A. Fund Information:

1. Name of the investment Fund: Yaqeen SAR Murabaha Fund.

2. The Investment objectives, policies, and practices for the fund

The fund aims to achieve current income while providing liquidity and preserving capital by investing in murabaha deals. Yaqeen SAR Murabaha Fund invests in low-risk financial instruments compatible with Islamic Sharia controls, with the aim of achieving competitive profits for traditional money market instruments at low levels of risk and achieving a high degree of capital preservation while providing liquidity and avoiding any potential risks related to the exchange rate. All realized profits are also reinvested in the same fund, which increases the value of its units. The fund invests mainly in murabaha deals that are compliant with Islamic Sharia guidelines. The investment policy and practices can be summarized accordingly, considering the availability of sufficient liquidity to fulfill any expected refund request:

Asset Class	Minimum	Maximum
Money market instruments and money market funds such as Deposits, murabaha contracts, and leasing in the Kingdom of Saudi Arabia	50%	100%
Sukuk issued in the Kingdom of Saudi Arabia	0%	25%
Money market instruments such as deposits, murabaha contracts leasing in the Gulf countries	0%	30%

- The investments are concentrated in money market instruments such as deposits, murabaha contracts, and leasing in the Kingdom of Saudi Arabia at a ratio of 50% to 100% of the fund's net assets and the currency is according to the issuing authority, and the fund manager depends on the internal classification by investing with reputable and well-reputed institutions A sound financial position with low risk in the Kingdom of Saudi Arabia, licensed by the Capital Market Authority and / or the Central Bank, provided that the rate does not exceed 25% with one party.
- The fund manager may invest up to 50% of the fund's net asset value in similar funds with low risks that are publicly offered and licensed by the Capital Market Authority and managed by the fund manager or other fund managers, and the currency of the funds is according to the issuing authority.
- The fund manager has the right to invest up to 25% of the fund's net assets in sukuk in the markets of the Kingdom of Saudi Arabia, according to the available opportunities for the sukuk and the currency according to the issuer of the sukuk. The fund manager will classify all securities and sukuk internally based on financial position and cash flows from operations and management.
- The available investment opportunities are evaluated by selecting the best returns that are commensurate with the fund's objectives and investment strategies. The fund manager

employs his specialized research and analytical capabilities to reach promising investment opportunities in sukuk, murabaha contracts, and similar investment funds that have a good reputation in terms of performance.

- The fund manager may invest up to 30% of the fund's net assets value in money market instruments such as deposits, murabaha contracts and leasing in the Gulf countries.
- The fund manager may borrow provided that the size of the borrowing does not exceed 10% of the net asset value of the fund, provided that the loan period does not exceed one year.
- The fund manager invests securities and / or deals with banks and financial institutions operating in the Kingdom of Saudi Arabia and the Gulf states.
- In the case of investing in other similar funds, whether they are managed by the fund manager himself or other fund managers, and the currency is according to the currency of the invested fund, and it will not exceed 20% of the net asset value of the invested fund, and these funds are selected based on performance and size Fund and expenses.
- Investments will not be made in securities derivatives.
- The fund may deal with the fund manager or any of its affiliates as principal for its own account in accordance with Article (43) of the investment funds regulations, and the fund manager may use the proceeds of the murabaha operations in various operations, including, but not limited to, financing the margin operations of its clients.

3. **Distribution of Profits Policy:** All the profits will be reinvested back in the Fund. So, profits will not be distributed for subscribers.

4. We would like to point out that the Fund's reports are available upon request free of charge. It can also be obtained directly by visiting the company's website www.yaqeen.sa.

5. The funds benchmark index and its service provider:

Three months Saudi Arabia interbank offered rate (which is determined as the average offer rate offered for three months by Saudi banks in Saudi riyals)

The following table shows the distribution of the Fund's investments as at the end of 2023 as a percentage of the total assets.

Fund's Investments Distribution	As of 31-Dec-2023
Murabaha Deals	86.79%
Other Similar Funds	10.41%
Cash	2.80%
Total	100.00%

4. Performance report of the investment fund during the period:

- Yaqeen SAR Murabaha fund able to generate a return of 4.63% for the full year of 2023 compared to benchmark return of 6.28, affected by the rise in interest rates at the beginning of the year due to the Federal Reserve policy, which in turn began to raise interest rates to reduce inflation rates, Which affected all local money market funds and our NAV by reduced the AUM size of the fund.
- The fund was able to restructured the allocation of the fund to catch the increase of the rates, in addition, adding most optimal counterparties along with managing the duration of the fund to capture the rate hikes which are likely to come soon. Increasing in interest rates have Increased the Risk free rate, WACC, Margin trading costs (affects liquidity). We expect the forward running yield for the fund in 2024 to target 5.70% as global inflation to decline to 4.1% in 2024.

Independent Auditor's Report

To the unitholders of Yaqeen SAR Murabaha Fund

Opinion

We have audited the financial statements of **Yaqeen SAR Murabaha Fund** (the "Fund") managed by Yaqeen Capital (the "Fund Manager"), which comprise the statement of financial position as at 31 December 2023, and the statements of profit or loss and other comprehensive income, changes in net assets (equity) attributable to unitholders and cash flows for the year then ended, and notes, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISA") that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards), that is endorsed in the Kingdom of Saudi Arabia (the "Code"), that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with the Code's requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matter

The financial statements of the Fund as at and for the year ended 31 December 2022, were audited by another auditor who expressed an unmodified opinion on those financial statements on 30 March 2023.

Responsibilities of the Fund Manager and Those Charged with Governance for the Financial Statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA, the applicable provisions of the Investment Funds Regulations issued by the Board of the Capital Market Authority, the Fund's Terms and Conditions and for such internal control as Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Fund's Board, is responsible for overseeing the Fund's financial reporting process.

KPMG professional Services, a professional closed jointstock company registered in the Kingdom of Saudi Arabia. With the paid-up capital of SAR 40,000,000 (previously known as "KPMG Al Fozan & Partners Certified Public Accountants") A non-partner member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee. Independent Auditor's Report

To the unitholders of Yaqeen SAR Murabaha Fund (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISA that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISA that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of **Yaqeen SAR Murabaha Fund** (the "Fund").

YAQEEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

1 GENERAL INFORMATION

Yaqeen SAR Murabaha Fund (the "Fund") is a fund established under an agreement between Yaqeen Capital ("Fund Manager") and Fund Investors ("Unitholders"). The Fund's objectives are to achieve return and provide liquidity in accordance with capital market rates on the short term and maintain Unitholders' investments. The Fund provides to investors investment solutions in accordance with Islamic Shariah to achieve competitive returns from the market from short-term Murabaha investments. The Fund is "open-ended" and does not distribute any dividends to the Unitholders. Instead, all profits collected in the fund are reinvested and reflected in the price of the Fund's unit.

The address of the Fund Manager is as follows:

Yaqeen Capital
Olaya Street, P.O. 884
Riyadh 11421
Kingdom of Saudi Arabia

Yaqeen Capital Company is the administrator of the Fund. Further, Al-Bilad Capital Company is the custodian of the Fund as per the terms and conditions of the Fund.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund. In addition, the Unitholders are considered as owners benefiting from the Fund's assets.

The Capital Market Authority (CMA) license was granted to the Fund on 12 Jumada Al Akhir 1429 H (corresponding to 16 June 2008). The Fund commenced operations on 9 Rajab 1429 H (corresponding to 12 July 2008).

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by CMA on 3 Dhul Hija 1427H (corresponding to 24 December 2006) as amended by the resolution of CMA board on 16 Sha'aban 1437H (corresponding to 23 May 2016). It is further amended by the resolution of CMA board on 12 Rajab 1442H (corresponding to 24 February 2021).

2 BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The Fund can recover or settle all its assets and liabilities within 12 months from the reporting date.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the statement of financial position. Instead, assets and liabilities are presented in order of liquidity.

The Fund has also complied with Investment Funds Regulations published by CMA and Fund's terms and conditions, information memorandum and key information summary (collectively hereinafter referred to as "Terms and Conditions") with respect to preparation and presentation of these financial statements.

YAQEEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

2 BASIS OF PREPARATION (CONTINUED)

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for the financial assets at fair value through profit or loss that are measured at fair value.

Furthermore, these financial statements are prepared, using the accrual basis of accounting and are based on the going concern basis.

2.3 Functional and presentation currency

These financial statements are presented in Saudi Riyal (SR), which is also the functional currency of the Fund. All financial statements presented has been rounded to the nearest SR unless stated otherwise.

2.4 Financial Year

The financial year of the Fund commences on 1 January and ends on 31 December of each calendar year.

2.5 Use of estimates and judgments

In the ordinary course of business, the preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. There are no areas of significant judgment or critical assumption used in the preparation of these financial statements.

3 APPLICATION OF NEW AND REVISED STANDARDS

3.1 New standards

Following are the amendments to standards which are effective for annual periods beginning on or after 1 January 2023. The adoption of these new standards did not have a significant impact on the financial statements of the Company.

- Narrow scope amendments to IAS 1, Practice statement 2 and IAS 8
- Amendment to IAS 12- deferred tax related to assets and liabilities arising from a single transaction
- IFRS 17, 'Insurance contracts', as amended in December 2021

3.2 Standards issued but not yet effective

Following are the new amendments to standards, which are effective for annual periods beginning on, or after 1 January 2024 and earlier application is permitted however, the Company has not early adopted them in preparing these financial statements. The following standards are not expected to have a significant impact on the financial statements of the Company upon adoption:

- Amendments to IAS 1, Presentation of financial statements', on classification of liabilities
- Amendments to IFRS 10 and IAS 28 related to sale or contribution of assets between an Investor and its Associate or Joint Ventures
- Amendment to IFRS 16, Lease Liability in a Sale and Leaseback
- Amendments to IAS 1, Non-current Liabilities with Covenants

YAQEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

4 MATERIAL ACCOUNTING POLICIES

The accounting policies applied in the preparation of these financial statements are set out below. The accounting policies used in the preparation of these financial statements are consistent with those used in the preparation of the annual financial statements for the year ended December 31, 2022. Based on the adoption of new standard and in consideration of current economic environment, the following accounting policies are applicable effective January 1, 2023 replacing, amending, or adding to the corresponding accounting policies set out in 2022 annual financial statements.

4.1 Cash and cash equivalents

Cash and cash equivalents as referred to in the statement of cash flows comprise current account with the bank.

4.2 Financial instruments

4.2.1 Initial recognition and measurement

All regular way purchases and sales of financial assets are recognized / derecognized on the trade date (i.e. the date that the Fund executes purchase or sale of the assets). Regular way purchase or sale of financial assets that require settlement of assets within the time frame generally established by regulation or convention in the marketplace. All other financial assets and liabilities (including assets and liabilities designated at fair value through profit or loss) are initially recognized on trade date at which the Fund becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss. For all other financial assets and financial liabilities transaction costs are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

4.2.2 De-recognition of financial assets

Financial assets are derecognized when the contractual rights to the cash flows from the financial assets expire, or when the financial assets and substantially all the risks and rewards are transferred.

4.2.3 Classification and subsequent measurement of financial assets

Financial assets are classified into the following specified categories:

- Financial assets at fair value through profit or loss.
- Financial assets at fair value through other comprehensive income; or
- Financial assets at amortised cost.

Debt instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective.

Classification and subsequent measurement of debt instruments depend on:

- (i) *The Fund's business model for managing the asset; and*

YAQEEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.2 Financial instruments (continued)

4.2.3 Classification and subsequent measurement of financial assets

(ii) The cash flow characteristics of the asset.

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and profit, and that are not designated at FVTPL, are measured at amortised cost. The carrying amount of these assets is adjusted by any expected credit loss allowance recognized in profit or loss. Profit income from these financial assets is included in ‘Special finance income’ using the effective interest rate method.
- **Fair value through other comprehensive income:** Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets’ cash flows represent solely payments of principal and profit, and that are not designated at financial assets at FVTPL, are measured at FVOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, special finance income and foreign exchange gains and losses on the instrument’s amortised cost are recognized in profit or loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in other comprehensive income is reclassified from equity to profit or loss. Profit income from these financial assets is included in ‘Special finance income’ using the effective interest rate method.
- **Fair value through profit or loss:** Financial assets that do not meet the criteria for amortized cost or FVOCI are classified as financial assets at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value is presented in the profit or loss in the year in which it arises.

The Fund has not classified any of its debt instruments at fair value through other comprehensive income or fair value through profit or loss.

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer’s perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer’s net assets. Examples of equity instruments include basic ordinary shares.

The Fund subsequently measures all equity investments at FVTPL, except where the Fund’s Manager has elected, at initial recognition, to irrevocably designate an equity investments at FVOCI. The Fund’s policy is to designate equity investments as FVOCI when those investments are held for purposes other than to generate investment returns. When this election is used, fair value gains and losses are recognized in other comprehensive income and are not subsequently reclassified to the profit or loss, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognized in the profit or loss as ‘Dividend income’ when the Fund’s right to receive payments is established. The Fund has not classified any of its equity investments at fair value through other comprehensive income.

YAQEEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.2 Financial instruments (continued)

4.2.4 Impairment of financial assets

The Fund considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1');
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2'); and
- 'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date. However, none of the Fund's financial assets fall into this category.

'12-month expected credit losses' are recognized for the first category while 'lifetime expected credit losses' are recognized for the second and third category. Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument. The value of financial assets held at amortized cost has been taken into account in the calculation of expected credit loss. Financial assets held at amortized cost include bank balances. Bank balances are held at banks with high credit rating.

4.2.5 Classification and measurement of financial liabilities

Liabilities are recognized on an accrual basis for amounts to be paid in the future in return for services received, whether or not billed by the provider.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Fund has designated a financial liability at FVTPL.

Subsequently, financial liabilities are measured at amortized cost using the effective interest rate method.

4.2.6 Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Fund has access at that date. The fair value of a liability reflects its non-performance risk.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as 'active' if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The Fund measures instruments quoted in an active market at the market price because this price provides a reasonable approximation of the exit price.

YAQEEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

4.2 Financial instruments (continued)

4.2.7 Offsetting

Financial assets and financial liabilities are offset, and the net amount is presented in the statement of financial position when, and only when, the Fund currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

4.3 Equity attributable to Unitholders

The net assets attributable to the Unitholders comprise redeemable units issued, and accumulated profit generated by the Fund. The redeemable units are classified as equity as explained below.

(i) Redeemable Units

Units subscribed and redeemed are recorded at the net assets value per unit on the Valuation Day for which the subscription request and redemption applications are received.

The Fund classifies its units as an equity instrument if the redeemable units have all of the following features:

- It entitles the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation.
- The instrument is in the class of instruments that is subordinate to all other classes of instruments.
- All financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features.
- The instrument does not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata shares of the Fund's net assets.
- The total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the Fund over the life of the instrument.

In addition - in order to classify instruments as equity - the Fund must have no other financial instrument or contract that has:

- Total cash flows based substantially on the profit or loss, the change in the recognized equity or the change in the fair value of the recognized and unrecognized equity of the Fund; and
- The effect of substantially restricting or fixing the residual return to the instrument holders.

The Fund's redeemable participating units meet the definition of puttable instruments classified as equity instruments under IAS 32. 16(A-B) and accordingly, are classified as equity instruments.

The Fund continuously assesses the classification of the redeemable units. If the redeemable units cease to have any of the features or meet all the conditions set out in paragraphs 16A and 16B of International Accounting Standard (IAS 32), the Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognized in net assets attributable to Unitholders. The subscription and redemption of redeemable units are accounted for as equity transactions as long as units are classified as equity.

YAQEEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

4 MATERIAL ACCOUNTING POLICIES (CONTINUED)

(ii) Trading in the units

Units of the Fund are made available for purchase only in the Kingdom of Saudi Arabia at Yaqeen Capital branches by natural and corporate persons. The net asset value of the Fund is determined on the Valuation Day by dividing the net value of assets (fair value of total assets minus liabilities) by the total number of outstanding units on the relevant Valuation Day.

4.4 Net assets value per unit

Net assets value per unit disclosed in the statement of financial position is calculated by dividing the net assets of the Funds by the number of units in issue at the reporting date.

4.5 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the amount can be reliably measured, regardless of when payment is being made. Revenue is measured at the fair value of the consideration received or receivable, excluding discounts and taxes.

Realized gains and losses on investments at FVTPL sold are determined on a weighted average cost basis. Dividend income is recognized in the profit or loss when declared (i.e. when the Fund's right to receive the dividend is established).

4.6 Management fee, custody fee and other expenses

The Fund's expenses include management fee, custody fee and other expenses. These expenses are recognised on accrual basis. Management and custody fee are based on predetermined rates as specified in the Terms and Conditions of the Fund. Detailed policies are as follows:

4.6.1 Management fee

The Fund Manager charges the Fund, on every valuation day, a management fee at an annual rate of 0.5% (31 December 2022: 0.5%) of the Fund's net assets value.

4.6.2 Custody fee

The Fund accrues custody fee at rate of 0.02% annually of the assets under reservation (31 December 2022: 0.02% annually). These charges are accrued on each dealing day.

4.6.3 Other expenses

The Fund Manager recovers from the Fund any other expense incurred on behalf of the Fund at rates specified in the Terms and Conditions of the Fund. These expenses include audit fee, benchmark fee, regulatory fee, legal, brokerage, independent director's remuneration, and other similar charges.

5 CASH AND CASH EQUIVALENTS

	31 December 2023	31 December 2022
Cash at banks	<u>11,253,136</u>	<u>18,898,623</u>

Cash and cash equivalent comprise balances held with Al Bilad Bank which has a A3 long term credit rating as per Moody's.

YAQEEEN SAR MURABAHA FUND
 (Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
 (All amounts are in Saudi Riyals unless stated otherwise)

6 FINANCIAL ASSETS AT AMORTISED COST

This balance consists of the Fund's investment in Murabaha contracts with low risk fixed-rate commodities at local banks and financial institution. These investments are initially measured at cost and are subsequently measured at amortised cost.

The following is breakdown of the commodities invested.

	31 December 2023	31 December 2022
Palladium	133,000,000	330,982,963
Platinum	138,500,000	265,791,667
Palm Oil	25,328,472	-
Copper	24,000,000	-
Nama	23,000,000	-
Aluminum	-	70,444,333
Nickel	-	35,000,000
	<u>343,828,472</u>	<u>702,218,963</u>
Accrued Murabaha income	<u>5,573,496</u>	<u>8,405,653</u>
	<u>349,401,968</u>	<u>710,624,616</u>

Movement in investments carried at fair value at amortised cost is as follows:

	31 December 2023	31 December 2022
Opening balance	710,624,616	2,331,008,890
Purchases during the year	1,406,447,449	3,591,073,348
Matured during the year	(1,790,418,145)	(5,262,331,756)
	<u>326,653,920</u>	<u>659,750,482</u>
Murabaha contract commission income	17,174,552	42,468,481
Accrued Murabaha income	<u>5,573,496</u>	<u>8,405,653</u>
Closing balance	<u>349,401,968</u>	<u>710,624,616</u>

6.1 The average remaining maturity for the Murabaha contracts lies between 6 to 12 months with an average profit rate of 6.08%.

6.2 As these balances are held with banks having sound credit rating there the impact of expected credit losses (ECL) is considered to be immaterial to these financial statements.

9 OTHER LIABILITIES

	Note	31 December 2023	31 December 2022
Opening balance		176,569	149,450
Expense for the year	9.1 & 9.2	292,084	653,974
Payment made during the year		(307,390)	(626,855)
Closing balance		161,263	176,569

Other fees include custody fee and other expenses which are based on predetermined rates as specified in the Terms and Conditions of the Fund. These expenses are recognised on accrual basis. Detailed policies are as follows:

9.1 Custody fee

The Fund accrues custody fee expense at an annual rate of 0.02% (31 December 2022: 0.02%) of the net assets value. These charges are calculated and accrued on each dealing day.

9.2 Other expenses

The Fund Manager recovers from the Fund any other expense incurred on behalf of the Fund as per Term and Conditions of the Fund.

10 CONTINGENCIES AND COMMITMENTS

There are no contingencies and commitments as at 31 December 2023 and 31 December 2022.

11 INCOME FROM MURABAHA CONTRACTS AND OTHERS

	31 December 2023	31 December 2022
Murabaha income	22,748,048	50,874,134
	22,748,048	50,874,134

12 TRANSACTIONS AND BALANCES WITH RELATED PARTIES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

Within the normal course of business, the Fund deals with related parties that are in turn subject to the Fund's terms and conditions.

The Fund Manager and companies related to the Fund Manager are considered as related parties to the Fund.

 (All amounts are in Saudi Riyals unless stated otherwise)

13 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The Fund measures instruments quoted in an active market at a market price, because this price is assessed to be a reasonable approximation of the exit price.

The fair value hierarchy consists of the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for assets and liabilities.

Investments based on inputs other than quoted prices included within level 1, that are observable for the asset or liability are categorized as level 2, these investments have been valued using the net asset value of the funds available on Tadawul (Saudi exchange).

The following table shows the carrying amount and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and financial liabilities not measured at fair value as the carrying amount is a reasonable approximation of fair value due to the short-term duration of financial instrument. The fair value of investments measured at FVTPL are based on inputs other than quoted prices in active markets and are therefore classified within level 2.

Financial assets at FVTPL

	Level 1	Level 2	Level 3	Total
31 December 2023	-	41,932,384	-	41,932,384
31 December 2022	-	188,686,438	-	188,686,438

14 FINANCIAL INSTRUMENTS RISK MANAGEMENT

The Fund's objective is to ensure the Fund's ability to continue as a going concern so that it can continue to provide optimal returns for the Unitholders and ensure reasonable safety of the Unitholders.

The Fund's activities expose it to a variety of financial risks: credit risk, liquidity risk and market risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises the Fund Manager, which is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks is primarily set up to be performed based on the limits established by the Fund Board. The Fund has its Terms and Conditions document that set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

 (Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
 (All amounts are in Saudi Riyals unless stated otherwise)

14 FINANCIAL INSTRUMENTS RISK MANAGEMENT (CONTINUED)

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge its obligation and cause the other party to incur a financial loss.

The Fund's policy is to conclude financial instrument contracts with reputable counterparties. The Fund seeks to reduce credit risk by monitoring credit exposures, setting limits for transactions with specific counterparties, and constantly assessing the solvency of such parties.

The table below shows the maximum exposure to credit risk for the components of the statement of financial position.

	31 December 2023	31 December 2022
Financial assets at amortised cost	343,828,472	702,218,963
Cash and cash equivalents (note 5)	11,253,136	18,898,623
	<u>355,081,608</u>	<u>721,117,586</u>

The Fund measures credit risk and expected credit losses ("ECL") using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any ECL.

All financial assets were considered for ECL as on 31 December 2023 and 31 December 2022. However, the impact of ECL on these assets was immaterial as the Fund is not exposed to significant credit risk and there is no history of default on recovery of these balances.

The Fund Manager reviews the credit concentration of the investment portfolio, depending on the counterparties. As at 31 December 2023 and 31 December 2022 the Fund has investments with credit ratings ranging from A- to BBB+.

The Fund is not exposed to significant credit risk to the financial instruments as the Fund invests in Murabaha contracts with short-term and high-stability commodities. The Cash and cash equivalent comprise balances held with Al Bilad Bank which has a A3 long term credit rating as per Moody's.

b) Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in raising funds to meet its commitments associated with financial liabilities. Liquidity risk may result from an inability to sell a financial asset quickly at an amount close to its fair value.

The Fund's Terms and Conditions provide for the subscription and redemptions of units on dealing days during the week and it is, therefore, exposed to the liquidity risk of meeting Unitholder's redemptions. The Fund's investments are readily realizable, and the units can easily be redeemed at any time. The Fund Manager monitors the liquidity requirements on a regular basis and seeks to ensure that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio, or obtaining funding from related parties.

YAQEEEN SAR MURABAHA FUND
(Managed By Yaqeen Capital)
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2023
(All amounts are in Saudi Riyals unless stated otherwise)

14 FINANCIAL INSTRUMENTS RISK MANAGEMENT (CONTINUED)

c) Market risk

i) Commission rate risk

Commission rate risk arises from the possibility that changes in market special commission rates will affect future profitability or the fair value of the financial instruments.

As of the date of the statement of financial position, the Fund is not exposed to significant commission rate risk as commission rate is fixed in Murabaha contracts.

ii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to a change in foreign exchange rates.

(ii) Currency risk (continued)

The functional currency of the Fund is Saudi Riyals. As the Fund's financial assets and financial liabilities are denominated in its functional currency, the Fund is not subject to currency risk.

iii) Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements. The price risk arises primarily from uncertainty about the future prices of the financial instruments that the Fund holds.

The Fund is not exposed to listed equity instruments' price risk as the Fund holds no such investments.

15 CAPITAL MANAGEMENT

The capital of the Fund is represented by net assets attributable to Unitholders of redeemable units. The net assets attributable to Unitholders of redeemable units can change significantly on each Valuation Day, as the Fund is subject to subscriptions and redemptions at the discretion of Unitholders on every Valuation Day, as well as changes resulting from the Fund's performance. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for Unitholders, provide benefits for other stakeholders and maintain a strong capital base to support the development of the investment activities of the Fund.

The Fund Board and the Fund Manager monitor capital on the basis of the value of net assets attributable to Unitholders.

16 UNIT VALUE RECONCILIATION

In accordance with CMA circular no. 1/6/7218/17 dated 13 Rabi al-Thani 1439H (corresponding to 31 December 2017), the CMA Board decided on 10 Rabi al-Thani 1439H (corresponding to 28 December 2017) to restrict the recording of expected credit losses (ECL) calculated in accordance with IFRS 9 only for the purpose of financial reporting.

All financial assets held at amortized cost were considered for ECL as on 31 December 2023. However, the impact of ECL on these assets was immaterial as cash and cash equivalents and Murabaha deals are

held with bank having sound credit rating and there is no history of default or recovery of these balances. Accordingly, this financial statement do not contain any significant ECL adjustments and therefore reconciliation of the unit price calculated according to the applicable financial reporting framework to the unit price calculated for the purpose of unit transactions is not required.
