INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS TO THE UNITHOLDERS OF ANB CAPITAL MULTI-ASSET GROWTH FUND (SHARIAH) (MANAGED BY ANB CAPITAL COMPANY)

Introduction

We have reviewed the accompanying interim condensed statement of financial position of anb capital Multi-Asset Growth Fund (Shariah) (the "Fund") managed by anb capital company (the "Fund Manager") as at 30 June 2026, and the related interim condensed statement of comprehensive income, interim condensed statement of changes in equity attributable to the unitholders and interim condensed statement of cash flows for the six-month period then ended, and explanatory notes. The Fund Manager is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

Other Matter

The interim condensed statements of Comprehensive Income, Changes in Equity attributable to the unitholders and Cashflows for the period from 16 April 2025 to 30 June 2025 were neither audited nor reviewed and are presented in these interim condensed financial statements for comparative purposes only. However, we have audited the financial statements for the period from 16 April 2025 to 31 December 2025 and we have issued an unqualified opinion on these financial statements.

In considering each possible related party relationship, attention is directed to the substance of the relationship, not merely the legal form.

Related parties of the Fund include the Fund Manager, the Fund Board, other funds managed by the Fund Manager and key employees of the same.

The Fund has made investments with aggregate market value as at 30 June 2026 amounting to ⃁ 11.9 million (31 December 2025: ⃁ 12.8 million) in other funds managed by the Fund Manager.

7. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Fund. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The fair value for financial instruments traded in active markets at the reporting date is based on their closing price on the reporting date. Fair values of investments in units of the funds are determined using NAVs published by the respective funds, which are not quoted prices in active markets; therefore classified as Level 2.

The Fund has only investments at fair value through profit or loss which is measured at fair values and are classified within level 2 of the fair value hierarchy. There were no transfers between various levels of fair value hierarchy during the current period

There were no transfers between various levels of fair value hierarchy during the current period or prior year.

9. SUBSEQUENT EVENTS

There have been no significant subsequent events since the period ended 30 June 2026 that require disclosure or adjustment in these interim condensed financial statements.

However, the geopolitical situation in the Middle East has deteriorated significantly since 28 February 2026. The situation has remained highly volatile and has impacted several countries in the Middle East including Kingdom of Saudi Arabia, causing disruption to some business and economic activities.

The Fund Manager is closely monitoring the situation and has activated its business continuity planning and other risk management practices to manage the potential business disruption on its operations and financial performance due to the geopolitical outbreak.

The Fund Manager has assessed the potential implications of the changes in geopolitical situations on its operations, financial position and performance. Based on information currently available, including the continuation of core business activities, it is not practicable to reliably estimate the full financial effect of the changes in geopolitical situations on the future periods. The Fund Manager has also considered the impact of these situations on the Fund's ability to continue as a going concern and has concluded that the going concern basis of preparation remains appropriate.
