# Independent auditor's report on review of condensed interim financial statements

To the Unitholders of SNB Capital Al-Raed Saudi Equity Fund (formerly known as Al-Raed Saudi Equity Fund)

## Introduction

We have reviewed the accompanying 30 June 2022 condensed interim financial statements of **SNB Capital Al-Raed Saudi Equity Fund** ("the Fund"), managed by SNB Capital Company ("the Fund Manager"), which comprises:

- the condensed statement of financial position as at 30 June 2022;
- the condensed statement of profit or loss and other comprehensive income for the six-month period ended 30 June 2022;
- the condensed statement of changes in equity attributable to the Unitholders for the six-month period ended 30 June 2022;
- the condensed statement of cash flows for the six-month period ended 30 June 2022; and
- the notes to the condensed interim financial statements.

The Fund Manager is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34 'Interim Financial Reporting' ("IAS 34"), that is endorsed in the Kingdom of Saudi Arabia and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority and the Fund's terms and conditions. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

## Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing ("ISAs") that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2022 condensed interim financial statements of **SNB Capital Al-Raed Saudi Equity Fund** are not prepared, in all material respects, in accordance with IAS 34 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

The objective of the Fund is to invest in the shares of companies listed on the Saudi stock markets. Moreover, the Fund may invest in real estate investment traded funds up to 10% of the Fund's net assets value.

The terms and conditions of the Fund were issued on 12 Saffar 1439 H (corresponding to 15 December 2002) and the Fund commenced its activities on the same date.

The Fund is governed by the Investment Funds Regulations (the “Regulations”) published by the Capital Market Authority on 3 Dhul Hijja 1427 H (corresponding to 24 December 2006) thereafter amended on 16 Sha’ban 1437 H (corresponding to 23 May 2016). The Regulations were further amended (the “Amended Regulations”) on 17 Rajab 1442 H (corresponding to 1 March 2021), detailing requirements for all funds within the Kingdom of Saudi Arabia. The Amended Regulations became effective from 19 Ramadan 1442 H (corresponding to 1 May 2021).

**2. BASIS OF ACCOUNTING**

These condensed interim financial statements of the Fund have been prepared in accordance with International Accounting Standard 34, (“IAS 34”) “Interim Financial Reporting” that is endorsed in the Kingdom of Saudi Arabia and comply with the applicable provisions of the Regulations and the Fund’s terms and conditions.

The condensed interim financial statements do not include all the information and disclosures required for a complete set of financial statements and should be read in conjunction with the annual audited financial statements of the Fund as at 31 December 2021.

**3. BASIS OF MEASUREMENT**

These condensed interim financial statements have been prepared on going concern concept and historical cost convention using accrual basis of accounting except for investments measured at fair value through profit or loss (“FVTPL”) which are recorded at fair value.

**4. FUNCTIONAL AND PRESENTATION CURRENCY**

Items included in the condensed interim financial statements are measured using the currency of the primary economic environment in which the Fund operates (“the functional currency”). These condensed interim financial statements are presented in Saudi Arabian Riyal (“SAR”) which is the Fund’s functional and presentation currency and have been rounded off to the nearest thousand unless otherwise stated.

**12. FAIR VALUE MEASUREMENT**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market at a market price, because this price is assessed to be a reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The Fund recognizes transfers between levels of fair value at the end of the reporting period during which the change has occurred.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The fund has classified the investment measured at Fair Value Through Profit or Loss (FVTPL) per the fair value hierarchy as Level 1. During the period, there has been no transfer in fair value hierarchy for FVTPL investments. For other assets and liabilities such as cash and cash equivalents, other receivables and other payables, the carrying values were determined to be a reasonable approximation of fair value due to their short-term nature. The Fund has classified cash and cash equivalents as level 1 while remaining financial assets and liabilities are classified as level 3 as per the fair value hierarchy.

**13. LAST VALUATION DAY**

The last valuation day for the purpose of preparation of these condensed interim financial statements was 30 June 2022 (2021: 30 December 2021).

**14. APPROVAL OF THE CONDENSED INTERIM FINANCIAL STATEMENTS**

These condensed interim financial statements were approved by the Fund Board on 20 Muharram, 1444 H corresponding to 18 August 2022.
