Report on review of Interim Condensed Financial Information

To the Unitholders and the Fund Manager of
Riyad Saudi Equity Fund

Introduction

We have reviewed the accompanying interim condensed statement of financial position of Riyadh Saudi Equity Fund (the "Fund") as of 30 June 2022 and the related interim condensed statements of comprehensive income, changes in equity attributable to the unitholders and cash flows for the six-month period then ended and other explanatory notes ("interim condensed financial information"). The Fund Manager is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

Notes to the interim condensed financial information (Un-audited)
For the six-month period ended 30 June 2022

1 FUND AND ITS ACTIVITIES

The Riyadh Saudi Equity Fund (the “Fund”) is an equity fund managed through an agreement between Riyadh Capital (the “Fund Manager”) and the investors in the Fund (the “Unitholders”). The objective of the Fund is to achieve long term capital growth through an investment pool of equity securities of listed Saudi companies.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund.

The management of the Fund is the responsibility of the Fund Manager. However, in accordance with the Fund’s Agreement, the Fund Manager can delegate or assign its duties to one or more of the financial institutions in the Kingdom of Saudi Arabia and overseas.

The Fund commenced its activities on 03 December 1992, where the terms and conditions of the Fund were originally approved by the Saudi Central Bank (SAMA). On 20 December 2008, the terms and conditions of the fund were approved by the Capital Markets Authority (CMA) through their letter dated 12 Dhul Hijja 1429H (corresponding to 20 December 2008).”.

2 REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the “Regulations”) issued by CMA on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) which were amended on 12 Rajab 1442H (corresponding to 24 February 2021) detailing requirements for all funds within the Kingdom of Saudi Arabia.

3 BASIS OF PREPARATION

3.1 Statement of compliance

This interim condensed financial information of the Fund has been prepared in accordance with Accounting standard 34 – Interim Financial Reporting (“IAS 34”) as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”) and should be read in conjunction with the Fund’s last annual financial statement for the year ended 31 December 2021. The results for the six-month period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

3.2 Basis of measurement

This interim condensed financial information has been prepared under the historical cost convention, using the accrual basis of accounting except for investments carried at fair value through profit or loss which are carried at their fair value. The Fund presents its interim condensed statement of financial position in the order of liquidity.

3.3 Functional and Presentation Currency

Items included in the interim condensed financial information are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). This interim condensed financial information is presented in Saudi Arabian Riyal (“SAR”) which is the Fund’s functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into SAR using the exchange rates prevailing at the date of transactions. Foreign currency assets and liabilities are translated into SAR using the exchange rates prevailing at date of the interim condensed statement of financial position. Foreign exchange gains and losses, if any, arising from translation are included in the interim condensed statement of comprehensive income.

For the six-month period ended 30 June 2022
(All amounts in Saudi Arabian Riyal unless otherwise stated)

3 BASIS OF PREPARATION (CONTINUED)

3.4 Critical accounting judgments, estimates and assumption

The preparation of the interim condensed financial information requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

There are no significant estimates or judgements involved in the preparation of financial statements, that might have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next accounting period. The Fund based its assumptions and estimates on parameters available when the interim condensed financial information was prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Fund. Such changes are reflected in the assumptions when they occur.

3.5 Going concern

The Fund Manager has made an assessment of the Fund's ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern.

4 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of this interim condensed financial information is consistent with those used and disclosed in the annual financial statements of the Fund for the year ended 31 December 2021. Certain new standards, amendments and interpretations apply for the first time in 2022, but do not have an impact on the interim condensed financial information of the Fund.

There are other several amendments and interpretations that are issued, but not yet effective, up to the date of issuance of the Fund's interim condensed financial information. In the opinion of the Fund's Board, these will have no significant impact on the interim condensed financial information of the Fund. The Fund intends to adopt those amendments and interpretations, if applicable.

New standards, interpretations and amendments adopted by the Fund

The International Accounting Standard Board (IASB) has issued following accounting standards, amendments, which were effective from periods on or after January 1, 2022. The management has assessed that the amendments have no significant impact on the Fund's interim condensed financial statements.

- Amendments to IAS 37 - 'Provisions, contingent liabilities and contingent assets' specify which costs a company includes when assessing whether a contract will be loss-making;
- Amendments to IAS 16 - 'Property, plant and equipment' prohibit a company from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, a company will recognise such sales proceeds and related cost in statement of income;
- Amendments to IFRS 3 - 'Business combinations' update a reference in IFRS 3 to the Conceptual Framework for Financial Reporting without changing the accounting requirements for business combinations; and
- Annual improvements make minor amendments to IFRS 1, 'First-time Adoption of IFRS', IFRS 9, 'Financial instruments', IAS 41, 'Agriculture' and the Illustrative Examples accompanying IFRS 16, 'Leases'.

The listing of standards and interpretations issued, which the Fund reasonably expects to be applicable at a future date are as follows. The Fund intends to adopt these standards when they become effective.

12 FAIR VALUE ESTIMATION

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales was reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The carrying value less impairment provision of financial instruments carried at amortized cost are assumed to approximate their fair values.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly: and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Fund classifies all of its financial assets, except for those carried at amortized cost, in level 2 of the fair value hierarchy.

The Fund's financial assets are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets are determined:

Financial assets / financial liabilities	Valuation technique(s) and key input(s)	Significant unobservable input(s)	Relationship and sensitivity of unobservable inputs to fair value
Investments carried at FVPL	Net Asset Value provided by the fund managers	N/A	N/A

Valuation technique for calculating the fair value of investments under Level 2 comprises of determining the net asset value per unit of the funds which is based on observable market data.
