Investment Fund Information

Fund Name

Jadwa Saudi Equity Fund

Benchmark

S&P Saudi Shariah Domestic Index (TR)

Index levels are based on the total float-adjusted market value of index constituents relative to a base period. Index returns include the reinvestment of dividends, if applicable. www.spice-indices.com

Inception Date

Unit Class 'A': September 27, 2016G

Unit Class 'B': June 30, 2007G

Unit Class 'C': September 27, 2016G

Unit Class 'D': February 24, 2020G

Investment Objective and Policies

Jadwa Saudi Equity Fund, an open-ended equity fund, aims to provide long-term capital growth for unitholders by investing in the Saudi equity markets and in shares of Saudi companies or any of their subsidiaries listed on any other stock market in accordance with Shariah investment guidelines.

The below summarizes the investment policy.

The Fund aims to invest its assets in any of the following:

- A) Shares of Saudi Tadawul-listed companies or of any of their subsidiaries listed on any other stock market;
- B) IPOs, secondary issuances, and rights issues to increase the capital of Saudi Companies that are listed or to be listed on the Saudi Market, or that are listed or to be listed on any other global market, and any other related financial instruments;
- C) Other similar Saudi funds;
- D) Fund Manager may invest all assets in short-term Murabaha agreements in the following cases for example but not limited to:
 - a. Lower performance by Saudi Stock Market; and
 - b. Diversification of the Fund's investments to make use of money market returns;
- E) The Fund Manager may reduce the minimum investment in shares of Tadawul-listed Companies, IPOs, secondary offerings and Rights issues from 30% to 0% in the following cases:
 - a. The financial markets are likely to plunge due to the economic conditions globally or regionally;
 - b. The financial markets likely to plunge due to the poor political conditions globally or regionally;
 - c. Lack of attractive investment opportunities;
 - d. Any reason deemed by the Fund Manager to protect the interest of Investors, which may include the bankruptcy declaration by any leading local company, or a large bank, or in the case of sharp deterioration in any of the regional economies which would directly or indirectly impact Fund investments.

Distribution of Income and Gain Policy

Dividends and/or income are reinvested in the Fund and not paid out or distributed to investors.

Fund Manager's Commentary

The year 2024 was marked by heightened volatility and persistent geopolitical tensions across public markets. Despite these challenges, several markets posted strong double-digit returns. The S&P 500 and Russell 2000 returned 26.8% and 12.1%, respectively, while the Nasdaq led with a remarkable 32.3% gain. Emerging markets delivered mixed results, ranging from modest gains to high double-digit returns.

The TASI Index in Saudi Arabia ended 2024 with a modest gain of 3.3%, despite a volatile year. After peaking in March, the index declined, bottomed in August, and stabilized toward year-end. Top-performing sectors were Capital Goods (+56%), Utilities (+40.6%), and Media (+30.1%), significantly outperforming the broader market.

Saudi Arabia's macroeconomic outlook remains strong, supported by ongoing diversification efforts beyond oil. Brent crude rose from \$74.7 to \$92.1 by April before declining to a September low of \$68.6. Despite oil price volatility, IPO activity remained robust, drawing regional and international interest. Several government megaprojects progressed, alongside key Tadawul initiatives aimed at enhancing market infrastructure.

For the full years of 2024, the Jadwa Saudi Markets Equity Fund (Class B), delivered a total return of 15.36%, outperforming its benchmark (S&P Saudi Arabia Sharia Domestic Total Return Index) by 10.75%. Since inception, the fund delivered an annualized return of 14.59% and annualized outperformance of 7.68%.

Looking forward, the fund will continue to focus on generating sustainable long-term returns for investors, allocating funds to higher quality companies with favorable valuations. The fund will focus on finding opportunities that can offer favorable risk-adjusted returns.

For more details on performance please refer to the Fund Performance section.

Fund Board

Members of the fund's board of directors:

- A) Mr. Ghannam Al-Ghannam (Chairman of the Board)
- B) Dr. Mohammed Sultan Al-Sahli (Independent member)
- C) Dr. Walid Addas (Independent member)
- D) Mr. Amer Afiouni (Member)

There is no conflict or potential conflict of interest between the interests of the fund board members and the interest of the fund.

An overview of the qualifications of the members of the fund's board of directors:

A) Mr. Ghannam Al-Ghannam (Chairman of the Board):

Mr. Ghannam Al-Ghannam is the Head of Private and Institutional Client Investments (PICI) at Jadwa Investment Company. Prior to joining Jadwa, he was a Senior Investment Advisor to major clients at HSBC Saudi Arabia. Mr. El-Ghannam has experience in business development and wealth management, and has a distinguished approach to all sales, services, operations, operational procedures and risk management. He has been involved in organizing fundraising campaigns for various investment companies in private equity, asset management, and products real estate. He is a certified financial planner, and holds a Master's degree in Informatics from Ohio State University, USA, in addition to a Bachelor's degree in Business Administration from the University of Toledo, Ohio, USA.

B) Dr. Mohammed Sultan Al-Sahli (Independent member):

Dr. Muhammad Al-Sahli is the Head of the Accounting Department at King Saud University, a member of the Primary Committee for Zakat and Tax, and Director of the Saudi Accounting Association. Dr. Muhammad Al-Sahli has authored and published many scientific papers. He holds a PhD in Accounting from the University of Melbourne, Australia, in addition to a Master's degree in Accounting from Saint Louis University, USA, and a Bachelor's degree in Accounting from King Saud University.

C) Dr. Walid Addas (Independent member):

Dr. Walid Addas is the Deputy Director of Operations Resources Department for Development Effectiveness at the Islamic Development Bank in Jeddah. Among the previous positions held by Dr. Addas, Head of Program and Portfolio Management at the same bank, and Director of Finance and Administration at the International Energy Forum in Riyadh. He holds a Ph.D. in Economics from the International Islamic University in Malaysia, a Master's degree in Economics from the University of Essex, and a Bachelor's degree in Economics from Middlesex University, UK.

D) Mr. Amer Afiouni (Member):

Mr. Amer Afiouni joined Jadwa Investment in June 2015. His main focus is to drive strategic initiatives to enhance business growth opportunities and build organizational capabilities across the company. He has extensive business strategy and experience in management knowledge gained from serving clients across a variety of industries and functional disciplines. He is an accomplished businessman with an outstanding academic background and international exposure. This is combined with interpersonal skills and a strong team.

Prior to joining Jadwa Investments, Amer held senior positions at McKinsey & Company. He was the managing partner of CDC Systems Middle East and IT consultant at Compagnie General d'Informatique and IBM.

Amer holds an MBA from INSEAD in France.

Description of the roles and responsibilities of the Fund Board:

The responsibility of the Fund Board shall include the following:

- A) Approving material contracts, decisions and reports involving the Fund, including, but not limited to, contracts for the provision of Fund management services, contracts for the provision of custody services, excluding contracts entered into pursuant to investment decisions regarding underlying investments made or to be made by the Fund;
- B) Approving a written policy with regard to voting rights related to the Fund's Assets;
- C) Overseeing and, where appropriate, approving or ratifying any conflicts of interest which the Fund Manager has disclosed;
- D) Meeting at least twice annually with the Fund Manager's compliance committee or its compliance officer to review the Fund Manager's compliance with all applicable rules, laws and regulations, including (without limitation) the requirements of the Investment Funds Regulations;
- E) Ensuring the completeness and accuracy of the Terms and Conditions, the Information Memorandum and any other document, contractual or otherwise, that includes disclosures relating to the Fund and the Fund Manager and its management of the Fund and ensuring compliance with the Investment Funds Regulations;
- F) Ensuring that the Fund Manager carries out its obligations in the best interests of Unitholders, in accordance with the Investment Funds Regulations, the Terms and Conditions and the Information Memorandum;
- G) Demonstrating a fiduciary duty to Unitholders, including a duty to act in good faith, a duty to act in the best interests of Unitholders and a duty to exercise all reasonable care and skill; and
- H) Taking minutes of meetings that provide all deliberations and facts of the meetings and the decisions taken by the Fund Board.

Details on the remuneration of fund board members

The Fund shall remunerate members of the Fund Board of Directors for travel expenses and other reasonable expenses incurred with regard to their obligations towards the Fund, provided that such remuneration shall not exceed 0.1% of the Fund's Assets annually.

Remuneration of Fund's independent board members for the services they rendered to the Fund is estimated to reach SAR 30,000 per annum.

All the funds boards that the relevant board member is participating in.

Currently, Board members do not manage any investment fund in the Kingdom of Saudi Arabia except for the following:

Independent Auditor's Report

To the Unitholders of Jadwa Saudi Equity Fund

Opinion

We have audited the financial statements of **Jadwa Saudi Equity Fund** (the "Fund") managed by Jadwa Investment Company (the "Fund Manager"), which comprise the statement of financial position as at 31 December 2024, the statements of profit or loss and other comprehensive income, changes in net assets (equity) attributable to the Unitholders and cash flows for the year then ended, and notes to the financial statements, comprising material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2024, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IFRS Accounting Standards") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards), that is endorsed in the Kingdom of Saudi Arabia, that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with the Code's requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Fund Manager and Those Charged with Governance for the Financial Statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the SOCPA and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority ("CMA"), the Fund's terms and conditions, and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Fund Board, are responsible for overseeing the Fund's financial reporting process.

Independent Auditor's Report

To the Unitholders of Jadwa Saudi Equity Fund (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund Manager's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of **Jadwa Saudi Equity Fund** ("The Fund").

JADWA SAUDI EQUITY FUND
An open-ended mutual fund
(MANAGED BY JADWA INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
For the year ended 31 December 2024
(Amounts in Saudi Arabian Riyals)

1. GENERAL INFORMATION

- a) Jadwa Saudi Equity Fund (the “Fund”) is an open-ended equity fund established and managed as per terms and conditions between Jadwa Investment Company (the “Fund Manager”) and the Fund Investors (the “Unitholders”). The Capital Market Authority’s (“CMA”) approval for the establishment of the Fund was granted in its letter number 443 dated Jumad Awal 9, 1428 H (corresponding to 26 May 2007). The Fund commenced its operations on 31 December 2007.

The Fund aims to provide investors with long-term capital appreciation by investing in Saudi equities listed on the Saudi stock market which are compliant with the Shariah standards approved by the Fund Manager’s Shariah Committee.

In dealing with the Unitholders, the Fund Manager considers the Fund as an independent accounting unit. Accordingly, the Fund Manager prepares separate financial statements for the Fund.

The Fund is governed by Investment Fund Regulations (the “Regulations”) published by CMA on 3 Dhul Hijja 1427 H (corresponding to 24 December 2006) thereafter amended (the “amended regulations”) on 16 Sha’ban 1437 H (corresponding to 23 May 2016), and 17 Rajab 1442 H (corresponding to 1 March 2022), detailing requirements for all funds within the Kingdom of Saudi Arabia.

- b) The management of the Fund is the responsibility of the Fund Manager. However, in accordance with the Fund’s terms and conditions, the Fund Manager can delegate or assign its duties to one or more of the financial institutions in the Kingdom of Saudi Arabia and overseas. The Fund Manager of the Fund is Jadwa Investment Company, and administrator and custodian of the Fund is HSBC Saudi Arabia.
- c) The Fund Manager charges the Fund a management fee of 1.25%, 1.95%, 0.98% and 1.95% of the net assets (equity) value of Class A, Class B, Class C and Class D units respectively at each valuation day along with VAT charges at 15% of transaction. In addition, the Fund Manager has the right to collectively charge the Fund all other expenses related to the management of the Fund, including but not limited to audit fee and legal charges subject to limits as set out in the Fund’s terms and conditions.

Furthermore, the Fund Manager may charge investor a subscription fee for a percentage not to exceed 3% of the subscribed amount. Subscription fee is not included in these financial statements.

2. BASIS OF ACCOUNTING

These financial statements of the Fund have been prepared in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board (“IFRS Accounting Standards”) that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”) and comply with the applicable provisions of the Investment Funds Regulations issued by the CMA and the Fund’s terms and conditions.

3. BASIS OF MEASUREMENT

The financial statements have been prepared on a historical cost convention using the accrual basis of accounting and going concern concept except for investments measured at fair value through profit or loss (“FVTPL”) which are recorded at fair value.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the statement of financial position. Instead, assets and liabilities are presented in order of their liquidity.

4. FUNCTIONAL AND PRESENTATION CURRENCY

These financial statements are presented in Saudi Arabian Riyal (“SAR”), which is the Fund’s functional currency. All amounts have been rounded to the nearest SAR, unless otherwise indicated.

JADWA SAUDI EQUITY FUND
An open-ended mutual fund
(MANAGED BY JADWA INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
For the year ended 31 December 2024
(Amounts in Saudi Arabian Riyals)

5. USE OF JUDGMENTS AND ESTIMATES

The preparation of the financial statements requires the Fund Manager to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

6. MATERIAL ACCOUNTING POLICIES

The Fund has consistently applied the following accounting policies to all periods presented unless otherwise stated and the material accounting policies applied in the preparation of these financial statements are set out below.

a) *Dividend income*

Dividend income is recognized in the statement of profit or loss and other comprehensive income on the date on which the right to receive payment is established. For quoted equity securities, this is usually the ex-dividend date. For unquoted equity securities, this is usually the date on which the shareholders approve the payment of a dividend. Dividend income from equity securities at FVTPL is recognized in the statement of profit or loss and other comprehensive income in a separate line item.

b) *Net gains or losses on investments*

Net gains or losses on investments includes all realised and unrealised fair value changes and foreign exchange differences.

c) *Provisions*

Provisions are recognized whenever there is present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

d) *Management fee*

Management fee is recognized in the statement of comprehensive income as the related services are performed.

e) *Cash and cash equivalents*

Cash and cash equivalents comprise deposits with banks and highly liquid financial assets with maturities of three months or less from the date of acquisition that are subject to an insignificant risk of changes in their fair value and are used by the Fund in the management of short-term commitments.

f) *Financial assets and liabilities*

Classification of financial assets

On initial recognition, a financial asset is classified and measured at amortized cost, fair value through other comprehensive income ("FVOCI") or FVTPL.

Financial assets measured at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

JADWA SAUDI EQUITY FUND

(MANAGED BY JADWA INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
For the year ended 31 December 2024
(Amounts in Saudi Arabian Riyals)

6. MATERIAL ACCOUNTING POLICIES (CONTINUED)

f) *Financial assets and liabilities (continued)*

Financial assets measured at FVOCI

A financial asset is measured at fair value through FVOCI only if it meets both of the following conditions and is not designated as at FVTPL.

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principle and interest on the principle amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund Manager may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets measured at FVTPL

All financial assets not classified as measured at amortized cost or FVOCI are measured at FVTPL

Business model assessment

In making an assessment of the objective of the business model in which a financial asset is held, the Fund considers all of the relevant information about how the business is managed, including:

- the documented investment strategy and the execution of this strategy in practice;
- how the performance of the portfolio is evaluated and reported to the Fund Manager;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated- e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realized.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realized in a way that is different from the Fund's original expectations, the Fund does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly purchased financial assets going forward.

Financial assets that are held for trading and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

Assessment whether contractual cash flows are solely payments of principal and profit

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Profit' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as profit margin. In assessing whether the contractual cash flows are solely payments of principal and profit, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

(Amounts in Saudi Arabian Riyals)

6. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Financial assets and liabilities (continued)

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (e.g. non-recourse asset arrangements); and
- features that modify consideration of the time value of money – e.g. periodical reset of interest rates.

Classification of financial liabilities

Financial liabilities are classified as measured at amortised cost unless it has designated liabilities at FVTPL.

Recognition and initial measurement

The Fund initially recognizes regular-way transactions in financial assets and financial liabilities at FVTPL on the trade date, which the date on which the Fund becomes a party to the contractual provisions of the instrument. Other financial assets and financial liabilities are recognized on the date on which they are originated.

Financial asset or financial liability is measured initially at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition issue.

Subsequent measurement

Financial assets measured at FVTPL are subsequently measured at fair value. Net gains or losses including any foreign exchange gains and losses, are recognized in profit or loss in 'gain/loss on investments, net' in the statement of profit or loss and other comprehensive income.

Financial assets measured at amortized cost are subsequently measured at amortized cost using effective interest method. Special commission income is recognised in 'special commission income', foreign exchange gains/losses are recognised in 'foreign exchange gain/loss' and impairment is recognised in 'impairment losses on financial instruments' in the statement of profit or loss and other comprehensive income. Any gain or loss on derecognition is also recognised in profit or loss.

Financial liabilities measured at amortised cost are subsequently measured at amortised cost using effective interest method. Special commission expense and foreign exchange gains and losses are recognised in the statement of profit or loss and other comprehensive income.

The 'amortized cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principle repayments, plus or minus the cumulative amortizing using effective interest method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

Derecognition

The Fund derecognizes a financial asset when the contractual rights to the cash flow from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Fund neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of the financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset that is derecognised) and the consideration received (including any new asset obtained less any new liability assumed) is recognized in statement of comprehensive income. Any interest in such transferred financial assets that is created or retained by the Fund is recognized as a separate asset or liability.

The Fund enters into transactions whereby it transfers assets recognized on its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. If all or substantially all of the risk and rewards are retained, then the transferred assets are not derecognized.

JADWA SAUDI EQUITY FUND
An open-ended mutual fund
(MANAGED BY JADWA INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
For the year ended 31 December 2024
(Amounts in Saudi Arabian Riyals)

6. MATERIAL ACCOUNTING POLICIES (CONTINUED)

f) *Financial assets and liabilities (continued)*

The Fund derecognize a financial liability when its contractual obligations are discharged or cancelled, or expire.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Fund has legally enforceable right to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle them liability simultaneously.

Income and expenses are presented on a net basis for gain and losses from financial instruments at FVTPL and foreign exchange gains and losses.

g) *Fair value measurement*

‘Fair value’ is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principle or, in its absence, the most advantageous market to which the Fund has access at that date.

When available, the Fund measures the fair value of an instrument using the quoted prices in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market as per the official closing price in the related stock exchange where the instrument is traded.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The Fund recognizes transfers between levels of the fair value hierarchy as at the end of the reporting period during which the change has occurred.

h) *Distributions to the Unitholders*

Distribution to the Unitholders is accounted for as a deduction from net assets (equity) attributable to the Unitholders. An interim dividend is recognized as a liability in the period in which it is irrevocably declared by the Fund Board. A final dividend is recognized as a liability in the period in which it is approved by the Fund Board.

i) *Redeemable units*

The Fund classified financial instruments issued as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

The Fund has redeemable units in issue. On liquidation of the Fund, they entitle the holders to the residual net assets. They rank pari passu in all respects and have identical terms and conditions. The redeemable units provide investors with the right to require redemption for cash at a value proportionate to the investor’s share in the Fund net assets at each redemption date and also in the event of the Fund’s liquidation.

Redeemable units are classified as equity as it meets all of the following conditions:

- it entitles the holder to a pro rata share of the Fund’s net assets in the event of the Fund’s liquidation;
- it is in the class of instruments that is subordinate to all other classes of instruments;
- all financial instruments in the class of instruments that is subordinate to all other classes of instruments have identical features;
- the instrument does not include any other features that would require classification as a liability; and

6. MATERIAL ACCOUNTING POLICIES (CONTINUED)

i) Redeemable units (continued)

- the total expected cash flows attributable to the instrument over its life are based substantially on the profit or loss, the change in recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the Fund over the life of the instrument.

j) Standards, interpretations and amendments thereof, adopted by the Fund

Below amendments to accounting standards and interpretations became applicable for annual reporting periods commencing on or after 1 January 2024. The Fund Manager has assessed that the amendments have no significant impact on the Fund's financial statements.

Amendments to IAS 1 - *Classification of liabilities as current or non-current and non-current liabilities with covenants*

Amendments to IAS 7 and IFRS 7 - *Supplier finance arrangements*

Amendments to IFRS 16 - *Lease liability in a sale and leaseback transaction*

k) Standards, interpretations and amendments issued but not yet effective

Standards issued but not yet effective are listed below. The Fund intends to adopt these standards when they become effective.

<i>Standards / Amendments</i>	<i>Description</i>	<i>Effective from periods beginning on or after the following date</i>
Amendments to IAS 21	Lack of exchangeability	1 January 2025

Management fee payable	4,471,642	--
Accrued expenses and other liabilities	560,078	--
Total financial liabilities	5,031,720	--

11. FINANCIAL RISK MANAGEMENT

The Fund has exposure to the following risks from financial instruments:

- a) market risk;
- b) credit risk;
- c) liquidity risks; and
- d) operational risk.

The Fund primarily aims to invest in a diversified portfolio consisting of listed equities in Saudi markets. The nature and extent of the financial instruments outstanding at the Statement of Financial Position date and the risk management policies employed by the Fund are discussed below. The Fund Manager has been given discretionary authority to manage the assets in line with the Fund's investment objectives. Compliance with target asset allocations as per the terms and conditions is monitored by the portfolio management team on a regular basis.

The Fund uses different methods to measure and manage the various types of risk to which it is exposed; these methods are explained below.

a) Market risk

'Market Risk' is the risk that changes in market prices – such as commission rates, foreign exchange rates and equity prices – will affect the Fund's income or the fair value of its holdings in financial instruments.

The Fund's strategy for the management of market risk is driven by the Fund's investment objective as per the Fund's terms and conditions.

The Fund's market risk is managed by the Fund Manager in accordance with the policies and procedures in place. The Fund's market positions are monitored on a daily basis by the portfolio management team.

JADWA SAUDI EQUITY FUND
An open-ended mutual fund
(MANAGED BY JADWA INVESTMENT COMPANY)
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
For the year ended 31 December 2024
(Amounts in Saudi Arabian Riyals)

11. FINANCIAL RISK MANAGEMENT (CONTINUED)

a) Market risk (continued)

ii. Foreign currency risk

Foreign currency risk arises as the value of future transactions, recognized monetary assets and monetary liabilities denominated in other currencies fluctuate due to changes in foreign exchange rates.

The Fund primarily transacts in SAR, which is the functional currency of the Fund and accordingly does not have exposure to currency risk.

iii. Special commission rate risk

Special commission rate risk is the risk that the value of the future cash flows of a financial instrument or fair values of fixed coupon financial instruments will fluctuate due to changes in market commission rates. The Fund is not subject to any special commission rate risk as at 31 December 2024, as all Murabaha placements are measured at amortized cost with fixed rates.

iv. Other price risk

Other price risk' is the risk that the fair value of the financial instrument will fluctuate as a result of changes in market prices (other than those arising from commission rate risk or currency risk), whether caused by factors specific to an individual investment or its issuer or factors affecting all instruments traded in the market.

The Fund Manager continuously monitors the (potential) determinants of the value of the securities held and the total portfolio value. As such, risk management is an integral part of investment management which comprises security selection and portfolio construction. The exposures in various stocks, and economic sectors are frequently monitored, measured and managed against the norms which have been defined for those exposures.

The Fund is exposed to equity securities price risk. This arises from investments held by the Fund for which prices in the future are uncertain. The Fund's policy is to manage price risk through diversification and selection of securities within specified limits set by the Fund's terms and conditions. A summary analysis of investments by nature is presented below. All of the Fund's equity investments are publicly traded and overall market position is monitored on a daily basis by the Fund Manager and it is reviewed on quarterly basis by the portfolio management team.

The Fund also manages its exposure to price risk by analyzing the investment portfolio by economic sector. The Fund's policy is to concentrate the investment portfolio in sectors where the Fund Manager believes the Fund can maximize the returns derived for the level of risk to which the Fund is exposed. The table below is a summary of the significant economic sector concentrations within the equity securities portfolio.

	31 December 2024		
<u>Economic sectors</u>	<u>Cost</u>	<u>Fair value</u>	<u>% of Fair value to total equity investment</u>
Banks	790,653,537	908,215,774	26.16

Total	1,126,959,699	1,495,822,745	100.00

The table below sets out the effect on net asset (equity) attributable to the Unitholders of a reasonably possible weakening / strengthening in the individual equity market prices of 1% at reporting date. The estimate is made on an individual investment basis. The analysis assumes that all other variables, in particular commission, remain constant.

	31 December 2024		31 December 2023	
	<u>%</u>	<u>SAR</u>	<u>%</u>	<u>SAR</u>
<i>Effect on net assets (equity) attributable to the Unitholders</i>	±0.86	± 34,722,262	± 0.99	± 14,958,227

b) Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund, resulting in a financial loss to the Fund. It arises principally from cash and cash equivalents and dividend receivable (if any). For risk management reporting purposes, the Fund considers and aggregates all elements of credit risk exposure such as individual obligor default risk, counter party risk and sector risk etc. The Fund's policy over credit risk is to minimize its exposure to counterparties with perceived higher risk of default by dealing only with counterparties that meet the certain credit standards.

The Fund's credit risk is monitored on a regular basis by portfolio management team to ensure it is in line with the investment guidelines of the Fund. The table below shows the maximum exposure to credit risk for the component of the statement of financial position:

	31 December 2024	31 December 2023
Cash and cash equivalents	463,438,992	12,646,384
Advance for investment	68,975,485	--
Dividend receivable	--	1,772,015
Total exposure to credit risk	532,414,477	14,418,399

11. FINANCIAL RISK MANAGEMENT (CONTINUED)

b) Credit risk (*continued*)

The Fund does not have a formal internal grading mechanism. Credit risk is managed and controlled by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties. Credit risks are generally managed on the basis of external credit ratings of the counterparties. Cash and cash equivalents are maintained with banks having sound credit ratings. Hence no impairment allowance is recorded in these financial statements.

c) Liquidity risk

‘Liquidity risk’ is the risk that the fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund’s terms and conditions provide for subscription and redemption of units on every Saudi business day and it is, therefore, exposed to the liquidity risk of not being able to meet Unitholders’ redemption requests on these days. The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions or liquidation of the investment portfolio. As at 31 December 2024 the remaining contractual maturity of Murabaha placements ranging from 1 month to 3 month. (31 December 2023: Nil)

c) Operational risk

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund’s activities either internally or externally at the Fund’s service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund’s objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns to unitholders.

The primary responsibility for the development and implementation of control over operational risks rests with the Risk Management Team. This responsibility is supported by the development of overall standard for the management of operational risk, which encompasses the controls and processes at the service providers and the establishment of service levels with the service providers, in the following areas:

- documentation of controls and procedures;
- requirements for:
 - o appropriate segregation of duties between various functions, roles and responsibilities;
 - o reconciliation and monitoring of transactions; and
 - o periodic assessment of operational risks faced.
- the adequacy of controls and procedures to address the risks identified;
- compliance with regulatory and other legal requirements;
- development of contingency plans;
- training and professional development;
- ethical and business standards; and
- risk mitigation, including insurance if this is effective.

12. FAIR VALUE MEASUREMENT

The Fund measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements.

Level 1: Inputs that are quoted market prices (unadjusted) in active markets for identical instruments.

Level 2: Inputs other than quoted prices included within level 1 that are observable either directly (i.e., as prices) or indirectly (i.e., derived from prices). This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques in which all significant inputs are directly or indirectly observable from market data.

(Amounts in Saudi Arabian Riyals)

12. FAIR VALUE MEASUREMENT (CONTINUED)

Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable, and the unobservable inputs have a significant effect on the instrument's valuation.

The Fund determines fair values of equity securities that are actively traded on an approved stock exchange at their last reported prices. To the extent that equity securities are actively traded and valuation adjustments are not applied, they are categorized in level 1 of the fair value hierarchy; hence the Fund's investment measured at FVTPL have been categorized in level 1 of the fair value hierarchy.

Carrying amounts and fair value

The table below analyses financial instruments measured at fair value at the reporting date by the level in the fair value hierarchy into which the fair value measurement is categorized. The amounts are based on the values recognized in the statement of financial position. All fair value measurements below are recurring.

31 December 2024				
Carrying amount	Fair value			Total
	Level 1	Level 2	Level 3	
Investments	<u>3,472,226,168</u>	<u>32,820,296</u>	<u>--</u>	<u>3,505,046,464</u>
31 December 2023				
Carrying amount	Fair value			Total
	Level 1	Level 2	Level 3	
Investments	<u>1,495,822,745</u>	<u>4,240,668</u>	<u>--</u>	<u>1,500,063,413</u>

During the year, there were no transfers between the fair value hierarchy.

Other financial instruments such as cash and cash equivalents, dividend receivable, management fees payable, accrued expenses and other liabilities are short-term financial assets and financial liabilities whose carrying amounts are approximate to their fair value due to their short-term nature. Cash and cash equivalents are classified under level 1, while the remaining financial assets and liabilities are classified under level 3.

13. EVENTS AFTER THE END OF THE REPORTING PERIOD

There is no event subsequent to the statement of financial position date which require adjustment of or disclosure in the financial statement or notes thereto.

14. CHANGE IN CLASSIFICATION

During the year, the Fund reclassified the value added tax payable on the management fee from accrued expenses and other liabilities to Management Fee Payable for better presentation. Comparative amounts in the statement of financial position and statement of profit or loss and other comprehensive income have been reclassified accordingly to ensure consistency with the current year presentation.

15. LAST VALUATION DAY

The last valuation day for the purpose of preparation of these financial statements was 31 December 2024 (2023: 31 December 2023).

16. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements were authorized for issue by the Fund Board on 23 Ramadan 1446H (corresponding to 23 March 2025).
