# INDEPENDENT AUDITORS' REPORT ON REVIEW OF INTERIM CONDENSED FINANCIAL INFORMATION

TO:

THE UNITHOLDERS OF

AL DANAH GCC TRADING EQUITY FUND

(Managed by Saudi Fransi Capital)

#### Introduction:

We have reviewed the accompanying interim condensed financial statements of AL DANAH GCC TRADING EQUITY FUND ("the fund") managed by Saudi Fransi Capital (the "Fund Manager"), which comprises the interim condensed statement of financial position as at 30 June 2020 and the related interim condensed statements of comprehensive income, changes in net assets and cash flows for the period then ended and other explanatory notes (the "interim condensed financial information"). Management is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34) as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 - "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia.

#### 11. FAIR VALUE OF FINANCIAL INSTRUMENTS

#### Determination of fair value and fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability the principal or the most advantageous market must be accessible to the Fund.

The Fund uses the following hierarchy for determining and disclosing the fair value of financial instruments:

Level 1: quoted market price: financial instruments with quoted unadjusted prices for identical instruments in active markets.

Level 2: quoted prices in active markets for similar assets and liabilities or other valuation techniques for which all significant inputs are based on observable market data.

Level 3: valuation techniques for which any significant input is not based on observable market data.

The Fund's financial assets consist of bank balance and investments at fair value through profit or loss (FVTPL). The Fund's financial liabilities consist of management fee payable and accruals and other liabilities.

The following table shows the carrying amount and fair values of financial assets, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value.

	Carrying value SR	Level 1 SR	Level 2 SR	Level 3 SR	Total SR
30 June 2020 (Un-Audited) Investments measured at FVTPL	10,896,478	10,896,478		-	10,896,478
31 December 2019 (Audited) Investments measured at FVTPL	13,927,263	13,927,263	-		13,927,263

During the six months period ended 30 June 2020, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into or out of level 3 fair value measurements.
