3) Material Changes

3) تغييرات جوهرية حدثت خلال الفترة

- The U.S Federal Open Market Committee (FOMC) maintained a contractionary monetary policy stance going into 2023, raising the short-term fed fund policy rate (FFR) by a total of 100 Bps during the year, however, in a more disperse and steady series of rate hikes in comparison to 2022, reaching a target range of 5.25-5.50% by year-end. Their actions came at the back of higher than target inflation levels – although subduing – and supportive labor market conditions.
  - Tightening Monetary policy by central banks continued worldwide 2023, the Saudi Central Bank (SAMA) hiked its policy rates by a total of 100 Bps, taking the Repo and Reverse Repo to 6.00% and 5.50% respectively.
  - The U.S treasury yield-curve steepened slightly YoY with short-term yields decreasing while long-term bond yields held steady ;2-year treasury yield decreased by 18 bps to 4.25%, 5-Year treasury yield decreased by 16 bps to 3.85%, while the 10-Year treasury yield remained flat at 3.88%.
  - The SAR Sovereign Sukuk broadly shifted upward YoY; 2-year Sukuk yield increased by approximately 66 bps to 5.2%, 5-Year Sukuk yield increased by 38 bps to 4.5%, while the 10-Year Sukuk yield increased by 18 bps to 4.7%.
- واصلت اللجنة الفيدرالية الأمريكية للسوق المفتوحة (FOMC) بتطبيق سياسة نقدية متشددة خلال العام 2023م، بحيث قامت برفع سعر الفائدة الفيدرالي بإجمالي 100 نقطة أساس ليصل سعر الفائدة بين 5.25% و5.50%، إلا أنها أتت بوتيرة أكثر ثباتاً وتشتتاً مقارنة بالعام السابق. وعلى خلفية ارتفاع مستويات التضخم عن المستوى المستهدف -على الرغم من انخفاضها خلال العام- ومدعومة بالمستويات القوية لسوق العمل.
  - استمرت البنوك المركزية عالمياً بتشديد السياسة النقدية خلال العام، حيث قام البنك المركزي السعودي (ساما) أيضاً برفع معدلات اتفاقيات إعادة الشراء ("الريبو") ومعدلات اتفاقيات إعادة الشراء المعاكس ("الريبو العكسي") بإجمالي 100 نقطة أساس، حيث استقر معدل الريبو عند 6.00%، ومعدل الريبو العكسي عند 5.50%.
  - كما انخفض منحى عوائد سندات الخزنة الأمريكية بشكل طفيف مقارنة بإغلاق العام السابق مع انخفاض عوائد السندات قصيرة الأجل وثبات عوائد السندات طويلة الأجل؛ انخفض عائد سندات الخزينة لسنتين بمقدار 18 نقطة أساس إلى 4.25%، وانخفض عائد سندات الخزينة لـ 5 سنوات بمقدار 16 نقطة أساس إلى 3.85%، بينما ظلت عوائد سندات الخزنة لأجل 10 سنوات ثابتة عند مستوى 3.88%.
  - شهد منحى عائد الصكوك السيادية السعودية بالريال السعودي تحوُّلاً تصاعدياً عند نهاية العام مقارنة بالعام السابق؛ حيث ارتفع عائد الصكوك لأجل سنتين بما يقارب 66 نقطة أساس ليصل إلى 5.2%، وارتفع عائد الصكوك لأجل 5 سنوات بما يقارب 38 نقطة أساس إلى 4.5%، بينما ارتفع عائد الصكوك لأجل 10 سنوات بمقدار 18 نقطة أساس لتصل إلى 4.7%.
  - اكتمل إيقاف نشر واستخدام مؤشر معدل الإقراض بين البنوك بالدولار الأمريكي ("الاييور")، وانتقال السوق لاستخدام معدل التمويل المضمون لليوم الواحد ("السوفر") (البديل في يونيو 2023م. أتى التغيير استجابةً

- The USD LIBOR cessation and market transition to the alternative Secured Overnight Financing Rate (SOFR) completed in June 2023. The transition came as a response to concerns regarding the sustainability and strength of the benchmark triggering the development of an alternative. The primary differences between the LIBOR and SOFR is while the LIBOR represented the bank lending, forward-looking, uncollateralized, and survey-based rates, the SOFR represents the risk free, backward looking, collateralized, and transaction-based rate.
- Saudi Riyal Interbank Average Offered Rate (SAIBOR) increased across all tenors; 1-Month, 3-Month, and 12-Month SAIBOR increased by 118 Bps, 89 Bps, and 12 Bps reaching levels of 5.9%, 6.2%, and 6.0% respectively.
- The 1-Month, 3-Month, and 12-Month Term SOFR rates - which are the forward-looking measurement of the SOFR, based on market expectations implied by the derivatives markets- stood at levels of 4.6%, 4.6%, and 4.9% respectively by year-end.
- Saudi Sovereign new debt issuances amounted to SAR 189 Bln, taking the total outstanding government indebtedness to SAR 1,050 Bln by year-end (25% of GDP).
- Excess Saudi Riyal liquidity in the banking sector - measured by the net daily average reverse repo volumes - averaged SAR 27 Bln for the year, a decrease of 37% compared to 2022. Broader money supply (M3) steadily increased during the year reaching SAR 2.7 Tln (+7.8% YoY).
- Brent crude oil prices decreased from an average of \$99 per barrel in 2022 to \$82 per barrel in 2023 (-10% YoY) as crude oil demand fell short of expectation, despite voluntary production cuts and geopolitical tensions in the second half of the year.

"The Minister of Finance via Ministerial Resolution No. (29791) dated 9 Jumada-al-Awwal 1444 H (corresponding to 3 December 2022) approved the Zakat Rules for Investment Funds permitted by the CMA.

The Rules are effective from 1 January 2023 requiring Investment Funds to register with Zakat, Tax and Customs

### الوائح الجديدة سارية المفعول خلال العام

"وافق وزير المالية بموجب القرار الوزاري رقم (29791) وتاريخ 9 جمادى الأولى 1444هـ (الموافق 3 ديسمبر 2022م) على قواعد الزكاة لصناديق الاستثمار المسموح بها من قبل هيئة السوق المالية.

تسري القواعد اعتباراً من 1 يناير 2023 وتتطلب من صناديق الاستثمار التسجيل لدى هيئة الزكاة والضرائب والجمارك (الهيئة). كما تلزم القواعد أيضاً من صناديق الاستثمار تقديم إقرار معلومات إلى (الهيئة) خلال 120 يوماً من نهاية سنتها

Authority (ZATCA). The Rules also require the Investment Funds to submit an information declaration to ZATCA within 120 days from the end of their fiscal year, including audited financial statements, records of related party transactions and any other data requested by ZATCA. Under the Rules, Investment Funds are not subject to Zakat provided they do not engage in unstipulated economic or investment activities as per their CMA approved Terms and Conditions. Unitholders are obliged to pay due ZAKAT based on their unit owned.

During the current year, the Fund Manager has completed the registration of the Fund with ZATCA and submitted information declaration on time and the due ZAKAT amount for the year ended 31 December 2023 for the fund units was amounted to 0.1178 Saudi Riyal per unit”.

المالية، بما في ذلك القوائم المالية المدققة وسجلات المعاملات الأطراف ذات العلاقة وأي بيانات أخرى تطلبها الهيئة بموجب القواعد، لا تخضع صناديق الاستثمار للزكاة بشرط ألا تمارس أنشطة اقتصادية أو استثمارية غير مشروطة وفقاً للشروط والأحكام المعتمدة من هيئة أسواق المال. سيتحمل كل مالك في حدود ملكيته سداد الزكاة عن تلك الوحدات. خلال العام الحالي، أكمل مدير الصندوق عملية تسجيل الصندوق لدى الهيئة وتم تقديم إعلان المعلومات في الوقت المناسب وكان مبلغ الزكاة الواجب أدائه للعام المالي المنتهي في 31 ديسمبر 2023 عن وحدات الصندوق 0.1178 ريال سعودي عن كل وحدة”.

# Independent Auditor's Report

To the Unitholders of the SNB Global Sukuk Fund (formerly known as SNB Capital US Dollar Sukuk Fund)

## Opinion

We have audited the financial statements of the **SNB Capital Global Sukuk Fund** (the "Fund") managed by the SNB Capital Company (the "Fund Manager"), which comprise the statement of financial position as at 31 December 2023, the statements of profit or loss and other comprehensive income, changes in net assets attributable to the Unitholders and cash flows for the year then ended, and notes to the financial statements, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

## Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards), that is endorsed in the Kingdom of Saudi Arabia, that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with the Code's requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of the Fund Manager and Those Charged with Governance for the Financial Statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the SOCPA, and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority ("CMA"), the Fund's terms and conditions and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Fund Board, are responsible for overseeing the Fund's financial reporting process.

# Independent Auditor's Report

To the Unitholders of the SNB Capital Global Sukuk Fund (formerly known as SNB Capital US Dollar Sukuk Fund) (continued)

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund Manager's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of the **SNB Capital Global Sukuk Fund** (the "Fund").

(2-22-2021) dated 12 Rajab 1442 H (corresponding to 24 February 2021), detailing requirements for all funds within the Kingdom of Saudi Arabia.

**3. BASIS OF ACCOUNTING**

These financial statements of the Fund have been prepared in accordance with the IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA") and comply with the applicable provisions of the Investment Funds Regulations issued by the CMA and the Fund's terms and conditions.

**4. BASIS OF MEASUREMENT AND PRESENTATION**

These financial statements have been prepared on a historical cost convention using the accrual basis of accounting and going concern concept except for investments measured at fair value through profit or loss ("FVTPL") and investments measured at fair value through other comprehensive income ("FVOCI") which are recorded at fair value.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the statement of financial position. Instead, assets and liabilities are presented in order of their liquidity.

**5. FUNCTIONAL AND PRESENTATION CURRENCY**

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates (the "functional currency"). If indicators of the primary economic environment are mixed, then the Fund Manager uses judgement to determine the functional currency that most faithfully represents the economic effect of the underlying transactions, events, and conditions. Investor subscriptions and redemptions are determined based on the net assets value and received and paid in United States Dollar ("USD"). Accordingly, the Fund Manager has determined that the functional currency of the Fund is USD.

These financial statements are presented in USD which is the Fund's functional and presentation currency and have been rounded off to the nearest thousand unless otherwise stated.

**6. CHANGES IN FUND'S TERMS AND CONDITIONS**

The Fund's name has been changed during the year. There have been no other significant changes in the terms and conditions of the Fund.

**7. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS**

The preparation of the financial statements requires the Fund Manager to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and in any future years affected.

Explanation of the inputs, assumptions and estimation techniques used in measuring ECL are further detailed in Note 13.2.

**8. MATERIAL ACCOUNTING POLICIES**

The Fund has consistently applied the following accounting policies to all periods presented in these financial statements unless otherwise stated. In addition, the Fund adopted *Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)* from 1 January 2023. The amendments require the disclosure of material, rather than significant, accounting policies. Although the amendments did not result in any changes to the accounting policies themselves, they impacted the accounting policy information disclosed in certain instances.

The material accounting policies applied in the preparation of these financial statements are set out below.

**8.1 *Cash and cash equivalents***

Cash and cash equivalents include cash at bank and short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

**8.2 *Financial assets and liabilities***

***Classification of financial assets***

On initial recognition, a financial asset is measured at its fair value and classified as measured at amortized cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL").

***Financial assets measured at amortised cost***

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as measured at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest / commission on the principal amount outstanding.

**8. MATERIAL ACCOUNTING POLICIES (CONTINUED)**

**8.2 *Financial assets and liabilities (continued)***

***Classification of financial assets (continued)***

**Financial assets measured at FVOCI**

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as measured at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest / commission on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund Manager may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

**Financial asset measured at FVTPL**

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

**Business model assessment**

The Fund Manager assesses the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice;
- how the performance of the portfolio is evaluated and reported to the Fund Manager;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – for example, whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realized.

The business model assessment is based on reasonably expected scenarios without taking worst case or stress case scenarios into account. If cash flows after initial recognition are realized in a way that is different from the Fund's original expectations, the Fund does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly purchased financial assets going forward.

Financial assets that are held for trading and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

**8. MATERIAL ACCOUNTING POLICIES (CONTINUED)**

**8.2 *Financial assets and liabilities (continued)***

***Classification of financial assets (continued)***

**Assessment whether contractual cash flows are solely payments of principal and interest / commission**

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. Interest or commission is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (for example: liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest / commission, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (for example, non-recourse asset arrangements); and
- features that modify consideration of the time value of money – for example, periodical reset of interest / commission rates.

***Classification of financial liabilities***

The Fund classifies its financial liabilities at amortised cost unless it has designated liabilities measured at FVTPL.

***Recognition and initial measurement***

Financial assets and liabilities measured at FVTPL are initially recognized on the trade date, which is the date on which the Fund becomes a party to the contractual provisions of the instrument. The Fund shall recognise a financial asset or a financial liability in its statement of financial position when, and only when, the entity becomes party to the contractual provisions of the instrument. Other financial assets and financial liabilities are recognized on the date on which they are originated.

A financial asset or financial liability is measured initially at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition.

***Subsequent measurement***

Financial assets measured at FVTPL are subsequently measured at fair value. Net gain or losses including any foreign exchange gains and losses, are recognized in profit or loss in 'realised and unrealised gains / (losses) on FVTPL investments-net' in the statement of profit or loss and other comprehensive income.

**8. MATERIAL ACCOUNTING POLICIES (CONTINUED)**

**8.2 *Financial assets and liabilities (continued)***

***Derecognition***

The Fund derecognizes a financial asset when the contractual rights to the cash flow from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Fund neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of the financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset that is derecognised) and the consideration received (including any new asset obtained less any new liability assumed) is recognized in the statement of profit or loss and other comprehensive income. Any interest / commission in such transferred financial assets that is created or retained by the Fund is recognized as a separate asset or liability.

The Fund enters into transactions whereby it transfers assets recognized on its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. If all or substantially all of the risk and rewards are retained, then the transferred assets are not derecognized. The Fund derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

***Offsetting***

Financial assets and financial liabilities are offset, and the net amount presented in the statement of financial position when, and only when, the Fund has a legally enforceable right to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle them liability simultaneously.

Income and expenses are presented on a net basis for gains and losses from financial instruments at FVTPL and foreign exchange gains and losses.

**8.3 *Net assets value per unit***

The unit price is calculated by dividing the net asset attributable to the Unitholders included in the statement of financial position by the number of units outstanding at the year end.

**8.4 *Units in issue***

The Fund classifies financial instruments issued as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

The Fund has redeemable units in issue. On liquidation of the Fund, they entitle the holders to the residual net assets. They rank pari passu in all respects and have identical terms and conditions. The redeemable units provide investors with the right to require redemption for cash at a value proportionate to the investor's share in the Fund's net assets at each redemption date as well as in the event of the Fund's liquidation.

**8. MATERIAL ACCOUNTING POLICIES (CONTINUED)**

**8.4 *Units in issue (continued)***

Redeemable units are classified as equity as these it meets all of the following conditions:

- they entitle the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation;
- they are in the class of instruments that is subordinate to all other classes of instruments;
- all financial instruments in the class of instruments that are subordinate to all other classes of instruments have identical features;
- the instruments do not include any other features that would require classification as a liability; and
- the total expected cash flows attributable to the instruments over their life are based substantially on the profit or loss, the change in recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the Fund over the life of the instruments

Incremental costs directly attributable to the issue or redemption of redeemable units are recognized directly in equity as a deduction from the proceeds or part of the acquisition cost.

**8.5 *Special commission income***

Special commission income presented in the statement of comprehensive income comprises of commission on financial assets and financial liabilities calculated based on an effective interest / commission basis.

The 'effective interest / commission rate' is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial instrument to the carrying amount of the financial assets.

In calculating special commission income, the effective interest / commission rate is applied to the gross carrying amount of the asset or to the liability.

**8.6 *Management fee expense***

Management fee expense is recognized in the statement of profit or loss and other comprehensive income as the related services are performed.

**8.7 *New IFRS standards, interpretations and amendments thereof, adopted by the Fund***

Below amendments to accounting standards and interpretations became applicable for annual reporting periods commencing on or after 1 January 2023. The Fund manager has assessed that the amendments have no significant impact on the Fund's financial statements.

**Standards, interpretations and amendments**

Amendments to IAS 1 and IFRS practice statement 2 - *Disclosure of accounting policies*

Amendments to IAS 8 - *Definition of accounting estimates*

***New regulations effective during the year***

The Minister of Finance via Ministerial Resolution No. (29791) dated 9 Jumada-al-Awwal 1444 H (corresponding to 3 December 2022) approved the Zakat Rules for Investment Funds permitted by the CMA.

The Rules are effective from 1 January 2023 requiring Investment Funds to register with Zakat, Tax and Customs Authority (ZATCA). The Rules also require the Investment Funds to submit an information declaration to ZATCA within 120 days from the end of their fiscal year, including audited financial statements, records of related party transactions and any other data requested by ZATCA. Under the Rules, Investment Funds are not subject to Zakat provided they do not engage in unstipulated economic or investment activities as per their CMA approved Terms and Conditions. Zakat collection will be applied on the Fund's Unitholders.

During the current year, the Fund Manager has completed the registration of the Fund with ZATCA and will be submitting information declaration in due course.

**8.8 *Standards issued but not yet effective***

Standards issued but not yet effective are listed below. The Fund intends to adopt these standards when they become effective.

<u><i>Standards, interpretations and amendments</i></u>	<u><i>Description</i></u>	<u><i>Effective from periods beginning on or after the following date</i></u>
Amendments to IAS 1	Classification of liabilities as current or non-current and non-current liabilities with covenants	1 January 2024

The related party of the Fund includes Fund Manager, Fund Board, other funds managed by the Fund Manager, and the Saudi National Bank, being parent of the Fund Manager.

Following are the details of transactions and balances with related parties not disclosed elsewhere in these financial statements as at and for the year ended 31 December 2023.

***Management fees and other expenses***

The Fund is managed and administered by the Fund Manager. For these services, the Fund accrues, daily, a management fee up to 0.75% (2022: 0.75%) per annum of the Fund's daily net assets as set out in the Fund's terms and conditions.

The Fund Manager is also entitled to recover expenses incurred on behalf of the Fund relating to audit, custody, advisory, data processing and other similar charges. The maximum amount of such expenses that can be recovered from the Fund by the Fund Manager is restricted to 0.5% (2022: 0.5%) per annum of the Fund's net assets at the respective valuation days. These expenses have been recovered by the Fund Manager on an actual basis.

During the year, the Fund has entered into following transactions, other than those disclosed elsewhere in these financial statements, with related parties in the ordinary course of business. These transactions were carried out on the basis of approved terms and conditions of the Fund.

**13. FINANCIAL RISK MANAGEMENT**

The Fund's activities expose it to a variety of financial risks including market risk, credit risk, liquidity risk and operational risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises the Fund Manager and is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks are primarily set up to be performed based on the limits established by the Fund Board. The Fund's terms and conditions set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

**13.1 *Market risk***

'Market Risk' is the risk that changes in market prices – such as currency rates, commission rates and other market price risk – will affect the Fund's income or the fair value of its holdings in financial instruments.

**a) *Currency risk***

Currency risk is the risk that the value of future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates and arises from financial instruments denominated in foreign currency.

The Fund does not have any foreign exchange risk since all the transactions are carried out in USD.

**b) *Commission rate risk***

Commission rate risk is the risk that the value of the future cash flows of a financial instrument or fair values of fixed coupon financial instruments will fluctuate due to changes in market commission rates.

At 31 December 2023, the Fund is exposed to commission rate risk on its investments in fixed rate Sukuk. A reasonably possible change of 10 basis points in interest rates at the reporting date would have increased (decreased) net assets and profit or loss by USD 0.11 million (2022: USD 0.10 million).

**c) *Other price risk***

Other market price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements. The other market price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund Manager daily monitors concentration of risk for equity based on securities and industries in line with defined limits while closely tracking the portfolio level volatilities. As of the statement of financial position date, the Fund has investments in mutual fund units and Sukuks which are exposed to other price risk.

**13. FINANCIAL RISK MANAGEMENT (CONTINUED)**

**13.1 Market risk (continued)**

*c) Other price risk (continued)*

The effect on the net assets value as a result of the change in the fair value of investments as at 31 December due to a reasonably possible notional change in market value of FVPL investments by 10%, with all other variables held constants is as follows:

		<u>31 December 2023</u>		<u>31 December 2022</u>
Effect on net assets attributable to the Unitholders.	±10%	<u>154</u>	±10%	<u>212</u>

**13.2 Credit risk**

The Fund is exposed to credit risk, which is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Fund is exposed to credit risk for its investments in Sukuk and bank balances. The bank balance is held with a Saudi bank having Moody's credit rating of A3 which is in line with globally understood definition of investment grade. Accordingly, there is no impact of expected credit loss allowance on this balance

It is the Fund's policy to enter into financial instrument contracts with reputable counterparties. The Fund seeks to limit its credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

The Fund Manager reviews credit concentration of the investment portfolio based on counterparties. The credit quality of the financial assets is managed using the ratings from reputable credit ratings agencies. As at 31 December 2023 and 31 December 2022, the Fund has investments measured at FVOCI with the following credit quality:

<u>Credit ratings</u>	<u>31 December 2023</u>	<u>31 December 2022</u>
A+	31%	2%
A	11%	18%

**13 FINANCIAL RISK MANAGEMENT (CONTINUED)**

**13.3 *Liquidity risk***

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on every Saudi business day and it is, therefore, exposed to the liquidity risk of not being able to meet Unitholders' redemption requests on these days. The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans from the facilities obtained by the Fund Manager.

**13.4 *Operational risk***

Operational risk is the risk of direct or indirect losses arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of maximising returns to the Unitholders.

The primary responsibility for the development and implementation of control over operational risks rests with the Risk Management Team. This responsibility is supported by the development of overall standard for the management of operational risk, which encompasses the controls and processes at the service providers and the establishment of service level agreements with the service providers, in the following areas:

- documentation of controls and procedures
- requirements for
  - appropriate segregation of duties between various functions, roles and responsibilities;
  - reconciliation and monitoring of transactions; and
  - periodic assessment of operational risks faced,
- the adequacy of controls and procedures to address the risks identified;
- compliance with regulatory and other legal requirements;
- development of contingency plans;
- training and professional development;
- ethical and business standards; and
- risk mitigation

**14. FAIR VALUE MEASUREMENT**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market at a market price, because this price is assessed to be a reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The Fund recognizes transfer between levels of fair value at the end of the reporting year during which the change has occurred.

The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: unobservable inputs for the asset or liability.

***Carrying amounts and fair value***

The following table shows the carrying amounts and fair values of financial instruments, including their levels in the fair value hierarchy. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value.

	<i>As at 31 December 2023</i>

The Fund determines fair value of investments in un-listed open-ended investment funds measured at FVTPL using unadjusted net assets value and classified them as level 2 as per the fair value hierarchy.

Fair value of investment in Sukuk measured at FVOCI which are traded in active market is determined based on prices obtained directly from the exchange on which the instruments are traded and are classified as level 1 as per fair value hierarchy. For the Sukuk which are not traded in active market, the fair value is determined using observable input parameters derived from comparable markets and are classified as level 2 as per fair value hierarchy.

During the year, there has been no transfer in fair value hierarchy for any financial assets or liabilities. For other financial assets and liabilities such as cash and cash equivalents, other receivables and other payables, the carrying values were determined to be a reasonable approximation of fair value due to their nature.
