawharat Riyadh and Jawharat Jeddah making remarkable strides. As of December 2024, overall structural completion levels stand at 94.0% for Jawharat Jeddah and 92.0% for Jawharat Riyadh and they will be the first gold-LEED certified malls in the Kingdom. These two assets are expected to generate yearly EBITDA in excess of SAR 650 million upon stabilization representing an incremental 40% of Cenomi Centers current EBITDA.

Jawharat Jeddah is set to attract more than 15 million visitors annually while Jawharat Riyadh will draw more than 20 million customers every year. Both assets will become the leading malls in terms of footfall and retail spend in their respective cities. These malls will redefine the future of retail in the Kingdom, emerging as Cenomi Centers' top performers in footfall, revenue and EBITDA. The current pipeline of three flagship centers and three lifestyle centers will grow Cenomi Centers' GLA by 44%, taking total GLA to 2 million sqm by 2027.

Demonstrating its continued commitment to returning shareholder value, the Board of Directors announced in March 2024 a dividends distribution policy which was subsequently approved at the Annual General Meeting in June 2024. Starting from Q2-2024, the Company has paid SAR 0.375 per share per quarter for one year. That implies an annualized dividend yield of 6.9%. based on the share price of SAR 21.70 as of 31 December 2024.

**Alison Rehill-Erguven, CEO, Cenomi Centers, commented:** "Cenomi Centers continues to experience solid growth, both financially and operationally. FY-24 has been a record-breaking year for us. We've reached a new milestone with an occupancy rate of 94.4%, the highest in the company's history, while footfall has surged to 131.9 million visitors—demonstrating the strong value proposition our malls offer across the Kingdom, meeting or exceeding international standards.

Financially, we've seen a steady 4.0% year-over-year increase in total revenue, driven by growth across all revenue streams. Additionally, our adjusted EBITDA and net profit have risen by 16.0% and 12.3%, respectively.

Our flagship projects, Jawharat Jeddah and Jawharat Riyadh, are progressing as planned with both construction and leasing efforts on track to be delivered in December 2025 and April 2026, respectively.

As we close out FY-24, we are proud of the significant progress we've made and the strong foundation we've built for the future. The achievements of this year reinforce our commitment to delivering exceptional value to our stakeholders and positioning Cenomi Centers for continued success in the years ahead. We remain focused on driving operational excellence, expanding our footprint, and enhancing the experience we offer to our customers across the Kingdom."

## **Financial review**

Looking at the full year results, total revenue increased at a steady rate of 4.0% to SAR 2,344.0 million during FY-24 compared to SAR 2,253.7 million in FY-23. Main driver of revenue growth came from media sales with 22.2% increase over 2023 and a surge in utilities and other revenue by 51.7% due to the increase in occupancy, penalties, and new additional charges which were implemented recently related to engineering work services.

FY-24 net profit totaled SAR 1,224.2 million compared to SAR 1,501.0 million representing a 18.4% decrease. This decrease is mainly attributed to certain one-time factors. These include the write-off of non-amortized financing cost associated with an historical Islamic facility and 2024 Sukuk, totaling SAR 50.6 million, one-time increase of SAR 87.5 million in impairment loss, and a one-time increase in finance cost of SAR 36.5 million from the assessment of the time value of money in relation to payment plan arrangements agreed with some tenants to expedite rental collections. In contrast, FY-23 net profit was increased by SAR 238.7 million gain on the sale of land. Adjusting for these items, net profit in FY-24 increased 12.3% to SAR 1,398.8 million compared to SAR 1,245.6 million in the same period last year.

Net finance costs reached SAR 690.1 million in FY-24 compared to SAR 357.1 million driven by the write-off of nonamortized financing cost and the assessment of the time value of money discussed above, and by the rise in average cost of debt and the increase in total debts reflecting a company in a near-peak investment stage with respect to its two flagship development projects, Jawharat Riyadh and Jawharat Jeddah.

An increase in impairment loss on accounts receivable reached SAR 321.8 million in FY-24, compared to SAR 189.7 million in FY-23, due to adoption of a more cautious approach to managing credit loss estimates associated with receivable balances which resulted in a one-time increase of SAR 87.5 million in impairment loss.

The decrease in net profit for FY-24 compared to FY-23 was partially offset by revenue growth, net fair value gain on investment properties of SAR 565.3 million in FY-24 compared to SAR 369.9 million in FY-23 and a reduction in expenses including advertisement and promotional expenses by 65.0% to SAR 22.9 million in FY-24 compared to SAR 65.5 million in FY-23, while general and administrative costs were down 26.5% to SAR 256.1 million in FY-24 compared to SAR 348.5 million in FY-23 due to substantial decrease in government expenses and professional fees.

EBITDA in FY-24 amounted to SAR 1,409.1 million, a 8.8% reduction compared to SAR 1,545.4 million in FY-23. Adjusted for the gain from sale of land amounting to SAR 238.7 million in FY-23 and a one-time increase of SAR 87.5 million in impairment loss following the adoption of a more cautious approach for managing credit loss estimates associated with receivable balances in FY-24, EBITDA was up by 16.0% y-o-y in FY-24.

Cenomi Centers is currently in the midst of its peak investment phase, mainly driven by the active construction phase of the Jawharat flagship developments. This has resulted in an increase in net debt to SAR 11.5 billion as of FY-24, from SAR 8.9 billion in FY-23.

The Board announced in March 2024, and subsequently approved at the Annual General Meeting on 30 June 2024, its dividends distribution policy. Starting from Q2-2024, the company has paid SAR 0.375 per share per quarter for one year. That implies an annualized dividend yield of 6.9% based on the share price of SAR 21.70 as of 31 December 2024.
