Report on review of condensed interim financial information

To the Unitholders and Fund Manager of
Saudi Istithmar Equity Fund

Introduction

We have reviewed the accompanying condensed interim statement of financial position of Saudi Istithmar Equity Fund (the "Fund") as of 30 June 2025 and the related condensed interim statements of comprehensive income, changes in equity attributable to the Unitholders and cash flows for the six-month period then ended and other explanatory notes. Fund Manager is responsible for the preparation and presentation of this condensed interim financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this condensed interim financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

The results for the six-month period ended 30 June 2025 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2025.

11. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Fund’s financial assets consist of cash and cash equivalents, investments measured at FVTPL, due from a broker and receivable against units sold. The Fund’s financial liabilities consist of due to a broker, management fee payable and accruals and other liabilities.

The following table shows the carrying amount and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value. The fair value of investments measured at FVTPL are based on quoted prices in active markets and are therefore classified within Level 1.
