Report on review of condensed interim financial information

To the Unitholders and Fund Manager of
Al-Badr Murabaha Fund - SAR

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Al-Badr Murabaha Fund - SAR (the "Fund") as of 30 June 2024 and the related condensed interim statements of comprehensive income, changes in equity attributable to the Unitholders and cash flows for the six-month period then ended and other explanatory notes. Fund Manager is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 - "*Interim Financial Reporting*" (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of interim financial information performed by the independent auditor of the entity*", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

5. CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. The significant accounting estimates and assumptions used in the preparation of this condensed interim financial information are consistent with those used in the annual audited financial statements for the year ended 31 December 2023.

Therefore, this condensed interim financial information continues to be prepared on the going concern basis.

6. NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS

New standards, interpretations and amendments adopted by the Fund

The International Accounting Standard Board (IASB) has issued following accounting standards, amendments, which were effective from periods on or after 1 January 2024. Fund Manager has assessed that the amendments have no impact on the Fund's condensed interim financial information.

Standard/ interpretation	Description	Effective from periods beginning on or after
Amendment to IFRS 16 – Leases on sale and leaseback	These amendments include requirements for sale and leaseback transactions in IFRS 16 to explain how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted.	1 January 2024
Amendments to IAS 7 and IFRS 7 on Supplier finance arrangements	These amendments require disclosures to enhance the transparency of supplier finance arrangements and their effects on a company's liabilities, cash flows and exposure to liquidity risk. The disclosure requirements are the IASB's response to investors' concerns that some companies' supplier finance arrangements are not sufficiently visible, hindering investors' analysis.	1 January 2024
Amendment to IAS 1 – Non- current liabilities with covenants	These amendments clarify how conditions with which an entity must comply within twelve months after the reporting period affect the classification of a liability. The amendments also aim to improve information an entity provides related to liabilities subject to these conditions.	1 January 2024

IFRS 18, Presentation and Disclosure in Financial Statements	IFRS 18 provides guidance on items in statement of profit or loss classified into five categories: operating; investing; financing; income taxes and discontinued operations. 10. TRANSACTIONS AND BALANCES WITH RELATED PARTIES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. In considering each possible related party relationship, attention is directed to the substance of the relationship, not merely the legal form.

Related parties include BSF Capital (“the Fund Manager”), Banque Saudi Fransi (the Bank and the shareholder of the Fund Manager), the Fund Board Directors, affiliates of the Fund Manager, the Funds managed by the Fund Manager and the Unitholders of the Fund.

In the ordinary course of its activities, the Fund transacts business with related parties.

The Fund pays the Fund Manager a management fee calculated at an annual rate of up to 0.5% (2023: 0.5%) per annum plus applicable taxes calculated on the total net assets value. The fee is intended to compensate the Fund Manager for administration and management of the Fund.

Subscription fee up to three percent of the invested amount is adjusted by deduction from the gross subscription, hence, it does not affect or reflect in the condensed interim financial information of the Fund.

Related party transactions for the periods ended and balances are as follows:

11. FAIR VALUE OF FINANCIAL INSTRUMENTS

Determination of fair value and fair value hierarchy

The Fund’s financial assets consist of cash and cash equivalents, dividend receivable, investments measured at fair value through profit or loss (FVTPL), due from a related party and other assets. The Fund’s financial liabilities consist of management fee payable, accruals, due to a related party and other liabilities and payable against units redeemed.

The following table shows the carrying amount and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value. The fair value of investments measured at FVTPL are based on quoted prices in active markets and are therefore classified within Level 1.
