About Acwa

Acwa (TADAWUL: 2082) is a Saudi-listed company and the world's largest private water desalination company, the first mover into green hydrogen, and a leader in the global energy transition. Registered and established in 2004 in Riyadh, Saudi Arabia, Acwa employs over 4,000 people and is currently present in 15 countries in the Middle East, Africa, Central Asia, and Southeast Asia. Acwa's portfolio comprises 109 projects in either operation, advanced development, or under construction, with assets under management (AUM) of SAR 454.7 billion (USD 121.3 billion) and the capacity to generate 96 GW of power (of which 52.3 GW is renewables) and manage 9.7 million m³/day of desalinated water. The energy and water capacity generated by Acwa's assets is delivered on a bulk basis to address the needs of state utilities and industries on long-term, off-taker contracts under utility services outsourcing and public-private partnership models.
