Independent auditor's report on review of condensed interim financial statements

To the Unitholders of SNB Capital Europe Index Fund

Introduction

We have reviewed the accompanying 30 June 2022 condensed interim financial statements of **SNB Capital Europe Index Fund** ("the Fund"), managed by SNB Capital Company ("the Fund Manager"), which comprises:

- the condensed statement of financial position as at 30 June 2022;
- the condensed statement of profit or loss and other comprehensive income for the six-month period ended 30 June 2022;
- the condensed statement of changes in equity attributable to the Unitholders for the six-month period ended 30 June 2022;
- the condensed statement of cash flows for the six-month period ended 30 June 2022; and
- the notes to the condensed interim financial statements.

The Fund Manager is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34, 'Interim Financial Reporting' ("IAS 34"), that is endorsed in the Kingdom of Saudi Arabia and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority and the Fund's terms and conditions. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing ("ISAs"), that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2022 condensed interim financial statements of **SNB Capital Europe Index Fund** are not prepared, in all material respects, in accordance with IAS 34 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

1. THE FUND AND ITS ACTIVITIES

SNB Capital Europe Index Fund (the "Fund") is a Shariah compliant, open-ended investment fund, established under article 31 of the Investment Fund Regulations ("the Regulations") issued by the Capital Market Authority ("CMA"), managed by SNB Capital Company (the "Fund Manager"), a subsidiary of The Saudi National Bank (the "Bank"), for the benefit of the Fund's Unitholders.

The Fund's investments are held by Northern Trust Corporation, a custodian appointed by the Fund Manager.

The Fund Manager has appointed an international investment house, Amundi - France, as submanager to the Fund. Their duties include opening separate independent investment accounts and managing the Fund's assets in line with the investment strategies and Shariah guidelines.

The Fund invests in securities of companies listed on major European stock exchanges. Un-invested cash balances may be held in cash, Shariah compliant money market and murabaha funds and/or placed in Murabaha contracts.

The terms and conditions of the Fund were originally approved by the Saudi Central Bank (SAMA) and subsequently endorsed by CMA through its letter dated 18 Dhul Hijja 1429H (corresponding to 16 December 2008).

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by Capital Market Authority ("CMA") on 3 Dhul Hijja 1427 H (corresponding to 24 December 2006) thereafter amended on 16 Sha'ban 1437 H (corresponding to 23 May 2016). The Regulations were further amended (the "Amended Regulations") on 17 Rajab 1442 H (corresponding to 1 March 2021), detailing requirements for all funds within the Kingdom of Saudi Arabia. The Amended Regulations became effective from 19 Ramadan 1442 H (corresponding to 1 May 2021).

2. BASIS OF ACCOUNTING

3. BASIS OF MEASUREMENT

The condensed interim financial statements have been prepared on going concern concept and a historical cost convention using accrual basis of accounting except for investments measured at fair value through profit or loss ("FVTPL") which are recorded at fair value.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the condensed statement of financial position. Instead, assets and liabilities are presented in order of their liquidity.

4. FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the condensed interim financial statements are measured using the currency of the primary economic environment in which the Fund operates ("the functional currency"). These condensed interim financial statements are presented in United States Dollar ("USD") which is the Fund's functional and presentation currency and have been rounded off to the nearest thousand unless otherwise stated.

5. CHANGES IN FUND'S TERMS AND CONDITIONS

During the period, there has been no change in the terms and conditions of the Fund.

6. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the condensed interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant assumptions made by the Fund Manager in applying the Fund's accounting policies and the key sources of estimation uncertainty are consistent with those used in the preparation of the annual audited financial statements for the year ended 31 December 2021.

7. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these condensed interim financial statements are consistent with those used in the preparation of the annual audited financial statements for the year ended 31 December 2021.

12. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market at a market price, because this price is assessed to be a reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The Fund recognizes transfers between levels of fair value at the end of the reporting period during which the change has occurred.

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (Unaudited)

For the six months period ended 30 June 2022

Expressed in US Dollars '000 (unless otherwise stated)

12. FAIR VALUE MEASUREMENT (continued)

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The fund has classified cash and cash equivalents and investments measured at fair value through profit or loss (FVTPL) as level 1 as per the fair value hierarchy, while the remaining financial assets and liabilities are classified as level 3. During the period, there has been no transfer in fair value hierarchy. For other financial assets and liabilities, such as cash and cash equivalents, other receivables and other payables, the carrying values were determined to be a reasonable approximation of fair value due to their nature.

13. LAST VALUATION DAY

The last valuation day for the purpose of these condensed interim financial statements was 30 June 2022 (2021: 30 December 2021).
