AlAhli Saudi Small and Mid-Cap Equity Fund

صندوق الأهلي لأسهم الشركات السعودية الصغيرة والمتوسطة

Investment Fund Information

معلومات صندوق الاستثمار

Investment Objective

أهداف الاستثمار

AlAhli Saudi Small and Mid-Cap Equity Fund investment objective is to generate long-term capital growth through investing primarily in Saudi small and mid-Cap companies in the Saudi equity market in accordance with the Sharia guidelines issued by the Sharia Board.

صندوق الأهلي لأسهم الشركات السعودية الصغيرة والمتوسطة يهدف إلى تحقيق النمو في رأس المال على المدى الطويل من خلال الاستثمار في أسهم الشركات الصغيرة والمتوسطة في سوق الأسهم السعودي وفقاً للمعايير الشرعية الصادرة عن الهيئة الشرعية للصندوق.

Investment Policies

سياسات الاستثمار وممارساته

The fund invests primarily in sharia compliant Saudi small and mid-cap companies listed in the Saudi equity market including IPOs and right issues, and ETFs authorized by Capital Market Authority. In addition, the Fund may invest in real estate investment traded funds and shares of companies listed on the Saudi parallel market (Nomu), including IPOs and right issues. The fund may also invest in mutual funds that invest in Saudi or GCC markets.

الاستثمار بشكل أساسي في أسهم الشركات السعودية الصغيرة والمتوسطة المدرجة في السوق الرئيسية المتوافقة مع المعايير الشرعية ويشمل ذلك الطروحات الأولية وحقوق الأولوية، وصناديق المؤشرات المتداولة ETFs المخصصة من هيئة السوق المالية. بالإضافة إلى ذلك، يجوز للصندوق الاستثمار في صناديق الاستثمار العقاري المتداولة، وأسهم الشركات المدرجة في السوق الموازية السعودية (نمو) ويشمل ذلك الطروحات الأولية وحقوق الأولوية. كما يجوز للصندوق الاستثمار في صناديق استثمارية تستثمر في الأسواق السعودية أو الخليجية.

Distribution of Income & Gain Policy

سياسة توزيع الدخل والأرباح

Income and dividends will be reinvested in the Fund. No income or dividends will be distributed to Unitholders.

يتم إعادة استثمار الدخل والأرباح في الصندوق، ولا يتم توزيع أي دخل وأرباح على مالكي الوحدات.

- The fund's reports are available upon request free of charge.

- متاح تقارير الصندوق عند الطلب وبدون مقابل.

Material Changes

تغيرات جوهرية حدثت خلال الفترة

- Crude oil prices (Brent) averaged USD 43/bbl during 2020, down 33% from 2019 levels on average basis, and exhibited extremely volatile trends during the year on two counts, namely (1) collapse and subsequent restoration of OPEC plus arrangements and (2) COVID-19 related lock-down implications. The range of daily oil prices was unusually wide, with a low of USD 19/bbl and a high of USD 69/bbl witnessed during the year. The prices saw a 27% QoQ increase during the last quarter of the year and closed the year with an overall decline of 22% from 2019 closing levels.
- The Saudi market continued on its induction path into two premier international indices, FTSE EM and MSCI EM during the year under review. Net foreign inflows of nearly USD 4.7 bln in 2020 took overall foreign ownership to USD 45 bln at Tadawul (excluding strategic interests).
- The Saudi government came up with fairly calculated and efficient relief measures to avert negative implications of COVID-19. Despite capacity constraints, the government
- بلغ متوسط أسعار النفط الخام 43 دولار للبرميل خلال عام 2020 ، بانخفاض وقدره 33% مقارنة بمستويات عام 2019، وشهدت الأسعار تقلبات حادة خلال العام، بسبب (1) انهيار اتفاق أوبك وبعدها الوصول إلى اتفاق آخر، (2) الآثار المترتبة على حظر التجول بسبب فيروس كورونا. كان نطاق أسعار النفط اليومية واسعاً بشكل غير عادي، حيث سجل انخفاض قدره 19 دولاراً أمريكياً للبرميل وأعلى سعر بلغ 69 دولاراً أمريكياً للبرميل خلال العام. وشهدت الأسعار زيادة بنسبة 27% على أساس ربع سنوي خلال الربع الأخير من العام وأغلقت العام بانخفاض إجمالي بنسبة 22% عن مستويات الإغلاق لعام 2019.
- واصل السوق السعودي مساره في مؤشرات الأسواق الناشئة FTSE EM و MSCI EM ومن خلال المراجعة الدورية خلال العام فقد نتج عن ذلك زيادة في التدفقات المالية من المستثمرين الأجانب بلغت تقريباً 45 مليار دولار أمريكي في سوق الأسهم السعودية (بعد استثناء ملكية المستثمر الاستراتيجي الأجنبي) خلال عام 2020.
- قامت الحكومة السعودية بإجراءات معتدلة لتجنب الآثار السلبية لفيروس كورونا. بالإضافة إلى ذلك قدمت الحكومة حوافز كبيرة تصل إلى 5% من الناتج المحلي الإجمالي.
- كان الأداء الاقتصادي للمملكة خلال سلباً عام 2020 بسبب التباطؤ في

- offered sizeable stimulus of up to 5% of GDP.
- The Kingdom's economic performance during FY20 was negative owing to COVID-19 related global slowdown. Fiscal deficit increased to nearly 12% of GDP whereas oil output stayed at 9.2 mn bbl/d, approximately 6% lower YoY. The Kingdom's PMI recorded a 26-month low of 42 in Mar-20. However, activity reported a swift recovery since the easing of lockdowns, with PMI recovering to near 2019-high levels of 57 by Dec-20.
 - Nearly 225 bp drop in US Fed Target Rate to a bottom-level of 0.25% by Mar-20 from Sep-19 peak, and a consequent 70%+ decline in SAIBOR from 2019 peak created substantial interest in equities investing. Tadawul reported 1.4 times YoY jump in average daily traded value during 2020 to USD 2.2 bln, recording a 15-year high ADVT.
 - The 2021 budget has a clear focus on shifting the onus of the development spending to the private sector, with the government rationalizing overall spending via seeking productivity gains and introducing various efficiency measures in the ministries. Furthermore, the government will continue its focus on decreasing dependency on oil revenues.
- الاقتصاد العالمي، وارتفع العجز المالي إلى ما يقارب 12% من الناتج المحلي الإجمالي. في حين انخفض إنتاج النفط بحوالي 6%، وصولاً إلى 9.2 مليون برميل في اليوم. وسجل مؤشر مديري المشتريات في المملكة أدنى مستوى خلال 26 شهراً مسجلاً مستوى 42 في مارس-2020، وبعد تخفيف إجراءات الحظر شهد مؤشر مديري المشتريات تعافي ملحوظاً مسجلاً مستويات قريبة من أعلى مستوياتها في 2019 عند 57 في شهر ديسمبر 2020.
- بانخفاض حوالي 225 نقطة أساس في معدل الفائدة المستهدف من الاحتياطي الفيدرالي الأمريكي إلى المستوى الأدنى 0.25% بحلول مارس 2020 وبالتالي الانخفاض في معدل السايبور +70% أدى إلى خلق اهتماماً كبيراً بالاستثمار في الأسهم. خلال عام 2020، شهد تداول قفزة في متوسط القيمة المتداولة اليومية تعادل 1.4 مرة مقارنة بالعام السابق لتصل إلى 2.2 مليار دولار مسجلاً أعلى مستوى خلال 15 سنة.
 - تركز موازنة عام 2021 بشكل واضح على تحويل عبء الانفاق التنموي إلى القطاع الخاص، حيث تقوم الحكومة بترشيد الانفاق بشكل عام من خلال السعي إلى تدعيم الطاقة الإنتاجية وإجراءات لتعزيز الكفاءة. علاوة على ذلك، ستواصل الحكومة تركيزها على تقليل الاعتماد على العوائد النفطية.

Exercising of voting rights

The Fund Manager has exercised voting rights, for more details kindly refer to the "Exercising of voting right Annex".

Investment Activities

Due to the spread of COVID-19, future earnings visibility was limited. As a result, the fund manager sought to increase the cash level till better earnings outlook is clearer. The fund benefited from pandemic related beneficiary sectors such as Food, Healthcare and telecommunication.

أنشطة الاستثمار

خلال الانتشار الواسع لوباء كورونا، كانت التوقعات المستقبلية للأرباح تتسم بالضبابية. وبالتالي، فضل مدير الصندوق رفع نسبة الكاش حتى تتضح الرؤية تجاه ربحية الشركات. وكذلك استفاد الصندوق من التركز في قطاعات الأغذية، الرعاية الصحية و الاتصالات لاستفادتها من تبعات جائحة كورونا.

Performance

Fund Performance 22.03%
Benchmark Performance 17.20%

أداء الصندوق 22.03%
أداء المؤشر 17.20%

The fund outperformed the benchmark by 483 bps.

تفوق أداء الصندوق عن أداء المؤشر بفارق 483 نقطة أساس.

Independent Auditor's Report

To the Unitholders of AIAhli Saudi Small and Mid-Cap Equity Fund

Opinion

We have audited the financial statements of **AIAhli Saudi Small and Mid-Cap Equity Fund** ("the Fund") managed by NCB Capital Company (the "Fund Manager"), which comprise the statement of financial position as at 31 December 2020, the statements of profit or loss and other comprehensive income, changes in equity attributable to unitholders and cash flows for the year then ended, and notes to the financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2020, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Certified Public Accountants (SOCPA).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the professional code of conduct and ethics that are endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Fund Manager and Those Charged with Governance for the Financial Statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS that are endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority ("CMA"), the Fund's terms and conditions and the Information Memorandum, and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Fund Board, are responsible for overseeing the Fund's financial reporting process.

Independent Auditor's Report

To the Unitholders of AIAhli Saudi Small and Mid-Cap Equity Fund (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of **AIAhli Saudi Small and Mid-Cap Equity Fund** ("the Fund").

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

1 THE FUND AND ITS ACTIVITIES

AlAhli Saudi Small and Mid-Cap Equity Fund (the "Fund") is a Shariah compliant, open-ended investment fund, managed by NCB Capital Company (the "Fund Manager"), a subsidiary of The National Commercial Bank (the "Bank"), for the benefit of the Fund's Unitholders. The Fund is established under article 30 of the Investment Fund Regulations (the Regulations) issued by the Capital Market Authority (CMA).

As defined in Capital Market Authority's (CMA) Regulation No. 2-83-2005 dated 21 Jumada Awal 1426H (28 June 2005) the Fund Manager conducts following securities' activities:

- a) Dealing;
- b) Arranging;
- c) Managing;
- d) Advising; and
- e) Custody;

The Fund's objective is to generate long-term capital growth through investing in small and mid-cap companies in the Saudi equity market in accordance with the Shariah guidelines issued by the Fund Shariah Board.

The terms and conditions of the Fund were originally approved by the CMA through their letter dated 30 June 2008. The Fund commenced its activities on 23 June 2008.

The Fund is governed by the Regulations pursuant to resolution number 1-219-2006 dated 3 Dhul Hijja 1427H (corresponding to 24 December 2006) as amended by the Resolution No. 1/61/2016 of Board of the CMA dated 16 Sha'ban 1437H (corresponding to 23 May 2016) which provided detailed requirements for all funds within the Kingdom of Saudi Arabia.

2. BASIS OF ACCOUNTING

These financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards ("IFRS") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Certified Public Accountants ("SOCPA"), and to comply with the applicable provisions of the Investment Funds Regulations issued by Capital Market Authority, the Fund's terms and conditions and the Information Memorandum.

3. BASIS OF MEASUREMENT

The financial statements have been prepared on a historical cost convention using accrual basis of accounting and going concern concept except for investments measured at fair value through profit or loss ("FVTPL") which are recorded at fair value.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the statement of financial position. Instead, assets and liabilities are presented in order of their liquidity.

ALAHLI SAUDI SMALL AND MID-CAP EQUITY FUND
(Managed by NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

4. FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). These financial statements are presented in Saudi Arabian Riyal (“SAR”) which is the Fund’s functional and presentation currency.

5. CHANGES IN FUND’S TERMS AND CONDITIONS

There is no change in the terms and conditions of the Fund during 2020.

6. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market at a market price, because this price reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The Fund recognizes transfer between levels of fair value at the end of the reporting period during which the change has occurred.

ALAHLI SAUDI SMALL AND MID-CAP EQUITY FUND
(Managed by NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

6. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS
(CONTINUED)

Fair value estimation (continued)

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The fund has classified the investment measured at Fair Value Through Profit or Loss (FVTPL) per the fair value hierarchy as level 1. During the year there has been no transfer in fair value hierarchy for FVTPL investments. Other financial instruments such as cash and cash equivalents, dividend receivables and other payables, the carrying values are a reasonable amounts approximation of the fair value.

7. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated. A number of new standards are effective from 1 January 2020 but they do not have a material effect on the Fund's financial statements.

7.1 *Cash and cash equivalents*

Cash equivalents include cash at bank and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Cash and cash equivalents include bank balances.

7.2 *Receivables*

Receivables are initially recognised when they are originated. A receivable without a significant financing component is initially measured at the transaction price and subsequently at their amortised cost using effective interest / commission rate method. Loss allowance for receivables is always measured at an amount equal to lifetime expected credit losses. A receivable without a significant financing component is initially measured at the transaction price.

7.3 *Financial assets and liabilities*

Classification of financial assets

On initial recognition, a financial asset is measured at its fair value and classified at amortized cost, fair value through profit or loss ("FVTPL") or fair value through other comprehensive income ("FVOCI").

Financial asset at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and commission on the principal amount outstanding.

ALAHLI SAUDI SMALL AND MID-CAP EQUITY FUND
(Managed by NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.3 *Financial assets and liabilities (continued)*

Financial asset at fair value through other comprehensive income ("FVOCI")

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL.

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principle and commission on the principle amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund Manager may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Financial asset at fair value through profit or loss ("FVTPL")

All financial assets not classified as measured at amortized cost or FVOCI are measure at FVTPL.

Business model assessment

The Fund Manager assesses the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice;
- how the performance of the portfolio is evaluated and reported to the Fund Manager;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated- e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realized.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realized in a way that is different from the Fund's original expectations, the Fund does not change the classification of the remaining financial assets held in that business model but incorporates such information when assessing newly purchased financial assets going forward.

Financial assets that are held for trading and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

ALAHLI SAUDI SMALL AND MID-CAP EQUITY FUND
(Managed by NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.3 *Financial assets and liabilities (continued)*

Assessment whether contractual cash flows are solely payments of principal and commission

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Commission / Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (for example: liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and commission, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (for example: non-recourse asset arrangements); and
- features that modify consideration of the time value of money – for example: periodical reset of interest / commission rates.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Fund changes its business model for managing financial assets.

Classification of financial liabilities

The Fund classifies its financial liabilities at amortised cost unless it has designated liabilities at FVTPL.

Recognition and initial measurement

Financial assets at FVTPL are initially recognized on the trade date, which is the date on which the Fund becomes a party to the contractual provisions of the instrument. Other financial assets and financial liabilities are recognized on the date on which they are originated. Financial asset or financial liability is measured initially at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition issue.

Subsequent measurement

Financial assets at FVTPL are subsequently measured at fair value. Net gain or losses including any foreign exchange gains and losses, are recognized in profit or loss in 'realised and unrealised gains / (losses) on FVTPL investments, net' in the statement of comprehensive income.

Financial assets and financial liabilities at amortized cost are subsequently measured at amortized cost using the effective interest / commission method and is recognized in the statement of comprehensive income. Any gain or loss on de-recognition is also recognized in the statement of comprehensive income. The 'amortized cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principle repayments, plus or minus the cumulative commission using effective interest / commission method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

ALAHLI SAUDI SMALL AND MID-CAP EQUITY FUND
(Managed by NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.3 *Financial assets and liabilities (continued)*

Derecognition

The Fund derecognizes a financial asset when the contractual rights to the cash flow from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Fund neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of the financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset that is derecognised) and the consideration received (including any new asset obtained less any new liability assumed) is recognized in the statement of comprehensive income. Any commission in such transferred financial assets that is created or retained by the Fund is recognized as a separate asset or liability.

The Fund enters into transactions whereby it transfers assets recognized on its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. If all or substantially all of the risk and rewards are retained, then the transferred assets are not derecognized. The Fund derecognize a financial liability when its contractual obligations are discharged or cancelled or expire.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Fund has legally enforceable right to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle their liability simultaneously.

Income and expenses are presented on a net basis for gain and losses from financial instruments at FVTPL and foreign exchange gains and losses.

7.4 *Provisions*

A provision is recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provision is not recognised for future operating loss.

7.5 *Equity per unit*

The Fund is open for subscription and redemption of units on every Saudi business day. The equity per unit is calculated by dividing the equity attributable to unitholders included in the statement of financial position by the number of units outstanding at the year end.

7.6 *Distributions to the Unitholders*

Distribution to the Unitholders is accounted for as a deduction from net assets (equity) attributable to the Unitholders.

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.7 *Units in issue*

The Fund classified financial instruments issued as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

The Fund has redeemable units in issue. On liquidation of the Fund, they entitle the holders to the residual net assets. They rank pari passu in all respects and have identical terms and conditions. The redeemable units provide investors with the right to require redemption for cash at a value proportionate to the investor's share in the Fund's net assets at each redemption date as well as in the event of the Fund's liquidation.

Redeemable units are classified as equity as it meets all of the following conditions:

- it entitles the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation;
- it is in the class of instruments that is subordinate to all other classes of instruments;
- all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- the instrument does not include any other features that would require classification as a liability; and
- the total expected cash flows attributable to the instrument over its life are based substantially on the profit or loss, the change in recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the Fund over the life of the instrument

Incremental costs directly attributable to the issue or redemption of redeemable units are recognized directly in equity as a deduction from the proceeds or part of the acquisition cost.

7.8 *Taxation / zakat*

Under the current system of zakat and income tax in the Kingdom of Saudi Arabia, the Fund is exempt from paying any zakat and income tax. Zakat and income tax are considered to be the obligation of the Unitholders and are not provided in the financial statements.

The Value Added Tax ("VAT") applicable for fees and expenses are recognized in the statement of comprehensive income.

7.9 *Dividend income*

Dividend income is recognized in statement of comprehensive income on the date on which the right to receive payment is established. For quoted equity securities, this is usually the ex-dividend date. For unquoted equity securities, this is usually the date on which the shareholders approve the payment of a dividend. Dividend income from equity securities designated as at fair value through profit or loss ("FVTPL") is recognized in statement of comprehensive income in a separate line item.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.10 *Management fee expense*

Management fee expense is recognized in the statement of comprehensive income as the related services are performed.

7.11 *Accrued expenses and other payables*

Accrued expenses and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective commission rate method.

7.12 *New IFRS standards, IFRIC interpretations and amendments thereof, adopted by the Fund*

Below amendments to accounting standards and interpretations became applicable for annual reporting periods commencing on or after 1 January 2020. The Fund manager has assessed that the amendments have no significant impact on the Fund's financial statements.

Standards / Interpretations and Amendments

Amendments to IFRS 3 - Definition of a Business

Amendments to IAS 1 and IAS 8 - Definition of Material

Amendments to References to the Conceptual Framework in IFRS Standards

Amendments to IFRS 9, IAS 39 and IFRS 7 - Interest Rate Benchmark Reform – Phase 1

7.13 *Standards issued but not yet effective*

Standards issued but not yet effective up to the date of issuance of the Fund's financial statements are listed below. The Fund intends to adopt these standards when they become effective.

<i>Standards / Interpretations and amendments</i>	<i>Description</i>	<i>Effective from periods beginning on or after the following date</i>
Amendments to IFRS 16	COVID-19 – Related Rent Concessions	June 1, 2020
IFRS 17	Insurance contracts	January 1, 2023
Amendments to IAS 1	Classification of Liabilities as Current or Non-current	January 1, 2022
Amendments to IAS 37	Onerous contracts – Cost of Fulfilling a contract	January 1, 2022
amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16	Interest Rate Benchmark Reform – Phase 2	January 1, 2021
Amendments to IAS 16	Property, Plant and Equipment: Proceeds before Intended Use	January 1, 2022
Amendments to IFRS 3	Reference to Conceptual Framework	January 1, 2022

The above amended standards and interpretations are not expected to have a significant impact on the Fund's financial statements.

Furthermore, the Capital Market Authority, on March 1, 2021, has issued certain amendments to the Investment Funds Regulations and Glossary of Defined Terms Used in the Regulations and Rules of the Capital Market Authority. These amendments have effective dates starting from May 1, 2021. The Fund Manager is currently in the process of evaluating the impact, if any, of these amendments on the Fund's financial statements.

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

10. UNITS TRANSACTIONS

Transactions in units during the year are summarized as follows:

	<i>For the year ended 31 December</i>	
	<u>2020</u>	<u>2019</u>
	<i>Units' 000</i>	<i>Units' 000</i>
Units at the beginning of the year	42,266	42,164
Units sold	8,774	3,300
Units redeemed	(3,229)	(3,198)
Net increase in units during the year	5,545	102
Units at the end of the year	47,811	42,266

As at 31 December 2020, the top 5 unitholders (2019: top 5) represented 58.19% (2019: 57.12%) of the Fund's units.

11. RELATED PARTY TRANSACTIONS AND BALANCES

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions. The related parties of the Fund include the Fund Manager, other funds managed by the Fund Manager and Parent of the Fund Manager.

<u>Name of entity</u>	<u>Relationship</u>
NCB Capital Company	Fund Manager
National Commercial Bank	Shareholder of Fund Manager

Management fee and other expenses

The Fund is managed and administered by the Fund Manager. For these services, the Fund accrues, daily a management fee, as determined by the Fund Manager, which should not be more than the maximum annual rate of 1.85% p.a. of the Fund's daily equity as set out in the Fund's terms and conditions.

The Fund Manager is also entitled to recover expenses incurred on behalf of the Fund relating to audit, custody, advisory, data processing and other similar charges. The maximum amount of such expenses that can be recovered from the Fund by the Fund Manager is restricted to 0.5% per annum of the Fund's equity at the respective valuation days. These expenses have been recovered by the Fund Manager on an actual basis

11. RELATED PARTY TRANSACTIONS AND BALANCES (CONTINUED)

Transactions with related parties

During the year, the Fund entered into the following transactions, other than those disclosed elsewhere in the financial statements, with related parties in the ordinary course of business. These transactions were carried out on the basis of approved terms and conditions of the Fund. All related party transactions are approved by the Fund Board.

<u>Related party</u>	<u>Nature of transaction</u>	<u>Amount of transactions</u>		<u>Balance as at</u>	
		<u>2020</u>	<u>2019</u>	<u>31 December 2020</u>	<u>31 December 2019</u>
NCBC	Management fee	1,613	1,291		
	Expenses paid on behalf of the fund	326	233	--	--

12. FINANCIAL RISK MANAGEMENT

12.1 Financial risk factors

The Fund's activities expose it to a variety of financial risks including market risk, credit risk, liquidity risk and operational risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises the Fund Manager and is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks is primarily set up to be performed based on the limits established by the Fund Board. The Fund has its Terms and Conditions document that set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

12.1.1 Market risk

'Market Risk' is the risk that changes in market prices – such as commission rates, foreign exchange rates, equity prices and credit spreads – will affect the Fund's income or the fair value of its holdings in financial instruments.

a) Foreign exchange risk

Foreign exchange risk is the risk that the value of future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates and arises from financial instruments denominated in foreign currency.

The Fund does not have any significant foreign exchange risk since the majority of its transactions are carried out in SAR.

(Managed by NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

12. FINANCIAL RISK MANAGEMENT (CONTINUED)

12.1 Financial risk factors (continued)

12.1.1 Market risk (continued)

b) Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements. The price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund closely monitors the price movement of its investments in financial instruments. As of the statement of financial position date, the Fund has investments in equities.

The effect on the equity (as a result of the change in the fair value of investments) due to a reasonably possible change in price of FVTPL investments, with all other variables held constants is as follows:

	<u>31 December 2020</u>	<u>31 December 2019</u>
Effect on equity	±10% <u>9,912</u>	±10% <u>7,505</u>

12.1.2 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund Manager seeks to manage credit risk by monitoring credit exposures, limiting transactions with specific counterparties, and continually assessing the creditworthiness of counterparties. As at the statement of financial position date, the Fund's maximum exposure to credit risk is represented by the carrying amount of cash and cash equivalents, which represent cash at bank with a local Bank having Moody's credit rating of A3 and dividend receivable. There is no impact of ECL on these financial assets.

12.1.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on every Saudi business day and it is, therefore, exposed to the liquidity risk of meeting unitholder redemptions on these days. The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans from the facilities obtained by the Fund Manager.

The Fund manages its liquidity risk by investing predominantly in securities that it expects to be able to liquidate within short period.

(Managed by NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2020

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

12. FINANCIAL RISK MANAGEMENT (CONTINUED)

12.1 *Financial risk factors (continued)*

12.1.4 *Operational risk*

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns to unitholders.

The primary responsibility for the development and implementation of control over operational risks rests with the Risk Management Team. This responsibility is supported by the development of overall standard for the management of operational risk, which encompasses the controls and processes at the service providers and the establishment of service levels with the service providers, in the following areas:

- documentation of controls and procedures
- requirements for
 - appropriate segregation of duties between various functions, roles and responsibilities;
 - reconciliation and monitoring of transactions; and
 - periodic assessment of operational risks faced,
- the adequacy of controls and procedures to address the risks identified;
- compliance with regulatory and other legal requirements;
- development of contingency plans;
- training and professional development;
- ethical and business standards; and
- risk mitigation

12.1.5 *Considerations due to covid-19*

The COVID-19 pandemic continues to disrupt global markets as many geographies are experiencing a "second wave" of infections despite having previously controlled the outbreak through aggressive precautionary measures such as imposing restrictions on travel, lockdowns and strict social distancing rules. The Government of the Kingdom of Saudi Arabia ("the Government") however has managed to successfully control the outbreak to date, owing primarily to the unprecedented yet effective measures taken by the Government, following which the Government has ended the lockdowns and has taken phased measures towards normalization.

Recently, a number of COVID-19 vaccines have been developed and approved for mass distribution by various governments around the world. The Government has also approved a vaccine which is currently available for healthcare workers and certain other categories of people and it will be available to the masses in general during 2021. Despite the fact that there are some uncertainties around the COVID-19 vaccine such as how long the immunity last, whether vaccine will prevent transmission or not etc.; however, the testing results showed exceptionally high success rates. Hence, the Fund continues to be cognizant of both the micro and macroeconomic challenges that COVID-19 has posed, the teething effects of which may be felt for some time and is closely monitoring its exposures.
