## INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

TO THE UNITHOLDERS OF Saudi Riyal Money Market Fund (Managed by Alawwal Invest Company)

### INTRODUCTION

We have reviewed the accompanying interim statement of financial position of Saudi Riyal Money Market Fund (the "Fund") managed by Alawwal Invest Company (the "Fund Manager") as at 30 June 2022 and the related interim statements of comprehensive income, changes in net assets (Equity) attributable to the unitholders and cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes (the "interim condensed financial statements"). Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

### SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

### 3 BASIS OF PREPARATION

#### 3.1. Statement of compliance

These interim condensed financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards (“IFRS”) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”).

Assets and liabilities in the interim statement of financial position are presented in the order of liquidity.

The interim condensed financial statements do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the Fund's annual financial statements as at 31 December 2021. The results for the six-month period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

#### 3.2. Basis of measurement

These interim condensed financial statements have been prepared under the historical cost convention, using the accrual basis of accounting except for investments carried at fair value through profit or loss which are carried at their fair value. The Fund presents its interim statement of financial position in the order of liquidity.

#### 3.3. Functional and presentation currency

Items included in these interim condensed financial statements are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). These interim condensed financial statements are presented in Saudi Arabian Riyals (SR) which is the Fund's functional and presentation currency.

### 3 BASIS OF PREPARATION (CONTINUED)

#### 3.3. Functional and presentation currency (Continued)

##### *Transactions and balances*

Foreign currency transactions are translated into SR using the exchange rates prevailing at the date of transactions. Foreign currency assets and liabilities are translated into SR using the exchange rates prevailing at date of the interim statement of financial position. Foreign exchange gains and losses arising from translation are included in the interim statement of comprehensive income.

#### a. Critical accounting judgments, estimates and assumptions

The preparation of the interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next accounting period, are described below. The Fund based its assumptions and estimates on parameters available when the interim condensed financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Fund. Such changes are reflected in the assumptions when they occur.

#### b. Going concern

The Fund Manager has made an assessment of the Fund's ability to continue as a going concern and is satisfied that the Fund has the resources to continue in business for the foreseeable future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern.

### 4 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies used in the preparation of these interim condensed financial statements are consistent with those used and disclosed in the annual financial statements of the Fund for the year ended 31 December 2021. Certain new standards, amendments and interpretations apply for the first time in 2021, but do not have an impact on the interim condensed financial statements of the Fund.

There are several other amendments and interpretations that are issued, but not yet effective, up to the date of issuance of the Fund's interim condensed financial statements. In the opinion of the Fund's Board, these will have no significant impact on the interim condensed financial statements of the Fund. The Fund intends to adopt those amendments and interpretations, if applicable.

### 5 MANAGEMENT FEE, AND OTHER CHARGES

Fund management fees are recognized on an accrual basis and charged to the interim statement of comprehensive income at rates agreed with the Fund Manager and as stated in the terms and conditions of the Fund.

### 13 FAIR VALUES OF FINANCIAL INSTRUMENTS

All assets and liabilities for which fair value is measured or disclosed in the interim condensed financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Assessing the significance of a particular input requires judgement, considering factors specific to the asset or liability.

**SAUDI RIYAL MONEY MARKET FUND****Open-Ended Fund**

(Managed by Alawwal Invest Company)

**NOTES TO THE INTERIM CONDENSED FINANCIAL STATEMENTS**

For the six-month period ended 30 June 2022

(Amounts in Saudi Arabian Riyals)

**13 FAIR VALUES OF FINANCIAL INSTRUMENTS (CONTINUED)**

The table below presents the financial instruments measured at their fair values as of reporting date based on the fair value hierarchy:

	<b>30 June 2022 (Un-audited)</b>			<b>Total SR</b>
	<b>Level 1 SR</b>	<b>Level 2 SR</b>	<b>Level 3 SR</b>	
Investment designated at FVTPL	-	<b>17,828,728</b>	-	<b>17,828,728</b>
	<b>31 December 2021 (Audited)</b>			<b>Total SR</b>
	<b>Level 1 SR</b>	<b>Level 2 SR</b>	<b>Level 3 SR</b>	
Investment designated at FVTPL	-	31,799,185	-	31,799,185

For assets and liabilities that are measured at fair value on a recurring basis, the Fund identifies transfers between levels in the hierarchy by re-assessing the categorization (based on the lowest level input that is significant to the fair value measurement as a whole), and deems transfers to have occurred at the end of the reporting period during which the change has occurred. During the period, there was no transfer in fair value hierarchy for the financial assets designated at FVTPL.

The fair values of investments measured at amortized cost are set out below:

	<b>30 June 2022 (Un-audited) SR</b>	<b>31 December 2021 (Audited) SR</b>
Investments measured at amortized cost	<b>10,075,823</b>	10,054,621

The valuation of investments measured at amortized cost is estimated using contractual cash flows discounted at market yield as of reporting date, which is the sukuk market yield plus the prevailing Saudi Inter Bank Offered Rate (SAIBOR). Inputs into the discounted cash flow techniques include market yield, contractual cash flows and primary origination spreads.

Other financial instruments such as, cash and cash equivalents and money market placements. These are short-term financial assets whose carrying amounts approximate fair value, because of their short-term nature and the high credit quality of counterparties. For all other financial assets and liabilities, including accrued expenses, the carrying value is an approximation of fair value.

**15 IMPACT OF COVID-19 ON THE FINANCIAL STATEMENT**

The Coronavirus (“COVID-19”) pandemic continues to disrupt global markets as many geographies are experiencing multiple waves of infections despite having previously controlled the outbreak through aggressive precautionary measures. The Government of the Kingdom of Saudi Arabia, however, managed to successfully control the outbreak to date.

The outbreak of the newly emerging Corona Virus (COVID-19) is still evolving and increasing. Therefore, it is now difficult to predict the magnitude and full extent of the resulting impact on business and the Fund.

It is still not certain what size and extent of these impacts will be determined, depending on future developments that cannot be accurately predicted at the present time, such as the rate of virus transmission and the size and effectiveness of measures taken to contain it. In light of the current uncertainty of the economic impact, it is not possible to make a reliable estimate of the resulting impact at the date of these financial statements being approved.

These developments may affect the future financial results, cash flows and the financial position of the Fund
