Report on review of interim condensed financial information

To the Unitholders and the Fund Manager of
Albilad GCC Equity Income Fund

Introduction

We have reviewed the accompanying interim condensed statement of financial position of Albilad GCC Equity Income Fund (the "Fund") as of 30 June 2025 and the related interim condensed statements of comprehensive income, changes in equity attributable to the Unitholders and cash flows for the six-month period then ended and explanatory notes. Fund Manager is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard 34 - "Interim Financial Reporting" (IAS 34), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

Albilad GCC Equity Income Fund (the "Fund") is an open-ended mutual fund, managed by Albilad Investment Company (the "Fund Manager"), a subsidiary of Bank Albilad (the "Bank") for the benefit of the Fund's Unitholders (the "Unitholders"). The Fund's objective is to invest in the long-term listed equities of GCC Markets on a large global scale in order to earn capital gain. The Fund distributes dividends semi-annually.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate interim condensed financial information for the Fund. Furthermore, the Unitholders are considered to be the beneficial owners of the assets of the Fund. The management of the Fund is the responsibility of the Fund Manager.

Riyad Capital is the "Custodian" of the Fund.

The Fund is governed by the Investment Fund Regulations (the "Regulations") issued by the Board of the Capital Market Authority (CMA) pursuant to its Resolution Number 1 - 219 - 2006 on 3 Dhul Hijja 1427H (corresponding to 24 December 2006) and new amendment number 2-22-2021 by resolution of the Board of the CMA on 12 Rajab 1442H (corresponding to 24 February 2021) effective from 19 Ramadan 1442H (corresponding 1 May 2021) by the New Investment Fund Regulations ("Amended Regulations") published by the Capital Market Authority on 17 Rajab 1442H (corresponding to 1 March 2021) detailing requirements for all funds within the Kingdom of Saudi Arabia. During the period ended 30 June 2025, CMA has issued another amendment to the regulation via amendment number 1-54-2025 issued on 23 Dhul Qidah 1446H (corresponding to 21 May 2025) which is effective subsequent to the period ended 30 June 2025, from 14 Muharram 1442H (corresponding 9 July 2025).

The registered office of the Fund is Albilad Investment Company, P.O. Box 8162, Riyadh 12313 – 3701, Kingdom of Saudi Arabia.

2 BASIS OF PREPARATION

This interim condensed financial information of the Fund has been prepared in accordance with International Accounting Standard 34 – "Interim Financial Reporting" (IAS 34) as endorsed in the Kingdom of Saudi Arabia.

This interim condensed financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2024. In addition, results for the six-month period ended 30 June 2025, are not necessarily indicative of the actual results for the full year ending on 31 December 2025 and final results may differ.

The interim condensed financial information has been prepared on a historical cost convention, except for the re-measurement of investments held at fair value through statement of income (FVSI) and using accrual basis of accounting.

The principal accounting policies, estimates, assumptions and method of computation used in the preparation of this interim condensed financial information are consistent with those of the previous financial year except as described in note 3 below. The Fund's financial risk management objectives and policies are consistent with those disclosed in the last audited financial statements for the year ended 31 December 2024.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the interim condensed statement of financial position. Instead, assets and liabilities are presented in order of liquidity.

The preparation of this interim condensed financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In preparing this interim condensed financial information, the significant judgments made by management in applying the Fund's accounting policies and the key sources of estimation uncertainty including the risk management policies were the same as those that applied to the annual financial statements as at and for the year ended 31 December 2024.

The Fund can recover or settle all its assets and liabilities within 12 months from the reporting date.

6 FAIR VALUE ESTIMATION

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The estimated fair value of the Fund's financial assets and liabilities is not considered to be significantly different from their carrying values. The fair value of investments held at FVSI are based on quoted prices in active markets and are therefore classified within Level 1.

Changes in comparatives in the interim condensed statement of comprehensive income

Net gains from investments held at fair value through statement of income (FVSI)

In prior period, the Fund presented realised gain on sale of investments held at FVSI and unrealized FV loss on re-measurement of investments held at FVSI as separate line items on the face of interim condensed statement of comprehensive income.

During the period, the Fund has reassessed the above treatment and as a result aggregated the realised gain on sale of investments held at FVSI and unrealized FV loss on re-measurement of investments held at FVSI and presented them within "Net gains from investments held at FVSI" on the face of the interim condensed statement of comprehensive income.

The restatement has no effect on the Fund's interim condensed statement of financial position, interim condensed statement of changes in equity attributable to the Unitholders or interim condensed statement of cash flows.
