**Independent auditor's review report on the interim condensed financial statements
To the Unitholders of Al Rajhi Saudi Equities Fund**

Introduction:

We have reviewed the accompanying interim condensed statement of financial position of Al Rajhi Saudi Equities Fund (the "Fund") managed by Al Rajhi Capital (the "Fund Manager") as at 30 June 2020 and the related interim condensed statements of comprehensive income, changes in equity and cash flows for the six-month period ended 30 June 2020, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia.

During March 2020, the World Health Organisation (“WHO”) declared the Coronavirus (“COVID-19”) outbreak as a pandemic in recognition of its rapid spread across the globe. This outbreak has also affected the GCC region including the Kingdom of Saudi Arabia. Governments all over the world took steps to contain the spread of the virus. Saudi Arabia in particular has implemented closure of borders, released social distancing guidelines and enforced country wide lockdowns and curfews.

In response to the rapid spread of the virus and the resulting disruption of some social and economic activities and business continuity, the Fund Manager has taken a series of preventive and precautionary measures, including activating of remote work to ensure the safety of its employees and their families.

As of the date of interim condensed financial statements for the six months period ended 30 June 2020, the Fund’s operations and financial results have witnessed impact due to the COVID-19 outbreak mainly as result of decline in the Fund’s investments’ fair values in line with share prices declining trend. The impact of the pandemic on the Fund’s operations and financial results till the date of the interim financial statements has been reflected in the net assets value and investments value. These developments could further impact our future financial results, cash flows and financial condition and the Fund Manager will continue to assess the nature and extent of the impact on its business and financial results.
