Independent auditor's report on review of condensed interim financial statements

To the Unitholders of SNB Capital Al Razeen SAR Liquidity Fund (formerly known as Saudi Riyal Liquidity Fund (Al Razeen – SAR)

Introduction

We have reviewed the accompanying 30 June 2022 condensed interim financial statements of **SNB Capital Al Razeen SAR Liquidity Fund ("the Fund")**, managed by SNB Capital Company ("the Fund Manager"), which comprises:

- the condensed statement of financial position as at 30 June 2022;
- the condensed statement of profit or loss and other comprehensive income for the six-month period ended 30 June 2022;
- the condensed statement of changes in equity attributable to the Unitholders for the six-month period ended 30 June 2022;
- the condensed statement of cash flows for the six-month period ended 30 June 2022; and
- the notes to the condensed interim financial statements.

The Fund Manager is responsible for the preparation and presentation of these condensed interim financial statements in accordance with International Accounting Standard 34, 'Interim Financial Reporting' ('IAS 34'), that is endorsed in the Kingdom of Saudi Arabia and to comply with the applicable provisions of the Investment Funds Regulations issued by Capital Market Authority and the Fund's terms and conditions. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing ("ISAs") that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2022 condensed interim financial statements of **SNB Capital Al Razeen SAR Liquidity Fund** are not prepared, in all material respects, in accordance with IAS 34 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

11. RELATED PARTY TRANSACTIONS AND BALANCES

The related parties of the Fund include the Fund Manager, the Fund Board, other funds managed by the Fund Manager, and Saudi National Bank, being parent of the Fund Manager.

Management fees and other expenses

The Fund is managed and administered by the Fund Manager. For these services, the Fund accrues, daily a management fee, which should not be more than the maximum annual rate of 0.50% (2021: 0.50%) per annum of the Fund's net assets as set out in the Fund's terms and conditions.

The Fund Manager is also entitled to recover expenses incurred on behalf of the Fund relating to audit, custody, advisory, data processing and other similar charges. The maximum amount of such expenses that can be recovered from the Fund by the Fund Manager is restricted to 0.5% (2021: 0.5%) per annum of the Fund's net assets at the respective valuation days. These expenses have been recovered by the Fund Manager on an actual basis. Following are the details of transactions and balances with the Fund manager related to management fees and other expenses:

Related party	Nature of transactions	Amounts of transactions for the six-month period ended		Balance as at	
		30 June 2022 (Unaudited)	30 June 2021 (Unaudited)	30 June 2022 (Unaudited)	31 December 2021 (Audited)
SNB Capital Company	Management fees	1,168	1,300	1,013	706
	Expenses paid on behalf of the Fund	217	246		

12. FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market at a market price, because this price is assessed to be a reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The Fund recognizes transfers between levels of fair value at the end of the reporting period during which the change has occurred.

**SNB CAPITAL AL RAZEEN SAR LIQUIDITY FUND (FORMERLY KNOWN AS
SAUDI RIYAL LIQUIDITY FUND (AL RAZEEN – SAR))
(Managed by SNB Capital Company)**

NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (Unaudited)

For the six-month period ended 30 June 2022

Expressed in Saudi Arabian Riyals ‘000 (unless otherwise stated)

12. FAIR VALUE MEASUREMENT (CONTINUED)

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The Fund has determined fair value of investments in unlisted open ended investment funds measured at FVTPL using unadjusted net assets value and has classified them as level 2 as per the fair value hierarchy. During the period, there has been no transfer in fair value hierarchy. For other financial assets and liabilities, such as cash and cash equivalents, investments measured at amortized cost, other receivables and other payables, the carrying values are assessed to be a reasonable approximation of fair value due to their short-term nature. The Fund has classified cash and cash equivalents as level 1 while remaining financial assets and liabilities are classified as level 3 as per the fair value hierarchy.

13. RECONCILIATION OF CHANGE IN EQUITY

As per the requirements of CMA circular dated 31 December 2017, the Fund calculates provision for impairment in respect of Debt investments measured at amortised cost using the incurred loss model, whereas IFRS 9 requires provisions to be measured using the Expected Credit Loss (ECL) method. This has resulted in a difference between equity calculated as per the CMA circular (“trading equity”) and as per requirements of IFRS 9 (“reported equity”). The Fund’s units in issue are classified as equity in accordance with IAS 32, and therefore equate to the residual value of the Fund. The following table shows the reconciliation between the Fund’s reported equity and trading equity:

	30 June 2022 (Unaudited)	31 December 2021 (Audited)
Reported equity of the Fund	775,707	798,116
Add: Allowance for expected credit losses	57	78
Less: Provision for incurred credit losses	-	-
Traded equity of the Fund	775,764	798,194
Number of units in issue	26,282	27,193
Traded equity per unit of the Fund	29.5174	29.3529

14. LAST VALUATION DAY

The last valuation day for the purpose of presentation of these condensed interim financial statements was 30 June 2022 (2021: 30 December 2021).
