managed by the Fund Manager and supervised by the Fund Board.

e. A statement of any conflict or potential conflict of interest between the interests of a fund board member and the interests of the fund

Members of the Fund Board may be members of other funds that may seek investment objectives similar to those of the Fund. Therefore, in the exercise of its business, a member of the Fund Board may find himself in a situation of potential conflict of duties or interests with one or more funds. However, in such cases, the member shall take into account his obligations to act in the best interests of the Unitholders to the maximum practicable extent and not to overlook his obligations to his other clients when he considers any investment that may involve a potential conflict of interest, and in situations requiring voting, that Member shall refrain from doing so. To the date of issuing the Terms and Conditions, there is no significant business or other interest to the members of the Fund Board, which is likely to conflict with the interests of the Fund.

هـ. تعارض المصالح بين مصالح عضو مجلس إدارة الصندوق ومصالح الصندوق

يجوز لأعضاء مجلس إدارة الصندوق أن يكونوا أعضاء من حين لآخر لصناديق أخرى قد تنشأ أهدافاً استثمارية مماثلة لتلك الخاصة بالصندوق. ولذلك، فمن الممكن أن يجد أحد أعضاء مجلس إدارة الصندوق، في نطاق ممارسته لأعماله، أنه في موقف ينطوي على تعارض محتمل في الواجبات أو المصالح مع واحد أو أكثر من الصناديق. وعلى أي حال، ففي تلك الحالات سوف يراعي عضو مجلس الإدارة التزاماته بالتصرف بما يحقق أقصى مصالح مالكي الوحدات المعنيين إلى أقصى درجة ممكنة عملياً، وعدم إغفال التزاماته تجاه عملائه الآخرين عند الاطلاع بأي استثمار قد ينطوي على تعارض محتمل في المصالح، وفي الحالات التي تتطلب التصويت سوف يمتنع ذلك العضو عن ذلك. علماً أنه إلى تاريخ إعداد الشروط والأحكام، لا يوجد أي نشاط عمل أو مصلحة أخرى مهمة لأعضاء مجلس إدارة الصندوق أو أعضاء مجلس إدارة الصندوق يُحتمل تعارضها مع مصالح الصندوق.

Independent Auditor's Report

To the Unitholders of SNB Capital Emerging Markets Index Fund (formerly known as AlAhli Emerging Markets Index Fund)

Opinion

We have audited the financial statements of **SNB Capital Emerging Markets Index Fund** ("the Fund") managed by **SNB Capital Company** (formerly known as **NCB Capital Company**) (the "Fund Manager"), which comprise the statement of financial position as at 31 December 2021, the statements of profit or loss and other comprehensive income, changes in equity attributable to unitholders and cash flows for the year then ended, and notes to the financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2021, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRS) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the professional code of conduct and ethics that are endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Fund Manager and Those Charged with Governance for the Financial Statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by SOCPA and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority ("CMA"), the Fund's terms and conditions and the Information Memorandum, and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Fund Board, are responsible for overseeing the Fund's financial reporting process.

Independent Auditor's Report

To the Unitholders of SNB Capital Emerging Markets Index Fund (formerly known as AlAhi Emerging Markets Index Fund) (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund Manager's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of **SNB Capital Emerging Markets Index Fund** ("the Fund").

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

1. THE FUND AND ITS ACTIVITIES

SNB Capital Emerging Markets Index Fund (formerly known as AlAhli Emerging Markets Index Fund) (the "Fund") is a Shariah compliant, open-ended investment fund, managed by SNB Capital Company (formerly known as NCB Capital Company) (the "Fund Manager"), a subsidiary of The Saudi National Bank (formerly known as National Commercial Bank) (the "Bank"), for the benefit of the Fund's Unitholders.

NCB Capital Company has completed its merger proceedings with the Samba Capital & Investment Management Company effective 9 July 2021 and the name has been changed to SNB Capital Company.

The Fund's investments are held by Northern Trust Corporation, a custodian appointed by the Fund Manager.

The Fund Manager has appointed an international investment house, Amundi - France, as sub-manager to the Fund. Their duties include opening separate independent investment accounts and managing the Fund's assets in line with the investment strategies and Shariah guidelines.

The Fund invests in equities expected to benefit from growth in Emerging Markets, primarily securities of Shariah compliant companies originated in, but not limited to, China, India, Russia and Brazil. Surplus cash may be invested in Shariah compliant money market, Murabaha funds or in Murabaha contracts.

The terms and conditions of the Fund were originally approved by the Saudi Central Bank (SAMA) and subsequently endorsed by CMA through its letter dated 18 Dhul Hijja 1429H (corresponding to 16 December 2008).

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by Capital Market Authority ("CMA") on 3 Dhul Hijja 1427 H (corresponding to 24 December 2006) thereafter amended on 16 Sha'ban 1437 H (corresponding to 23 May 2016). The Regulations were further amended (the "Amended Regulations") on 17 Rajab 1442 H (corresponding to 1 March 2021), detailing requirements for all funds within the Kingdom of Saudi Arabia. The Amended Regulations have effective dates starting from 19 Ramadan 1442 H (corresponding to 1 May 2021).

The Fund is established under article 31 of the Investment Fund Regulations ("the Regulations") issued by the Capital Market Authority ("CMA").

2. BASIS OF ACCOUNTING

These financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards ("IFRS") as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants ("SOCPA"), and to comply with the applicable provisions of the Investment Funds Regulations issued by Capital Market Authority, the Fund's terms and conditions and the Information Memorandum.

3. BASIS OF MEASUREMENT

The financial statements have been prepared on going concern concept and a historical cost convention using accrual basis of accounting except for investments measured at fair value through profit or loss ("FVTPL") which are recorded at fair value.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the statement of financial position. Instead, assets and liabilities are presented in order of their liquidity.

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

4. FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). These financial statements are presented in United States Dollar (“USD”) which is the Fund’s functional and presentation currency.

5. CHANGES IN FUND’S TERMS AND CONDITIONS

The Fund Manager has updated the terms and conditions of the Fund during the year. The changes include revisions required to align the terms and conditions with the Amended Regulations, to reflect changes in the Fund Board and certain other administrative changes.

6. CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and in any future years affected.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market at a market price, because this price reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The Fund recognizes transfer between levels of fair value at the end of the reporting year during which the change has occurred.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The fund has classified the investment measured at Fair Value Through Profit or Loss (FVTPL) per the fair value hierarchy as level 1. During the year there has been no transfer in fair value hierarchy for FVTPL investments. Other financial instruments such as cash and cash equivalents, other receivables and other payables, the carrying values are reasonable approximation of the fair value.

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

7.1 *Cash and cash equivalents*

Cash equivalents include cash at bank and short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

7.2 *Receivables*

Receivables are initially recognised when they are originated. Receivables without a significant financing component is initially measured at the transaction price and subsequently at their amortised cost using effective interest / commission rate method. Loss allowance for receivables is always measured at an amount equal to lifetime expected credit losses.

7.3 *Financial assets and liabilities*

Classification of financial assets

On initial recognition, a financial asset is measured at its fair value and classified at amortised cost, fair value through profit or loss ("FVTPL") or fair value through other comprehensive income ("FVOCI").

Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and commission on the principal amount outstanding.

Financial assets measured at fair value through other comprehensive income ("FVOCI")

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL.

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and commission on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund Manager may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (continued)

7.3 *Financial assets and liabilities (continued)*

Classification of financial assets (continued)

Financial assets measured at fair value through profit or loss ("FVTPL")

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

Business model assessment

The Fund Manager assesses the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice;
- how the performance of the portfolio is evaluated and reported to the Fund Manager;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - for example whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realized.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realized in a way that is different from the Fund's original expectations, the Fund does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly purchased financial assets going forward.

Financial assets that are held for trading and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

Expressed in US Dollars '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (continued)

7.3 *Financial assets and liabilities (continued)*

Classification of financial assets (continued)

Assessment whether contractual cash flows are solely payments of principal and commission

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. Interest or 'Commission' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (for example: liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and commission, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (for example: non-recourse asset arrangements); and
- features that modify consideration of the time value of money – for example: periodical reset of interest / commission rates.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Fund changes its business model for managing financial assets.

Classification of financial liabilities

The Fund classifies its financial liabilities at amortised cost unless it has designated liabilities at FVTPL.

Recognition and initial measurement

An entity shall recognise a financial asset or a financial liability in its statement of financial position when, and only when, the entity becomes party to the contractual provisions of the instrument. Financial assets measured at FVTPL are initially recognized on the trade date, which is the date on which the Fund becomes a party to the contractual provisions of the instrument. Other financial assets and financial liabilities are recognized on the date on which they are originated.

Financial asset or financial liability is measured initially at fair value plus or minus, for an item not measured at FVTPL, transaction costs that are directly attributable to its acquisition issue.

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (continued)

7.3 *Financial assets and liabilities (continued)*

Subsequent measurement

Financial assets measured at FVTPL are subsequently measured at fair value. Net gain or losses including any foreign exchange gains and losses, are recognized in profit or loss in 'Realised and Unrealized gains / (losses) on FVTPL investments – net' in the statement of comprehensive income.

Financial assets and financial liabilities at amortised cost are subsequently measured at amortised cost using the effective interest / commission method and is recognized in the statement of comprehensive income. Any gain or loss on de-recognition is also recognized in the statement of comprehensive income. The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative commission using effective interest / commission method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

Derecognition

The Fund derecognizes a financial asset when the contractual rights to the cash flow from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Fund neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of the financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset that is derecognised) and the consideration received (including any new asset obtained less any new liability assumed) is recognized in the statement of comprehensive income. Any commission in such transferred financial assets that is created or retained by the Fund is recognized as a separate asset or liability.

The Fund enters into transactions whereby it transfers assets recognized on its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. If all or substantially all of the risk and rewards are retained, then the transferred assets are not derecognized. The Fund derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Fund has legally enforceable right to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle them liability simultaneously.

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (continued)

7.3 *Financial assets and liabilities (continued)*

Income and expenses are presented on a net basis for gain and losses from financial instruments at FVTPL and foreign exchange gains and losses.

7.4 *Provisions*

A provision is recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provision is not recognised for future operating losses.

7.5 *Equity per unit*

The Fund is open for subscription and redemption of units on every US business day. The equity per unit is calculated by dividing the equity attributable to unitholders included in the statement of financial position by the number of units outstanding at the year end.

7.6 *Distributions to the Unitholders*

Distribution to the Unitholders is accounted for as a deduction from net assets (equity) attributable to the Unitholders.

7.7 *Units in issue*

The Fund classifies financial instruments issued as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

The Fund has redeemable units in issue. On liquidation of the Fund, they entitle the holders to the residual net assets. They rank *pari passu* in all respects and have identical terms and conditions. The redeemable units provide investors with the right to require redemption for cash at a value proportionate to the investor's share in the Fund's net assets at each redemption date as well as in the event of the Fund's liquidation.

Redeemable units are classified as equity as it meets all of the following conditions:

- it entitles the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation;
- it is in the class of instruments that is subordinate to all other classes of instruments;
- all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- the instrument does not include any other features that would require classification as a liability; and
- the total expected cash flows attributable to the instrument over its life are based substantially on the profit or loss, the change in recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the Fund over the life of the instrument.

Incremental costs directly attributable to the issue or redemption of redeemable units are recognized directly in equity as a deduction from the proceeds or part of the acquisition cost.

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (continued)

7.8 *Taxation / zakat*

Under the current system of zakat and income tax in the Kingdom of Saudi Arabia, the Fund is exempt from paying any zakat and income tax. Zakat and income tax are considered to be the obligation of the Unitholders and are not provided in the financial statements.

The Value Added Tax ("VAT") applicable for fees and expenses are recognized in the statement of comprehensive income.

7.9 *Dividend income*

Dividend income is recognized in statement of comprehensive income on the date on which the right to receive payment is established. For quoted equity securities, this is usually the ex-dividend date. For unquoted equity securities, this is usually the date on which the shareholders approve the payment of a dividend. Dividend income from equity securities designated as at fair value through profit or loss ("FVTPL") is recognized in statement of comprehensive income in a separate line item.

7.10 *Management fee expense*

Management fee expense is recognized in the statement of comprehensive income as the related services are performed.

7.11 *Accrued expenses and other payables*

Accrued expenses and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective commission rate method.

7.12 *New IFRS standards, IFRIC interpretations and amendments thereof, adopted by the Fund*

Below amendments to accounting standards and interpretations became applicable for annual reporting periods commencing on or after 1 January 2021. The Fund manager has assessed that the amendments have no significant impact on the Fund's financial statements.

Standards / Interpretations and Amendments

Amendment to IFRS 16 Leases: COVID-19-Related Rent Concessions (applicable for annual periods beginning on or after 1 June 2020)

Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 Interest Rate Benchmark Reform – Phase 2.

11. RELATED PARTY TRANSACTIONS AND BALANCES

The related party of the Fund includes Fund Manager, Fund Board, other funds managed by the Fund Manager, and Saudi National Bank, being parent of the Fund Manager.

Management fee and other expenses

The Fund is managed and administered by the Fund Manager. For these services, the Fund accrues, daily a management fee, which should not be more than the maximum annual rate of 0.3% p.a. of the Fund's daily equity as set out in the Fund's terms and conditions.

The Fund Manager is also entitled to recover expenses incurred on behalf of the Fund relating to audit, custody, advisory, data processing and other similar charges. The maximum amount of such expenses that can be recovered from the Fund by the Fund Manager is restricted to 0.5% per annum of the Fund's equity at the respective valuation days. These expenses have been recovered by the Fund Manager on an actual basis.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

12. FINANCIAL RISK MANAGEMENT

12.1 Financial risk factors

The Fund's activities expose it to a variety of financial risks including market risk, credit risk, liquidity risk and operational risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises the Fund Manager and is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks are primarily set up to be performed based on the limits established by the Fund Board. The Fund has its Terms and Conditions document that set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

12.1.1 Market risk

'Market Risk' is the risk that changes in market prices – such as commission rates, foreign exchange rates, equity prices and credit spreads – will affect the Fund's income or the fair value of its holdings in financial instruments.

a) Foreign exchange risk

Foreign exchange risk is the risk that the value of future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates and arises from financial instruments denominated in foreign currency. The Fund views the United States Dollar as its functional currency.

The Fund's financial assets and liabilities are denominated in currencies other than its functional currency. Accordingly, the value of the Fund's assets may be affected favorably or unfavorably by fluctuations in currency rates.

The analysis calculates the effect of a reasonably possible notional movement of the United States Dollar against the underlying currencies of the investment portfolio with all other variables held constant, on the statement of comprehensive income due to the fair value of currency sensitive assets.

	Change in market rates	31 December 2021	31 December 2020
Indian Rupee	± 10 %	± 2,308	± 917
Hong Kong Dollar	± 10 %	± 1,955	± 1,485
South Korean Won	± 10 %	± 1,529	± 1,210
Taiwanese Dollar	± 10 %	± 1,467	± 796
Saudi Riyal	± 10 %	± 789	± -
Chinese Yuan	± 10 %	± 676	± 378
Russian Ruble	± 10 %	± 473	± 320
Brazilian Real	± 10 %	± 351	± 296
South African Rand	± 10 %	± 310	± 181
Thai Baht	± 10 %	± 181	± 140
Malaysian Ringgit	± 10 %	± 152	± 208
Indonesian Rupiah	± 10 %	± -	± 88
United Arab Emirates Dirham	± 10 %	± -	± 183
Others	± 10 %	± 366	± 161

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

12. FINANCIAL RISK MANAGEMENT (continued)

12.1 Financial risk factors (continued)

12.1.1 Market risk (continued)

b) Commission rate risk

Commission rate risk is the risk that the value of the future cash flows of a financial instrument or fair values of fixed coupon financial instruments will fluctuate due to changes in market commission rates.

All the assets and liabilities of the Fund are non-commission bearing therefore the Fund is not exposed to commission rate risk.

c) Other price risk

Other price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements. The price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund Manager daily monitors concentration of risk for equity based on securities and industries in line with defined limits while closely tracking the portfolio level volatilities. As of the statement of financial position date, the Fund has investments in equities.

The effect on the equity (as a result of the change in the fair value of investments) due to a reasonably possible notional change in equity of the equities, with all other variables held constants is as follows:

	<u>31 December 2021</u>	<u>31 December 2020</u>
Effect on equity	±10% <u>±11,387</u>	±10% <u>±7,815</u>

12.1.2 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund Manager seeks to manage credit risk by monitoring credit exposures, limiting transactions with specific counterparties, and continually assessing the creditworthiness of counterparties. As at the statement of financial position date, the Fund's maximum exposure to credit risk is represented by the carrying amount of cash and cash equivalents, which represent balances with a local Bank having Moody's credit rating of A3 and other receivables. There is no impact of ECL on these financial assets.

12.1.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on every US Business day (Monday to Friday) and it is, therefore, exposed to the liquidity risk of meeting unitholder redemptions on these days. The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans obtained by the Fund Manager.

The Fund manages its liquidity risk by investing predominantly in securities that it expects to be able to liquidate within short period.

SNB CAPITAL EMERGING MARKETS INDEX FUND (FORMERLY KNOWN AS ALAHLI EMERGING MARKETS INDEX FUND)

(Managed by SNB Capital Company - formerly known as NCB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2021

Expressed in US Dollars '000 (unless otherwise stated)

12. FINANCIAL RISK MANAGEMENT (continued)

12.1 *Financial risk factors (continued)*

12.1.4 *Operational risk*

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk to balance limiting of financial losses and damage to its reputation with achieving its investment objective of maximising returns to unitholders.

The primary responsibility for the development and implementation of control over operational risks rests with the Risk Management Team. This responsibility is supported by the development of overall standard for the management of operational risk, which encompasses the controls and processes at the service providers and the establishment of service levels with the service providers, in the following areas:

- documentation of controls and procedures
- requirements for
 - appropriate segregation of duties between various functions, roles and responsibilities;
 - reconciliation and monitoring of transactions; and
 - periodic assessment of operational risks faced,
- the adequacy of controls and procedures to address the risks identified;
- compliance with regulatory and other legal requirements;
- development of contingency plans;
- training and professional development;
- ethical and business standards; and
- risk mitigation.

12.1.5 *Considerations due to COVID-19*

The COVID-19 pandemic continues to disrupt global markets as many geographies are experiencing re swinging waves of infections despite having previously controlled the outbreak through aggressive precautionary measures such as imposing restrictions on travel, lockdowns and strict social distancing rules. The Government of the Kingdom of Saudi Arabia ("the Government") however, has managed to successfully control the outbreak to date, owing primarily to the effective measures taken by the Government.

The Fund Manager however continues to be cognizant of both the micro and macroeconomic challenges that COVID-19 has posed, the effects of which may be felt for some time and is closely monitoring its exposures.

13 LAST VALUATION DAY

The last valuation day for the purpose of preparation of these financial statements was 31 December 2021 (2020: 31 December 2020).
