Independent auditor's report to the unitholders and the Fund Manager of SNB Capital Global Equity Fund

Report on the audit of the financial statements

Our opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of SNB Capital Global Equity Fund (the "Fund") as at December 31, 2021, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards, that are endorsed in the Kingdom of Saudi Arabia, and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

What we have audited

The Fund's financial statements comprise:

- the statement of financial position as at December 31, 2021;
 - the statement of comprehensive income for the year then ended;
 - the statement of changes in equity attributable to unitholders for the year then ended;
 - the statement of cash flows for the year then ended; and
 - the notes to the financial statements, which include significant accounting policies and other explanatory information.
-

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing, that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund in accordance with the code of professional conduct and ethics, endorsed in the Kingdom of Saudi Arabia, that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Fund Manager and those charged with governance for the financial statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA, and the applicable provisions of the Investment Fund Regulations issued by the Capital Market Authority, and the Fund's terms and conditions and the Information Memorandum, and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with the governance, i.e the Fund Board is responsible for overseeing the Fund's financial reporting process.

Independent auditor's report to the unitholders and the Fund Manager of SNB Capital Global Equity Fund (continued)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing, that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing, that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund Manager's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

SNB Capital Global Equity Fund

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the Year Ended December 31, 2021 and 2020

1 GENERAL

SNB Capital Global Equity Fund (the "Fund") is a public open ended investment fund with the objective of long-term capital growth through investment in Global Shariah Compliant Commodity Equities that derive their primary revenues from the production and distribution of commodities. The Fund invests nearly 90% of its assets in shares of global companies which derive their revenues from the production and distribution of commodities under normal market conditions. The remaining assets are kept in the form of cash in various international currencies or investments in Shariah-compliant money market instruments. All income is reinvested in the Fund and reflected in the unit price.

The Capital Market Authority (the "CMA") on May 31, 2021 has approved the merger of Samba Capital and Investment Management Company ("Samba Capital") into NCB Capital by way of a statutory merger, which will result in all of the rights and obligations of Samba Capital being transferred to NCB Capital. On July 9, 2021, upon the completion of the merger, Samba Capital ceased to exist as a legal entity and NCB Capital continued to exist as the successor legal entity. As a result, NCB Capital replaced Samba Capital as the manager of the Fund and the Fund's terms and conditions were amended accordingly. English name of NCB Capital is amended to become SNB Capital (the "Fund Manager" or "Manager").

The Fund is managed by Fund Manager, a wholly owned subsidiary of Saudi National Bank (the "Bank").

2 REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by the CMA in the Kingdom of Saudi Arabia on 3 Dhul Hijja 1427H (corresponding to December 24, 2006) as amended by the resolution of the CMA Board on 12 Rajab 1442H (corresponding to February 24, 2021).

3 SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

3.1 Basis of preparation

These financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards ("IFRS") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncement issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

Functional and presentation currency

Items included in these financial statements are measured using the currency of the primary economic environment in which the Fund operates (the functional currency). These financial statements are presented in US Dollars (USD) which is the Fund's functional and presentation currency.

Accounting convention

These financial statements have been prepared on a historical cost convention method, except for the re-measurement of investments held at fair value through statement of income (FVIS). Assets and liabilities are presented in order of liquidity.

3.2 Use of estimates in the preparation of the financial statements

The preparation of financial statements in conformity with IFRS as endorsed in the Kingdom of Saudi Arabia requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of any contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's best knowledge of current events and actions, actual results ultimately may differ from those estimates.

The measurement of the expected credit loss (ECL) allowance for financial assets measured at amortised cost is an area that requires the use of complex models and significant assumptions about future economic conditions and credit behaviour.

SNB Capital Global Equity Fund

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the Year Ended December 31, 2021 and 2020

3 SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Use of estimates in the preparation of the financial statements (continued)

A number of significant judgments are also required in applying the accounting requirements for measuring ECL, such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing a group of similar financial assets for the purposes of measuring ECL.

The impact of ECL on the equity of the Fund is insignificant as the substantial exposure of the Fund is held at FVIS as at the reporting date.

3.3 Cash and cash equivalents

Cash and cash equivalents as referred to in the statement of cash flows comprise current accounts with banks.

3.4 Financial instruments

3.4.1 Measurement methods

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Fund becomes a party to the contractual provisions of the instrument. The Fund records its investments on a 'trade date' basis.

At initial recognition, the Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at FVIS, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at FVIS are expensed in the statement of comprehensive income. Immediately after initial recognition, an ECL allowance is recognised for financial assets measured at amortised cost, as described in Note 3.5, which results in an accounting loss being recognised in the statement of comprehensive income when an asset is newly originated. The financial liabilities are subsequently measured at amortised cost unless it has been designated at FVIS.

3.4.2 Classification and measurement of financial assets at FVIS

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

The Fund classifies its financial assets at FVIS. The Fund subsequently measures all equity investments at FVIS, except where the Manager has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income (FVOCI). The Fund's policy is to designate equity investments as FVOCI when those investments are held for purposes other than to trade. When this election is used, fair value gains and losses are recognised in other comprehensive income (OCI) and are not subsequently reclassified to the statement of comprehensive income, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognised in the statement of comprehensive income when the Fund's right to receive payments is established.

SNB Capital Global Equity Fund

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the Year Ended December 31, 2021 and 2020

3 SIGNIFICANT ACCOUNTING POLICIES (continued)

3.5 Impairment of financial assets

The Fund assesses on a forward-looking basis the ECL associated with its financial assets carried at amortised cost. The Fund recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- An unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- The time value of resources; and
- Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Fund does not have significant assets carried at amortised cost and the impact of ECL on the equity in respect of these assets is not significant at the reporting date.

3.6 De-recognition of financial instruments

A financial asset is derecognized, when the contractual rights to the cash flows from the financial asset expire or the asset is transferred and the transfer qualifies for de-recognition. In instances where the Fund is assessed to have transferred a financial asset, the asset is derecognized if the Fund has transferred substantially all the risks and rewards of ownership. Where the Fund has neither transferred nor retained substantially all the risks and rewards of ownership, the financial asset is derecognized only if the Fund has not retained control of the financial asset. The Fund recognizes separately as assets or liabilities any rights and obligations created or retained in the process.

A financial liability is derecognized only when it is extinguished, that is when the obligation specified in the contract is either discharged, cancelled or expires.

3.7 Foreign currencies

Transactions in foreign currencies are translated into US Dollars, which is the functional and presentation currency of the Fund, at the rates of exchange ruling at the date of the transaction. Assets and liabilities denominated in foreign currencies at the statement of financial position date are translated at the rates of exchange ruling at that date. Resulting exchange gains and losses, if any, are taken to the statement of comprehensive income.

3.8 Offsetting

Financial assets and financial liabilities are offset, and the net amount presented in the statement of financial position when, and only when, the Fund currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.9 Accrued expenses and other payables

Accrued expenses and other payables are recognised initially at fair value and subsequently measured at amortised cost.

SNB Capital Global Equity Fund

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the Year Ended December 31, 2021 and 2020

3 SIGNIFICANT ACCOUNTING POLICIES (continued)

3.10 Redeemable units

The net asset value (equity) of the Fund's portfolio is determined on Monday and Wednesday (Valuation Day) of each week's closing prices. The unit price is calculated by subtracting the liabilities from the total assets value, then dividing the equity by the number of units outstanding on a Valuation Day.

The Fund classifies its redeemable units as an equity instrument, if the redeemable units have all of the following features:

- It entitles the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation.
- The instrument is in the class of instruments that is subordinate to all other classes of instruments.
- All financial instruments in the class of instruments that are subordinate to all other classes of instruments have identical features.
- The instrument does not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata share of the Fund's net assets.
- The total expected cash flows attributable to the instrument over the life of the instrument are based substantially on the income statement, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Fund over the life of the instrument.

The Fund's redeemable units meet the definition of puttable instruments classified as equity instruments under IFRS and accordingly, are classified as equity instruments.

3.11 Revenue recognition

Realised gains and losses on sale of investments are determined on a weighted average cost basis. Dividend income is recognised when the right to receive dividends is established. Special commission income, if any, is recognised on an effective yield basis.

3.12 Provisions

Provisions are recognized when the Fund has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

3.13 Zakat and income tax

Zakat and income tax is the obligation of the unitholders and is not provided for in these financial statements.

3.14 Accounting standards effective during the year

The International Accounting Standard Board (IASB) has issued the following amendments to accounting standards, which were effective from January 1, 2021, but do not have any significant impact on the financial statements of the Fund.

- Interest Rate Benchmark Reform — Phase 2 (Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16).
- Amendments to IFRS 4 Insurance Contracts – deferral of IFRS 9

SNB Capital Global Equity Fund

For the Year Ended December 31, 2021 and 2020

3 SIGNIFICANT ACCOUNTING POLICIES (continued)

3.15 Accounting standards issued but not yet effective

The IASB has issued following accounting standards and amendments which are effective from periods on or after January 1, 2022. The Fund has opted not to early adopt these pronouncements and they are not expected to have a significant impact on the financial statements of the Fund.

- Reference to the Conceptual Framework (Amendments to IFRS 3).
- Onerous Contracts – Cost of Fulfilling a Contract (Amendments to IAS 37).
- Annual Improvements to IFRS Standards 2018–2020.
- Property, Plant and Equipment – Proceeds before Intended Use (Amendments to IAS 16).
- Classification of Liabilities as Current or Non-Current (Amendments to IAS 1).
- IFRS 17 Insurance Contracts.

For the Year Ended December 31, 2021 and 2020

7 RISK MANAGEMENT

The Manager has in place policies and procedures to identify risks affecting the Fund's investments and to ensure that such risks are addressed as soon as possible, which include conducting a risk assessment at least once a year. The Manager also applies a prudent spread of risk while taking into consideration the Fund's investment policies, the Term and Conditions, and the Information Memorandum. Furthermore, the Manager makes every effort to ensure that sufficient liquidity is available to meet any anticipated redemption request. The Board of the Fund plays a role in ensuring that the Manager fulfils its responsibilities to the benefit of the Unitholders in accordance with the provisions of the Investment Funds Regulations, the Terms and Conditions and the Information Memorandum.

7.1 Financial risk factors

The Fund's activities are primarily exposed to market risk in addition to the other risks like liquidity and credit risk.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

(a) Market risk

(i) Equity price risk

Equity price risk is the risk that the value of financial instruments will fluctuate because of changes in market prices.

The Fund's investments are susceptible to market price risk arising from uncertainties about future prices. The Manager manages this risk through diversification of its investment portfolio in terms of geographic concentration.

The effect on the statement of comprehensive income (as a result of the change in the fair value of equity instruments held at FVIS as at December 31, 2020) due to a 10% change in the equity indices, keeping all other variables held constant is USD 265,617 (2019: USD 245,301).

Geographic concentration of the investment portfolio of the Fund, is disclosed in note 4.

(ii) Special commission rate risk

Special commission rate risk arises from the possibility that changes in market special commission rates will affect future profitability or the fair value of the financial instruments. As the Fund is not carrying any special commission bearing investments, the Fund is not subject to significant special commission rate risk.

(iii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to a change in foreign exchange rates. The Fund's financial assets and liabilities are denominated in US Dollars and the Fund is not exposed to any significant currency risks.

(b) Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in realising funds to meet commitments associated with financial liabilities.

The Fund arranges for the subscriptions and redemptions of units on a scheduled basis and is therefore exposed to the liquidity risk of meeting unitholder redemptions. The Manager monitors liquidity requirements on a regular basis and seeks to ensure that sufficient funds are available to meet commitments as they arise. The Fund's financial liabilities are payable within 3 months.

(c) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. Currently, the Fund is not exposed to any significant credit risk. The bank balances are held with banks which have investment grade credit ratings.

7 RISK MANAGEMENT (Continued)

7.2 Capital risk management

The capital of the Fund is represented by the equity attributable to unitholders. The amount of equity attributable to unitholders can change significantly on each Valuation Day, as the Fund is subject to subscriptions and redemptions at the discretion of unitholders on every Valuation Day, as well as changes resulting from the Fund's performance. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns to unitholders, provide benefits to other stakeholders and maintain a strong capital base to support the development of the investment activities of the Fund.

The Fund Board and the Manager monitor capital on the basis of the value of equity attributable to unitholders.

7.3 Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fund uses following hierarchy for determining and disclosing the fair value of financial instruments:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The estimated fair value of the Fund's financial assets and liabilities is not considered to be significantly different from their carrying values. The fair value of investments held at FVIS are based on quoted prices in active markets, and are therefore classified within Level 1.

8 FINANCIAL INSTRUMENTS BY CATEGORY

All financial assets and financial liabilities as at December 31, 2021 and 2020 were classified under amortised cost category except for investments at FVIS which are classified as and measured at fair value.

9 LAST VALUATION DAY

The last Valuation Date for the purpose of the preparation of these financial statements was on December 31, 2021 (2020: December 31, 2020).

10 IMPACTS OF COVID-19

The Coronavirus ("COVID-19") pandemic continues to disrupt global markets as many geographies are experiencing issues due to identification of multiple new variants of this infection. despite having previously controlled the outbreak through aggressive precautionary measures. The Government of the Kingdom of Saudi Arabia, however, managed to successfully control the outbreak to date.

The Fund manager believes that there is minimal impact on the Fund from COVID-19 pandemic. The only negative impact was on the investments that are held by the Fund as there was a fluctuation in Tadawul's index with the outbreak of the pandemic. The Fund Manager will continue to follow the Government policies and advice and, in parallel, the Fund Manager will do utmost to continue operations in the best and safest way possible without jeopardizing the health and safety of the Fund Manager's employees.
