Independent auditor's report to the Unitholders and Fund Manager of Albilad MSCI US Tech ETF

Our opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Albilad MSCI US Tech ETF (the "Fund") as at 31 December 2024, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards, that are endorsed in the Kingdom of Saudi Arabia, and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (SOCPA).

What we have audited

The Fund's financial statements comprise:

- the statement of financial position as at 31 December 2024;
- the statement of comprehensive income for the year then ended;
- the statement of changes in equity attributable to the Unitholders for the year then ended;
- the statement of cash flows for the year then ended; and
- the notes to the financial statements, comprising material accounting policy information and other explanatory information.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing, that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund and Fund Manager in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards), endorsed in the Kingdom of Saudi Arabia (the "Code"), that is relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with the Code's requirements.

Our audit approach

Overview

Key Audit Matter	Investments held at fair value through statement of income (FVSI)
------------------	---

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we considered where Fund Manager made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

We tailored the scope of our audit in order to perform sufficient work to enable us to provide an opinion on the financial statements as a whole, taking into account the structure of the Fund, the accounting processes and controls, and the industry in which the Fund operates.

Independent auditor's report to the Unitholders and Fund Manager of Albilad MSCI US Tech ETF (continued)

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the Key audit matter
<p>Investments held at FVSI</p> <p>As at 31 December 2024, the Fund held investments amounting to Saudi Riyals 13.15 million which have been classified as held at FVSI. These investments are carried at fair value with the corresponding fair value change recognized in the statement of income. The fair value of these investments is determined through obtaining market observable prices.</p> <p>The valuation of the Fund's investments is considered a key audit matter due to the significance of such investments to the Fund's financial statements.</p> <p><i>Refer to Note 2.6 to the accompanying financial statements for the accounting policy for investments and Note 5 for related disclosure of investments.</i></p>	<p>We performed the following audit procedures:</p> <ul style="list-style-type: none"> • Agreed the carrying value of investments to the underlying list of investments; • Obtained market price of investments held as at 31 December 2024 from external sources, recalculated the fair value of investments as at 31 December 2024 and compared these to the values included in the list of investments; and • Assessed the adequacy of the disclosures in the financial statements.

Other information

Fund Manager is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon, which is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Fund Manager and Fund Board for the financial statements

Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA, and the applicable requirements of the Investment Funds Regulations issued by the Capital Market Authority and Fund's Terms and Conditions, and for such internal control as Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance i.e. the Fund Board is responsible for overseeing the Fund's financial reporting process.

Independent auditor's report to the Unitholders and Fund Manager of Albilad MSCI US Tech ETF (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing, that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fund Manager's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Fund Manager.
- Conclude on the appropriateness of Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

Albilad MSCI US Tech ETF (the "Fund") is an open-ended exchange traded fund established and managed by Albilad Investment Company ("Fund Manager"), a subsidiary of Bank Albilad (the "Bank") for the benefit of the Fund's Unitholders (the "Unitholders"). The objective of the Fund is to achieve long-term growth and capital gains through the Passive Management of a Basket of US stocks that comply with the Shariah Supervisory Committee Standards and are listed in the US Market and seeking to achieve a high performance level that simulates the performance of the Benchmark Index before calculating any dividends, fees or expenses.

The activities of the Fund conform to the rules and controls set by the Sharia Board.

In dealing with the Unitholders, Fund Manager considers the Fund as an independent accounting unit. Accordingly, Fund Manager prepares separate financial statements for the Fund. Furthermore, Unitholders are considered to be beneficial owners of the assets of the Fund. The management of the Fund is the responsibility of Fund Manager.

Riyad Capital is the "Custodian" of the Fund.

In December 2021, the Capital Market Authority (CMA) approved Albilad Investment Company's request to offer and register "Albilad MSCI US Tech ETF" units on Saudi Stock Exchange (Tadawul) as Exchange Traded Fund (ETF). The Fund started trading on Tadawul as an ETF on 1 Rajab 1444AH (corresponding to 23 January 2023, with the symbol 9406).

The Fund is governed by the Investment Funds Regulations ("IFR") published by the Capital Market Authority ("CMA") on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) as amended by the resolution of the CMA Board on 12 Rajab 1442H (corresponding to 24 February 2021) and complies with regulations and directives applicable to public funds, issued by CMA.

The registered office of the Fund is Albilad Investment Company, P.O. Box 8162, Riyadh 12313 – 3701, Kingdom of Saudi Arabia.

1.1 Primary market operation (issuance and redemption of units)

The primary market operations are only carried out by Fund Manager who is the authorised Market Maker Albilad Investment Company. The Issuance and Redemption activities are done on the basis of blocks of exchange traded fund (ETF) units (for the Fund, one block equals 100,000 ETF Units), referred to Issuance and Redemption of Units respectively. The process of issuance and redemption of ETF units is on an in-kind basis whereby the Market Maker interexchange ETF Units of the Fund and the basket of assets, through the Custodian, for the purpose of issuance and redemption of ETF units. The issued units are then freely floated on Tadawul for public trading.

2 MATERIAL ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

2.1 Basis of preparation

These financial statements of the Fund have been prepared in accordance with the International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA") and in compliance with the applicable requirements of the Investment Funds Regulations issued by the Capital Market Authority and the Fund's Terms and Conditions.

The financial statements have been prepared on a historical cost convention, except for the investments which are held at fair value through statement of income (FVSI).

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the statement of financial position. Instead, assets and liabilities are presented in order of liquidity.

The Fund can recover or settle all its assets and liabilities within 12 months from the reporting date.

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

2 MATERIAL ACCOUNTING POLICIES (continued)

2.2 Significant accounting estimates and judgements

The preparation of these financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and in any future years affected. There are no areas of significant judgment or critical assumption used in the preparation of these financial statements.

2.3 Changes in accounting policy and disclosures

The accounting policies used in the preparation of these financial statements are consistent with those used in the preparation of the financial statements for the year ended 31 December 2023. Based on the adoption of new standard, the following accounting policies are applicable effective January 1, 2024 replacing, amending, or adding to the corresponding accounting policies set out in 2023 annual financial statements.

(i) New standards, interpretations and amendments adopted by the Fund

Following standard, interpretation or amendment are effective from the annual reporting period beginning on 1 January 2024 and are adopted by the Fund, however, these does not have any impact on the financial statements of the year unless otherwise stated below:

Standard / Interpretation	Description	Effective from periods beginning on or after the following date
Amendment to IFRS 16 – Leases on sale and leaseback	These amendments include requirements for sale and leaseback transactions in IFRS 16 to explain how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted.	1 January 2024
Amendments to IAS 7 and IFRS 7 on Supplier finance arrangements	These amendments require disclosures to enhance the transparency of supplier finance arrangements and their effects on a company's liabilities, cash flows and exposure to liquidity risk. The disclosure requirements are the IASB's response to investors' concerns that some companies' supplier finance arrangements are not sufficiently visible, hindering investors' analysis.	1 January 2024
Amendment to IAS 1 – Non-current liabilities with covenants and Classification of liabilities as current or non-current	These amendments clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments also aim to improve information an entity provides related to liabilities subject to these conditions.	1 January 2024

(ii) Standards issued but not yet effective and not early adopted

The listing of standards and interpretations issued which are applicable at a future date are as follows. The Fund intends to adopt these standards when they become effective. These amendments and standards are not expected to have any impact on the financial statements of the Fund.

Standard/ Interpretation	Description	Effective from periods beginning on or after
Amendments to IAS 21 - Lack of Exchangeability	IASB amended IAS 21 to add requirements to help in determining whether a currency is exchangeable into another currency, and the spot exchange rate to use when it is not exchangeable. Amendment set out a framework under which the spot exchange rate at the measurement date could be determined using an observable exchange rate without adjustment or another estimation technique.	1 January 2025

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (continued)

2.3 Changes in accounting policy and disclosures (continued)

(ii) Standards issued but not yet effective and not early adopted (continued)

Standard/ Interpretation	Description	Effective from periods beginning on or after
Amendments to IFRS 10 and IAS 28- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Partial gain or loss recognition for transactions between an investor and its associate or joint venture only apply to the gain or loss resulting from the sale or contribution of assets that do not constitute a business as defined in IFRS 3 Business Combinations and the gain or loss resulting from the sale or contribution to an associate or a joint venture of assets that constitute a business as defined in IFRS 3 is recognized in full.	Effective date deferred indefinitely
Amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures	Under the amendments, certain financial assets including those with ESG-linked features could now meet the SPPI criterion, provided that their cash flows are not significantly different from an identical financial asset without such a feature. The IASB has amended IFRS 9 to clarify when a financial asset or a financial liability is recognized and derecognized and to provide an exception for certain financial liabilities settled using an electronic payment system.	1 January 2026
IFRS 18, Presentation and Disclosure in Financial Statements	IFRS 18 provides guidance on items in statement of profit or loss classified into five categories: operating; investing; financing; income taxes and discontinued operations. It defines a subset of measures related to an entity's financial performance as 'management-defined performance measures' ('MPMs'). The totals, subtotals and line items presented in the primary financial statements and items disclosed in the notes need to be described in a way that represents the characteristics of the item. It requires foreign exchange differences to be classified in the same category as the income and expenses from the items that resulted in the foreign exchange differences.	1 January 2027
IFRS 19, Subsidiaries without Public Accountability: Disclosures	IFRS 19 allows eligible subsidiaries to apply IFRS Accounting Standards with the reduced disclosure requirements of IFRS 19. A subsidiary may choose to apply the new standard in its consolidated, separate or individual financial statements provided that, at the reporting date it does not have public accountability and its parent produces consolidated financial statements under IFRS Accounting Standards.	1 January 2027
Other standards		
IFRS S1, 'General requirements for disclosure of sustainability-related financial information'	This standard includes the core framework for the disclosure of material information about sustainability-related risks and opportunities across an entity's value chain.	1 January 2024 however not yet endorsed by SOCPA
IFRS S2, 'Climate-related disclosures'	This is the first thematic standard issued that sets out requirements for entities to disclose information about climate-related risks and opportunities.	1 January 2024 however not yet endorsed by SOCPA

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

2 MATERIAL ACCOUNTING POLICIES (continued)

2.4 Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). The functional currency of the Fund is US Dollars (USD). These financial statements are presented in Saudi Riyals ("SR") which is the Fund's presentation currency. All financial information presented in SR has been rounded to the nearest thousand.

Transactions and balances

Foreign currency transactions are translated into SR using the exchange rates prevailing at the date of transactions. Foreign currency assets and liabilities are translated into SR using the exchange rates prevailing at reporting date. Foreign exchange gains and losses, if any, arising from translation are included in the statement of comprehensive income.

2.5 Cash and cash equivalents.

For the purpose of the statement of cash flows, cash and cash equivalents comprise balance held in a Custodian account with Riyadh Capital. Cash and cash equivalents are carried at amortised cost in the statement of financial position.

2.6 Financial instruments

2.6.1 Measurement methods

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument i.e. Trade date.

At initial recognition, the Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through statement of income (FVSI), transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at FVSI are expensed in the statement of income. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognised for financial assets measured at amortised cost, which results in an impairment loss being recognised in the statement of income when an asset is newly originated.

2.6.2 Classification and measurement of financial instruments

The Fund classifies its equity instruments at FVSI and other financial assets at amortised cost. The classification requirements for equity and debt instruments are described below:

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's equity.

The Fund classifies its investments as held at FVSI. The Fund subsequently measures all equity investments at FVSI, except where Fund Manager has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income (FVOCI). The Fund's policy is to designate equity investments as FVOCI when those investments are held for purposes other than to trade. When this election is used, fair value gains and losses are recognised in OCI and are not subsequently reclassified to the statement of income, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognised in the statement of income when the Fund's right to receive dividend is established.

The subsequent unrealised revaluation gains / loss on investment held at FVSI is recognised in statement of comprehensive income. Currently the Fund's investments in shares is classified as FVSI.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

2 MATERIAL ACCOUNTING POLICIES (continued)

2.6 Financial instruments (continued)

2.6.2 Classification and measurement of financial instruments (continued)

Debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective.

Classification and subsequent measurement of debt instruments depend on:

- The Fund's business model for managing the asset; and
- The cash flow characteristics of the asset.

Business model: The business model reflects how the Fund manages the assets in order to generate cash flows. That is, whether the Fund's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVSI.

Factors considered by the Fund in determining the business model for a group of assets include:

- past experience on how the cash flows for these assets were collected;
- how the asset's performance is internally evaluated and reported to key management personnel;
- how risks are assessed and managed; and
- how managers are compensated.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Fund's original expectations, the Fund does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

Debt securities held for trading, if any, are held principally for the purpose of selling in the near term or are part of a portfolio of financial instruments that are managed together and for which there is evidence of a recent actual pattern of short-term profit-taking. These securities are classified in 'other' business model and measured at FVSI.

SPPP: Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Fund assesses whether the financial instruments' cash flows represent solely payment of principal and profit (the "SPPP" test). In making this assessment, the Fund considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. profit (or special commission income) includes only consideration for the time value of resources, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at FVSI.

Based on the business model and cash flow characteristics, the debt financial assets can be classified as held at amortised cost, FVSI and FVOCI:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and profit (SPPP), and that are not designated at FVSI, are measured at amortised cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognised and measured as described in note 2.6.3. Profit earned if any from these financial assets is recognised in the statement of income using the effective commission rate method.

Fair value through statement of income (FVSI): If debt instrument's cash flows do not represent solely SPPP or if it is not held within the held to collect or the held to collect and sell business model, or if it is designated at FVSI, then it is measured at FVSI. A gain or loss on a debt investment measured at FVSI is recognised in the statement of income, within "Net gain / (loss) in investments mandatorily measured at FVSI", in the year in which it arises. A gain or loss from debt instruments that were designated at fair value or which are not held for trading are presented separately from debt investments that are mandatorily measured at fair value through profit or loss, within "Net gain / (loss) in investments at FVSI".

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

2. MATERIAL ACCOUNTING POLICIES (continued)

2.6 Financial instruments (continued)

2.6.2 Classification and measurement of financial instruments (continued)

Fair value through other comprehensive income (FVOCI): Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets' cash flows represent solely payments of principal and interest, and that are not designated at FVSI, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses on the instrument's amortised cost, which are recognised in statement of income. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to statement of income.

The Fund reclassifies debt investments when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting year following the change. Such changes are expected to be very infrequent and none occurred during the year.

Based on the above evaluation, Fund has classified its investment in equity at fair value through statement of income (FVSI).

2.6.3 Impairment of financial assets measured at amortised cost

The Fund assesses on a forward-looking basis the expected credit losses ("ECL") associated with its debt financial assets carried at amortised cost. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of resources; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

Under IFRS 9, loss allowances are measured on either of the following bases:

- a) 12-month ECLs: these ECLs that result from possible default events within the 12 months after the reporting date; and
- b) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument.

Lifetime ECL measurement applies if the credit risk of a financial asset at the reporting date has increased significantly since initial recognition and 12-month ECL measurement applies if it has not. An entity may determine that a financial asset's credit risk has not increased significantly if the asset has low credit risk at the reporting date.

2.6.4 De-recognition of financial instruments

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognised where the rights to receive cash flows from the asset have expired, or the Fund has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Fund has:

- a) Transferred substantially all of the risks and rewards of the asset or
- b) Neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Fund has transferred its right to receive cash flows from an asset (or has entered into a pass-through arrangement) and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Fund's continuing involvement in the asset. In that case, the Fund also recognised an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Fund has retained.

The Fund derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

2 MATERIAL ACCOUNTING POLICIES (continued)

2.6 Financial instruments (continued)

2.6.5 Financial liabilities

All financial liabilities are initially recognised at fair value less transaction cost except for financial liabilities measured at FVSI where transaction cost, if any, are not deducted from the fair value measurement at initial recognition and are included in the statement of income. The Fund classifies its financial liabilities at amortised cost unless it has designated liabilities at FVSI.

2.7 Trade date accounting

Regular way purchases and sales of financial assets are recognised / derecognised on the trade date (i.e., the date that the Fund commits to purchase or sell the assets). Regular way purchases or sales are purchases or sales of financial assets that require settlement of assets within the time frame generally established by regulation or convention in the marketplace.

2.8 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Fund currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

2.9 Accruals and other liabilities

Liabilities are recognised for amounts to be paid for goods or serviced received whether or not billed to the Fund. Accruals and other liabilities are recognised initially at fair value and subsequently measured at amortised cost using the effective commission rate method.

2.10 Equity attributable to the Unitholders

Equity attributable to Unitholders is equity and is made up of units issued and retained earnings.

(a) Redeemable Units

The Fund classifies its redeemable units as an equity instrument if the redeemable units have all of the following features:

- It entitles the holder to a pro rata share of the Fund's equity in the event of the Fund's liquidation.
- The instrument is in the class of instruments that is subordinate to all other classes of instruments.
- All financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features.
- The instrument does not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata shares of the Fund's equity.
- The total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the statement of income, the change in the recognised equity or the change in the fair value of the recognised and unrecognised equity of the Fund over the life of the instrument.

In addition - in order to classify instruments as equity - the Fund must have no other financial instrument or contract that has:

- Total cash flows based substantially on the profit or loss, the change in the recognised equity or the change in the fair value of the recognised and unrecognised equity of the Fund.
- The effect of substantially restricting or fixing the residual return to the instrument holders.

The Fund's redeemable participating units meet the definition of puttable instruments classified as equity instruments under IAS 32.16 A-B and accordingly, are classified as equity instruments.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

2 MATERIAL ACCOUNTING POLICIES (continued)

2.10 Equity attributable to the Unitholders (continued)

(a) Redeemable Units (continued)

The Fund continuously assesses the classification of the redeemable units. If the redeemable units cease to have any of the features or meet all the conditions set out in paragraphs 16A and 16B of IAS 32, the Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognised in equity attributable to Unitholders. If the redeemable units subsequently have all the features and meet the conditions set out in paragraphs 16A and 16B of IAS 32, the Fund will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification. The subscription and redemption of redeemable units are accounted for as equity transactions as long as units are classified as equity.

The Fund's distributions, if any, are classified as dividends paid in the statement of changes in equity attributable to the Unitholders.

(b) Trading in the units

Units of the Fund are available for purchasing only in the Kingdom of Saudi Arabia at Tadawul by natural and corporate persons. The equity value of the Fund is determined on every day from Sunday to Thursday ("Valuation Days") by dividing the net value of assets (fair value of total assets minus liabilities) by the total number of outstanding units on the relevant Valuation Day.

2.11 Taxation

Taxation is the obligation of the Unitholders and therefore, no provision for such liability is made in these financial statements.

2.12 Zakat

Zakat is the obligation of the Unitholders and therefore, no provision for such liability is made in these financial statements.

2.13 Value added tax (VAT)

Output VAT related to revenue is payable to tax authorities on the earlier of (a) collection of receivables from customers or (b) delivery of services to customers. The other entities that transact business with the Fund withhold taxes or recover VAT on services rendered to the Fund. As the Fund cannot recover these amounts, these are expensed in the statement of income.

2.14 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured, regardless of when payment is being made. Revenue is measured at the fair value of the consideration received, excluding discounts, taxes and rebates.

Dividend income is recognised when the Fund's right to receive dividends is established.

Realised gain on disposal of investments held at FVSI is measured as the difference between the sales proceed and the carrying value before disposal.

In accordance with the Sharia Board's resolutions, income prohibited by Sharia received by the Fund is excluded from the determination of income and is recorded as other liabilities in the statement of financial position. Such amount is determined based on the information available to Fund Manager on the nature of earnings of investees upon the preparation of these financial statements. Income prohibited by Sharia is paid to charities on a quarterly basis.

2.15 Management fee

Management fee is calculated at rate mentioned in Terms and Conditions of the Fund and is payable quarterly in arrears.

(All amounts in Saudi Riyals '000' unless otherwise stated)

2 MATERIAL ACCOUNTING POLICIES (continued)

2.16 Other expenses

Other expenses are charged at rates / amounts within limits mentioned in Terms and Conditions of the Fund.

2.17 Equity value per unit

The Equity value per unit as disclosed in the statement of financial position is calculated by dividing the equity of the Fund by the number of units outstanding at period end.

3 MANAGEMENT FEE AND OTHER CHARGES

On each valuation day, Fund Manager charges the Fund, a management fee at the rate of 0.75% per annum of the Fund's net assets value which includes custody fees 0.05% of the Fund's Net Asset Value of the listed financial securities and Investment Fund Units and 0.03% of the Fund's Net Asset Value of the Money Markets, to be calculated on each Calendar Day and deducted on a monthly basis.

Fund Manager also recovers from the Fund any other expenses incurred on behalf of the Fund such as audit and legal fees, and other similar charges.

6 RELATED PARTY TRANSACTIONS AND BALANCES

Related parties comprise Fund Manager, Fund Board, key management personnel and any businesses which are controlled, either directly or indirectly, by the Unitholders or over which they exercise significant influence. The Fund enters into transactions in the normal course of business with these parties at prices and terms agreed between the parties.

At the end of the year, the Fund reassessed the definition of related parties per IAS 24 Related Party Disclosures and noted that the relationship with the entity with custody fee and balance with the custodian were not a related party per IAS 24. As a result, the balances and transactions related to 2023 have been restated to remove these balance and transaction.

Transactions with related parties

In the ordinary course of its activities, the Fund transacts business with related parties. Related party transactions are in accordance with the Terms and Conditions of the Fund. All the related party transactions are approved by the Fund Board.

Following table contains the details of transactions with related parties:

Related party	Nature of relationship	Nature of transaction	For the year ended 31 December 2024	For the period from 23 January 2023 (date of commencement of operation) to 31 December 2023
Albilad Investment Company	Fund Manager	Management fee (as per note 3)	108	91
Fund Board	Members of the Fund Board	Fund Board fee	3	3

Balances with related parties

8 FINANCIAL RISK MANAGEMENT

8.1 Financial risk factors

The objective of the Funds is to safeguard the Fund's ability to continue as a going concern so that it can continue to provide optimum returns to its Unitholders and to ensure reasonable safety to the Unitholders.

The Fund's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk.

Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises Fund Manager and is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks are primarily set up to be performed based on the limits established by the Fund Board. The Fund has its Terms and Conditions document that set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

(a) Market Risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: foreign exchange risk, commission rate risk and price risk.

The Fund is exposed to market risk due to its investment in equities held at FVSI. Fund Manager closely monitors the price movement of its financial instruments in US Markets. The Fund's Portfolio Constituents are evaluated according to the latest closing of the US Market. Accordingly, the indicative Unit price announced in the Market will reflect the closing price of the Market on the preceding day, which may be different from the Unit trading price. The Fund manages the risk through diversification of its investment portfolio by investing in various industry sectors.

(i) Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements.

The price risk arises primarily from uncertainty about the future prices of the financial instruments that the Fund holds. The Fund has investment in equity which are classified as held at FVSI. Fund Manager closely monitors the price movement of its financial instruments listed at US Stock Exchange. The Fund manages the risk through diversification of its investment portfolio by investing in various industry sectors.

8 FINANCIAL RISK MANAGEMENT (continued)

8.1 Financial risk factors (continued)

(a) Market Risk (continued)

(i) Price risk (continued)

Geographical distribution of the FVSI investment portfolio of the Fund is disclosed in the table below:

Geographical area	As at 31 December 2024		As at 31 December 2023	
	% of total market value	Market Value	% of total market value	Market Value
United States	97.5%	12,823	95.6%	11,966
Ireland	1.8%	233	3.4%	430
Switzerland	0.4%	56	0.2%	26
Netherlands	0.3%	36	0.5%	57
Canada	-	-	0.3%	41
Total	100.0%	13,148	100.0%	12,520

Industry concentration of the investment portfolio of the Fund, is disclosed in the table below:

Industry sector	As at 31 December 2024		As at 31 December 2023	
	% of total market value	Market value	% of total market value	Market value
Technology	70.7%	9,297	64.0%	8,013
Healthcare	15.3%	2,010	22.5%	2,815
Consumer cyclicals	11.0%	1,449	9.0%	1,130
Industrials	2.1%	278	2.6%	325
Real estate	0.8%	98	0.7%	88
Consumer, non-cyclicals	0.1%	16	0.4%	44
Energy	-	-	0.3%	39
Basic materials	-	-	0.2%	26
Non-financial corporations	-	-	0.3%	40
	100.0%	13,148	100.0%	12,520

The effect on the equity value (as a result of change in fair value of investments as at 31 December) due to a reasonably possible change in equity indices based on the industry concentration, with all other variables held constant is as follows:

Industry sector	As at 31 December 2024		As at 31 December 2023	
	Potential reasonable change %	Effect on NAV	Potential reasonable change %	Effect on NAV
Technology	+/-5%	464	+/-5%	401
Healthcare	+/-5%	101	+/-5%	141
Consumer cyclicals	+/-5%	72	+/-5%	57
Industrials	+/-5%	14	+/-5%	16
Real estate	+/-5%	5	+/-5%	4
Consumer, non-cyclicals	+/-5%	1	+/-5%	2
Energy	+/-5%	-	+/-5%	2
Basic materials	+/-5%	-	+/-5%	1
Non-financial corporations	+/-5%	-	+/-5%	2
		657		626

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

8 FINANCIAL RISK MANAGEMENT (continued)

8.1 Financial risk factors (continued)

(a) Market Risk (continued)

(ii) Foreign currency risk

Foreign exchange risk is the risk that the value of future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates and arises from financial instruments denominated in foreign currency.

The Fund trades in Saudi Riyal, while most of the Fund's investments will be denominated in US Dollar. Currently, SR is pegged to US Dollar therefore the Fund is not exposed to foreign exchange risk. Consequently, no foreign currency sensitivity analysis has been presented.

(iii) Commission rate risk

Special commission rate risk arises from the possibility that changes in the market's special commission rates will affect future profitability or the fair value of financial instruments. The Fund is not subject to special commission rate risks, as it does not have any financial instruments that carry special commission.

(b) Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Fund. The Fund is exposed to significant credit risk on the following:

	As at 31 December 2024	As at 31 December 2023
Cash and cash equivalents	52	8
Dividend receivable	3	2
Total	55	10

Cash and cash equivalents are held with the financial institutions with investment grade credit rating, therefore the impact of expected credit losses on these balances is insignificant.

(c) Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's Terms and Conditions provide for subscription and redemption of units on every Valuation Day and it is, therefore, exposed to the liquidity risk of meeting redemptions at any time. The Fund's securities are considered to be readily realisable and they can be liquidated at any time. However, Fund Manager has established certain liquidity guidelines for the Fund and monitors liquidity requirements on a regular basis to ensure sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by obtaining financing from the related parties of the Fund settles its financial liabilities relating to accrued management fee and other expenses on quarterly basis.

The Fund manager allows the redemption at the same business day after the request for redemption, if the day is not a business day then redemption will be executed on next business day.

The expected maturity of the assets and liabilities of the Fund is less than 12 months.

Interest rate and liquidity risk management

The Fund is not exposed to interest rate risk as it does not have any interest-bearing financial assets. Ultimate responsibility for liquidity risk management rests with Fund Manager, which has established an appropriate liquidity risk management framework for the management of the Fund's short, medium and long-term funding and liquidity management requirements. The Fund manages liquidity risk by maintaining adequate reserves, banking facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

ALBILAD MSCI US TECH ETF
(AN OPEN-ENDED EXCHANGE TRADED FUND MANAGED BY ALBILAD INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

8 FINANCIAL RISK MANAGEMENT (continued)

8.1 Financial risk factors (continued)

(c) Liquidity risk (continued)

The maturity profile of financial assets and liabilities is as follows:

As at 31 December 2024	Less than 7 days	7 days to 1 month	1-12 months	More than 12 months	Total
Financial assets					
Cash and cash equivalents	52	-	-	-	52
Investments held at FVSI	13,148	-	-	-	13,148

	13,200	3	-	-	13,203
Financial liabilities					
Accrued management fee	23	-	-	-	23
Accruals and other liabilities	172	-	-	-	172
	195	-	-	-	195
Liquidity gap	13,005	3	-	-	13,008

As at 31 December 2023	Less than 7 days	7 days to 1 month	1-12 months	More than 12 months	Total
Financial assets					
Cash and cash equivalents	8	-	-	-	8
Investments held at FVSI	12,520	-	-	-	12,520
Dividend receivable	-	2	-	-	2
	12,528	2	-	-	12,530
Financial liabilities					
Accrued management fee	33	-	-	-	33
Accruals and other liabilities	66	-	-	-	66
	99	-	-	-	99
Liquidity gap	12,429	2	-	-	12,431

(d) Operational risk

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns to Unitholders.

8.2 Capital risk management

The capital of the Fund is represented by the equity attributable to holders of redeemable units. The amount of equity attributable to holders of redeemable units can change significantly on each Valuation Day, as the Fund is subject to subscriptions and redemptions at the discretion of Unitholders on every Valuation Day, as well as changes resulting from the Fund's performance. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for Unitholders, provide benefits for other stakeholders and maintain a strong capital base to support the development of the investment activities of the Fund.

In order to maintain the capital structure, the Fund's policy is to monitor the level of subscriptions and redemptions relative to the assets it expects to be able to liquidate and adjust the amount of dividend distributions the Fund pays to redeemable units.

The Fund Board and Fund Manager monitor capital on the basis of the value of equity attributable to redeemable Unitholders.

ALBILAD MSCI US TECH ETF

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024
(All amounts in Saudi Riyals '000' unless otherwise stated)

9 FAIR VALUE ESTIMATION

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The estimated fair value of the Fund's financial assets and liabilities not carried at fair value, is not considered to be significantly different from their carrying values. The fair value of investments held at FVSI are based on quoted prices in active markets and are therefore classified within Level 1.

The following table analyses within the fair value hierarchy the Fund's assets and liabilities (by class) at 31 December 2024 and 31 December 2023:

		Fair value			
	Carrying amount	Level 1	Level 2	Level 3	Total
As at 31 December 2024

(All amounts in Saudi Riyals '000' unless otherwise stated)

10 FINANCIAL INSTRUMENTS BY CATEGORY

All financial assets and financial liabilities for the years ended December 31, 2024 and 31 December 2023 are classified under amortized cost category except for investment held at FVSI, which is classified and measured at fair value.

11. AGGREGATION OF COMPARATIVE FIGURES DUE TO RECLASSIFICATION ADJUSTMENT

The Fund has re-evaluated the presentation of certain transactions and balances in the statements of financial position and statement of comprehensive income to determine if those transactions and balances have been presented appropriately in line with the requirements of IFRS as endorsed in the Kingdom of Saudi Arabia. Where necessary, changes in presentation were made in accordance with IAS 8 "Accounting policies, changes in accounting estimates and errors".

Changes in comparatives in the statement of comprehensive income

Net gains (losses) from investments held at fair value through statement of income ("FVSI")

In prior period, the Fund presented realised and unrealised gain/loss from investments held at fair value through statement of income ("FVSI") as separate line items on the face of statement of comprehensive income.

During the year, the Fund has reassessed the above requirements and as a result aggregated the realised and unrealised gain/loss from investments held at fair value through statement of income ("FVSI") and presented them within "Net gains (losses) from investments held at fair value through statement of income ("FVSI") on the face of the statement of comprehensive income.

The restatement has no effect on the Fund's statement of financial position, statement of changes in equity attributable to the Unitholders or statement of cash flows. The effect of this restatement on the statement of comprehensive income for the year ended December 31, 2023, is summarized below:

Financial statement line item	For the year ended		
	31 December 2023 (As previously stated)	Aggregation due to reclassification adjustment	31 December 2023 (Restated)
Aggregate #1			
Realised gain on sale of investments held at FVSI, net	2,919	(2,919)	-
Unrealized gain on re-measurement of investments held at FVSI, net	2,335	(2,335)	-
Net gains (losses) from investments held at fair value through statement of income ("FVSI")	-	5,254	5,254

12 SEGMENT REPORTING

The Fund carries a portfolio of equity instruments of entities listed on US Stock Exchange. Fund Manager periodically assesses the performance and allocates resources to the business as one unit and, as such, no separate operating segments were identified for financial reporting purposes. Consequently, segment reporting as required by IFRS 8 'Operating Segments' has not been disclosed.

13 CONTINGENCIES AND COMMITMENTS

There were no contingencies and commitments as at 31 December 2024 (2023: Nil).

ALBILAD MSCI US TECH ETF
