## Report on review of Interim Condensed Financial Information

To the Unitholders and the Fund Manager of  
Riyad USD Diversified Trade Fund

### Introduction

We have reviewed the accompanying interim condensed statement of financial position of Riyadh USD Diversified Trade Fund (the "Fund") as of 30 June 2022 and the related interim condensed statements of comprehensive income, changes in equity attributable to the unitholders and cash flows for the six-month period then ended and other explanatory notes. Fund Manager is responsible for the preparation and presentation of these interim condensed financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial information based on our review.

### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

**1 FUND AND ITS ACTIVITIES**

The Riyadh USD Diversified Trade Fund (the “Fund”) is a fixed income fund managed through an agreement between Riyadh Capital (the “Fund Manager”) and the investors in the Fund (the “Unitholders”). The objective of the Fund is to seek preservation of capital and realize a reasonable return thereon, through invest direct or indirect in debt instruments compliant with Islamic Sharia.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund.

The management of the Fund is the responsibility of the Fund Manager. However, in accordance with the Fund’s Agreement, the Fund Manager can delegate or assign its duties to one or more of the financial institutions in the Kingdom of Saudi Arabia and overseas.

The Fund commenced its activities 18 June 1988, where the terms and conditions of the Fund were originally approved by the Saudi Central Bank (SAMA). On 20 December 2008, the terms and conditions of the fund were approved by the Capital Markets Authority (CMA) through their letter dated 12 Dhul Hijja 1429H (corresponding to 20 December 2008).

**2 REGULATING AUTHORITY**

The Fund is governed by the Investment Fund Regulations (the “Regulations”) issued by CMA on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) which were amended on 12 Rajab 1442H (corresponding to 24 February 2021) detailing requirements for all funds within the Kingdom of Saudi Arabia.

**3 BASIS OF PREPARATION**

**3.1 Statement of compliance**

These interim condensed financial information of the Fund have been prepared in accordance with International Accounting Standard (IAS) 34 - Interim Financial Reporting that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncement issued by the Saudi Organization for Chartered and Professional Accountants (SOCPA) and should be read in conjunction with the Fund’s last annual financial statements for the year ended 31 December 2021. The results for the six-month period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

**3.2 Basis of measurement**

These interim condensed financial information have been prepared under the historical cost convention, using the accrual basis of accounting. The Fund presents its interim condensed statement of financial position in the order of liquidity.

**3.3 Functional and Presentation Currency**

Items included in the interim condensed financial information are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). These interim condensed financial information are presented in USD which is the Fund’s functional and presentation currency.

*Transactions and balances*

Foreign currency transactions are translated into USD using the exchange rates prevailing at the date of transactions. Foreign currency assets and liabilities are translated into USD using the exchange rates prevailing at date of the interim statement of financial position. Foreign exchange gains and losses, if any, arising from translation are included in the interim condensed statement of comprehensive income.

**3 BASIS OF PREPARATION (CONTINUED)**

**3.4 Critical accounting judgments, estimates and assumption**

The preparation of the interim condensed financial information requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

There are no significant estimates or judgements involved in the preparation of financial information that might have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next accounting period. The Fund based its assumptions and estimates on parameters available when the interim condensed financial information were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Fund. Such changes are reflected in the assumptions when they occur.

**Going concern**

In preparing the interim condensed financial information, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Fund Manager either intends to liquidate the Fund or to cease operations or has no realistic alternative but to do so.

**4 SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies used in the preparation of these interim condensed financial information are consistent with those used and disclosed in the annual financial statements of the Fund for the year ended 31 December 2021. Certain new standards, amendments and interpretations apply for the first time in 2022, but do not have an impact on the interim condensed financial information of the Fund.

There are other several amendments and interpretations that are issued, but not yet effective, up to the date of issuance of the Fund's interim condensed financial information. The management believe that these no significant impact on the interim condensed financial information of the Fund. The Fund intends to adopt those amendments and interpretations, if applicable.

**New standards, interpretations and amendments adopted by the Fund**

The International Accounting Standard Board (IASB) has issued following accounting standards, amendments, which were effective from periods on or after January 1, 2022. The management has assessed that the amendments have no significant impact on the Fund's interim condensed financial information.

- Amendments to IAS 37 - 'Provisions, contingent liabilities and contingent assets' specify which costs a company includes when assessing whether a contract will be loss-making;
- Amendments to IAS 16 - 'Property, plant and equipment' prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in statement of income;
- Amendments to IFRS 3 - 'Business combinations' update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations; and
- Annual improvements make minor amendments to IFRS 1, 'First-time Adoption of IFRS', IFRS 9, 'Financial instruments', IAS 41, 'Agriculture' and the Illustrative Examples accompanying IFRS 16, 'Leases'.

All financial liabilities as at 30 June 2022 and 31 December 2021 were classified as financial liabilities measured at amortized cost.

**12 FINANCIAL RISK MANAGEMENT**

**Fair value estimation**

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The Fund classifies its financial instruments in the following levels of fair value hierarchy:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

For assets and liabilities that are measured at fair value on a recurring basis, the Fund identifies transfers between levels in the hierarchy by re-assessing the categorization (based on the lowest level input that is significant to the fair value measurement as a whole).

All financial assets and financial liabilities as at 30 June 2022 (Un-audited) and 31 December 2021 (Audited) were classified as measured at amortized cost. Fund classifies all of its financial assets and financial liabilities at fair value as level 3.
