INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS TO THE UNITHOLDERS OF ANB CAPITAL OPPORTUNISTIC FUND (Shariah) (MANAGED BY ANB CAPITAL COMPANY)

Introduction

We have reviewed the accompanying interim condensed statement of financial position of anb capital Opportunistic Fund (Shariah) (the "Fund") managed by anb capital Company (the "Fund Manager") as at 30 June 2026, and the related interim condensed statement of comprehensive income, interim condensed statement of changes in equity attributable to the unitholders and interim condensed statement of cash flows for the six-month period then ended, and explanatory notes. The Fund Manager is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

3. BASIS OF PREPARATION AND CHANGES TO MATERIAL ACCOUNTING POLICIES (continued)

3.2 New standards, interpretations and amendments (Continued)

3.2.1 New standards and amendments adopted by the Fund (Continued)

The following new and amended IFRSs, which became effective for annual periods beginning on or after 1 January 2026, have been adopted in these financial statements. The management has assessed that the amendments have no material impact on the Fund's interim condensed financial statements.

Standard, interpretation and amendments	Description	Effective date
Amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures	Under the amendments, certain financial assets including those with ESG-linked features could now meet the SPPI criterion, provided that their cash flows are not significantly different from an identical financial asset without such a feature. The IASB has amended IFRS 9 to clarify when a financial asset or a financial liability is recognized and derecognized and to provide an exception for certain financial liabilities settled using an electronic payment system.	1 January 2026

3.2.2 Significant standards issued but not yet effective

Standard, interpretation and amendments	Description	Effective date
IFRS 18, Presentation and Disclosure in Financial Statements	IFRS 18 provides guidance on items in statement of profit or loss classified into five categories: operating; investing; financing; income taxes and discontinued operations. It defines a subset of measures related to an entity's financial performance as 'management-defined performance measures' ('MPMs'). The totals, subtotals and line items presented in the primary financial statements and items disclosed in the notes need to be described in a way that represents the characteristics of the item. It requires foreign exchange differences to be classified in the same category as the income and expenses from the items that resulted in the foreign exchange differences.	1 January 2027
IFRS 19-Subsidiaries without Public Accountability: Disclosures	IFRS 19 applies to eligible subsidiaries that elect to adopt the standard in their consolidated, separate or individual financial statements. Eligible subsidiaries are those that are not publicly accountable and whose ultimate or intermediate parent prepares consolidated financial statements available for public use that comply with IFRS Accounting Standards. An entity has public accountability if its equity or debt instruments are traded in a public market, if it is in the process of issuing such instruments for trading in a public market, or if it holds assets in a fiduciary capacity for a broad group of outsiders as one of its primary businesses.	1 January 2027

The principal or the most advantageous market must be accessible by the Fund. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value for financial instruments traded in active markets at the reporting date is based on their closing price on the reporting date.

The Fund has only investments at fair value through profit or loss which is measured at fair values and are classified within level 1 of the fair value hierarchy. 9. SUBSEQUENT EVENTS

There have been no significant subsequent events since the period ended 30 June 2026 that require disclosure or adjustment in these interim condensed financial statements.

However, the geopolitical situation in the Middle East has deteriorated significantly since 28 February 2026. The situation has remained highly volatile and has impacted several countries in the Middle East including Kingdom of Saudi Arabia, causing disruption to some business and economic activities.

The Fund Manager is closely monitoring the situation and has activated its business continuity planning and other risk management practices to manage the potential business disruption on its operations and financial performance due to the geopolitical outbreak.

The Fund Manager has assessed the potential implications of the changes in geopolitical situations on its operations, financial position and performance. Based on information currently available, including the continuation of core business activities, it is not practicable to reliably estimate the full financial effect of the changes in geopolitical situations on the future periods. The Fund Manager has also considered the impact of these situations on the Fund's ability to continue as a going concern and has concluded that the going concern basis of preparation remains appropriate.

10. LAST VALUATION DAY

The last valuation published day of the period was 30 June 2026 (2025: 31 December 2025).
