مديرالصندوق

1) اسم مدير الصندوق، وعنوانه

شركة دراية المالية مبنى بريستيج سنتر، بوابة رقم (2) – الدور الثالث - شارع التخصصي – العليا ص.ب 286546 الرياض 11323، المملكة العربية السعودية الموقع الإلكتروني:www.derayah.com

2) أنشطة الاستثمار خلال الفترة

جميع أنشطة الصندوق الاستثمارية متوافقة مع أهداف الصندوق الاستثمارية ومع جميع شروط وأحكام الصندوق ومع القوانين التي يخضع لها. حافظ الصندوق على مستوى كافي من التنوع الاستثماري الذي مكن الصندوق من تحقيق أهدافه الاستثمارية مع الإلتزام بالإجراءات الداخلية و الضوابط الشرعية.

مراجعة السوق والاقتصاد السعودي:

من المتوقع أن يبلغ الناتج المحلى الإجمالي الحقيقي للمملكة العربية السعودية حوالي 0.8٪ في عام 2024 مدفوعًا بشكل رئيسي بالأنشطة غير النفطية التي من المتوقع أن تنمو بنسبة 3.7٪ مدعومة بجهود الحكومة المستمرة لتقديم العديد من المبادرات الجارية التي تتيح مشاركة أكبر للقطاع الخاص في الأنشطة الاقتصادية. بلغت عائدات النفط 757 مليار ريال سعودي في عام 2024 مستقرة إلى حد كبير مقارنة بعام 2023 بسبب انخفاض أسعار النفط المحققة وحجمها. أثرت وتيرة النمو البطيئة في إيرادات النفط على التوازن المالى للحكومة، مما أدى إلى عجز متوقع في الميزانية قدره 115 مليار ريال (2.8% من الناتج المحلى الإجمالي) في عام 2024. ومن المتوقع أن يبلغ العجز في الميزانية 101 مليار ريال في عام 2025 بسبب انخفاض إجمالي الإيرادات المتوقعة واستمرار الاستثمارات الرأسمالية في مشاريع التحول الاقتصادي والبنية التحتية بهدف تقليل الاعتماد على النفط. خفضت مؤسسة النقد العربي السعودي أسعار الفائدة المرجعية للحفاظ على ربط الريال السعودي بالدولار الأمريكي بما يتماشى مع تخفيضات أسعار الفائدة التي أجراها بنك الاحتياطي الفيدرالي الأمريكي خلال عام 2024 (50 نقطة أساس و25 نقطة أساس لكل من سبتمبر ونوفمبر وديسمبر). أسعار الفائدة الفيدرالية الحالية هي حوالي 4.25٪ - 4.5٪ ومن المتوقع أن يكون هناك تخفيضان أو ثلاثة تخفيضات أخرى في عام 2025. وعلى الرغم من التحديات الجيوسياسية والسوقية وخاصة في قطاع النفط، فإن الناتج المحلى الإجمالي الحقيقي المتوقع هو 4.6٪ في عام 2025 مدفوعًا إلى حد كبير بالزخم الإيجابي المستمر في نمو القطاع غير النفطي والمستوى المرتفع للإنفاق على المشاريع الضخمة / العملاقة الهامة مثل نيوم والقدية والبحر الأحمر العالمي وحديقة الملك سلمان ومشروع الرياض الخضراء وروشن والدرعية وما إلى ذلك والتي تعد ضرورية لرؤية 2030 والمرتبطة بالأحداث الرئيسية مثل إكسبو 2030 والألعاب الأولمبية الشتوية وكأس العالم لكرة القدم.

كان أداء سوق الأسهم السعودية (TASI) ضعيفًا إلى حد كبير في عام 2024، حيث حقق مكاسب بنسبة 6.0% فقط، حيث تفوقت أسهم الشركات الصغيرة على الشركات الأخرى، حيث حققت مكاسب بنسبة 10% تقريبًا، بينما شهدت أسهم الشركات الكبيرة انخفاضًا طفيفًا بنسبة 1%. ويرجع الأداء المتواضع للأسهم جزئيًا إلى ضعف الأرباح، حيث انخفضت الأرباح على أساس 9 أشهر بنسبة 6% تقريبًا، ويرجع ذلك أساسًا إلى تراجع الأرباح المعلنة لشركة أرامكو نتيجة انخفاض أسعار النفط، بالإضافة إلى حالة عدم اليقين الجيوسياسي، إلى جانب ضعف التوقعات للقطاعات ذات الوزن الثقيل في المؤشر مثل البنوك والمواد، ويعود ذلك إلى التوقعات بانكماش هامش الفائدة الصافي (NIM) للبنوك في ظل خفض أسعار الفائدة، واستمرار ضعف أساسيات شركات البتروكيماويات والمواد بسبب ارتفاع أسعار اللقيم في عام 2024. تم تحييد جزء من المعنويات السلبية في السوق جزئيًا بفضل تحسن متوسط القيمة المتداولة، الذي ارتفع بنحو 40%، وزيادة قيمة ملكية المستثمرين الأجانب بنحو 42%، بالإضافة إلى الطروحات الأولية، حيث شهد السوق الرئيسي 15 طرحًا أوليًا بقيمة إجمالية بلغت 14.4 مليار ريال في عام 2024.

وفيما يلى ملخص للقيمة السوقية لمحفظة الاستثمارات حسب القطاع في نهاية عام 2024م:

القيمة السوقية	القطاع
475,806,586.59	أسهم قطاع المواد الأساسية
84,675,856.88	أسهم الخدمات التجارية والمهنية
118,230,099.80	أسهم الاتصالات
64,552,372.40	أسهم تجزئة السلع الكمالية
51,080,528.99	أسهم قطاع الطاقة
53,479,335.94	أسهم الخدمات الإستهلاكية
146,462,293.06	السلع الاستهلاكية الأساسية
85,783,942.00	أسهم تكنولوجيا المعلومات
161,458,300.20	أسهم في قطاع الرعاية الصحية
98,846,874.16	أسهم في قطاع الصناعة
372,315,126.58	أسهم الخدمات المالية والبنوك
84,056,476.11	أسهم في قطاع العقار والتطوير العقاري
36,702,136.90	اسهم السوق الإمارتي

3) تقرير أداء الصندوق خلال الفترة

DERAYAH FREESTYLE SAUDI EQUITY FUND
RIYADH, KINGDOM OF SAUDI ARABIA
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

In our opinion, the financial statements present fairly, in all material respects, the financial position of Derayah Freestyle Saudi Equity ("the Fund"), being managed by Derayah Financial Company (the "Fund Manager"), as at 31 December 2024, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Chartered and Professional Accountants (SOCPA).

We have audited the financial statements of the fund, which comprise of the following:

- ✓ The statement of financial position as at 31 December 2024;
- ✓ The statement of comprehensive income for the year then ended;
- The statement of changes in net assets attributable to the unitholders for the year then ended;
- The statement of cash flows for the year then ended, and;
- The notes to the financial statements, comprising material accounting policies.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing ("ISA") that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the professional code of conduct and ethics that are endorsed in the Kingdom of Saudi Arabia that are relevant to our audit of the financial statements, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

Fund's Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRS), that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the SOCPA, the fund's terms and conditions, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund's management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, i.e. the fund's Board, are responsible for overseeing the Fund's financial reporting process.

INDEPENDENT AUDITOR'S REPORT
TO THE UNITHOLDERS
DERAYAH FREESTYLE SAUDI EQUITY FUND
RIYADH, KINGDOM OF SAUDI ARABIA
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing "ISA" that are endorsed in the Kingdom of Saudi Arabia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Open-Ended Investment Fund Managed by Derayah Financial Company Notes to the financial statements For the year ended 31 December 2024 (All Amounts in Saudi Arabian Riyals)

1. FUND AND ITS ACTIVITIES

Derayah Freestyle Saudi Equity Fund (the "Fund") is an open-ended fund. The Fund aims to develop capital over the long-term by investing mainly in companies listed on the Saudi Stock Exchange ("Tadawul"), in the parallel market ("Nomu"), and tradeable rights and initial offerings in Saudi Arabia. The Fund can also invest in the financial markets of other countries (globally). All investments of the Fund shall be in accordance with Sharia standards approved by the Sharia Committee of the Fund. The Fund Manager will also invest in real estate traded funds and Exchange-Traded Funds ("ETFs"). The Fund will not distribute dividends to its unitholders, however all profits will be reinvested by the Fund.

The Fund is managed by Derayah Financial Company (the "Fund Manager"), a closed joint stock company licensed by the Capital Market Authority of the Kingdom of Saudi Arabia ("CMA") under license number 90810-27. Albilad Investment Company (the "Custodian") is appointed as the custodian of the Fund (2023: Alinma Investment Company).

The registered office address of the Fund Manager is P.O. Box 286546, Riyadh 11323, Kingdom of Saudi Arabia.

The Fund commenced its operations on 29 March 2016.

2. REGULATING AUTHORITY

The Fund is governed by the Investment Fund Regulations (the "Regulations") published by CMA detailing requirements for all funds within the Kingdom of Saudi Arabia.

The Minister of Finance, pursuant to Ministerial Resolution No. (29791) dated 9 Jumada al-Awwal 1444 (corresponding to December 3, 2022), approved the rules for collecting zakat from investors in investment funds permitted by the Capital Market Authority. This decision applies to the fiscal years starting from January 1, 2023, and requires investment funds to register with the Zakat, Tax and Customs Authority (ZATCA). The rules for collecting zakat from investors in the fund also require that they submit an information declaration to the Authority within a period not exceeding 120 days from the end of its fiscal year, provided that it includes the audited financial statements and records of transactions with persons associated with the fund ("related parties") and any additional data requested by the Authority. Under the rules, investment funds are not subject to the collection of zakat in accordance with the rules for collecting zakat from investors in investment funds, including funds that take the form of a special purpose entity licensed by the Capital Market Authority, provided that they do not carry out economic business or investment activities that are not stipulated in the bylaws or terms and conditions and special provisions for investment funds. Zakat will be collected from the fund's unit holders. During the current period, the Fund Manager has completed the registration of the Fund with Zakat and will submit the Zakat information declaration in due course.

3. BASIS OF PREPARATION

3.1 Statement of compliance

These financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

3.2 Basis of measurement functional and presentation currency

These financial statements have been prepared under the historical cost convention, except for the measurement of investments carried at fair value through profit or loss using accrual basis of accounting and the concept of going concern. These financial statements are presented in Saudi riyals, which is the functional currency and presentation currency of the fund.

Open-Ended Investment Fund Managed by Derayah Financial Company Notes to the financial statements For the year ended 31 December 2024 (All Amounts in Saudi Arabian Riyals)

3. BASIS OF PREPARATION (CONTINUED)

Basis of measurement functional and presentation currency (Continued)

The fund does not have a specific operating cycle and therefore does not display current and non-current assets and liabilities in the statement of financial position, as the fund displays assets and liabilities in order of liquidity.

3.3 Critical accounting judgments, estimates and assumption

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumption and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

While applying the Fund's accounting policies, management has made the following estimates and judgments that are significant to these financial statements:

A- Judgments

3.3.1 Going concern

The Fund Manager of the Fund has assessed the Fund's ability to continue as a going concern and is satisfied that the Fund has the necessary resources to continue in operating in the future. Furthermore, the management is not aware of any material uncertainties that may cast significant doubt on the Fund's ability to continue as a going concern. Therefore, these financial statements have been prepared on the going concern basis.

B- Critical accounting judgements, estimates and assumptions

3.3.2 Expected credit losses

In the preparation of these financial statements, management has made a number of significant judgments required in applying the accounting requirements for measuring expected credit loss (ECL), such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing group of similar financial assets for the purposes of measuring ECL.

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2024

(All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES

The material accounting policies applied in the preparation of these financial statements are explained below:

Cash and cash equivalents

Cash and cash equivalents consist of cash in current accounts held with a local bank. Cash and cash equivalents are measured at amortized cost in the statement of financial position.

Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Fund becomes a party to the contractual provisions of the instrument.

At initial recognition, the Fund measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in the statement of comprehensive income. Immediately after initial recognition, an expected credit loss allowance (ECL), if any, is recognized for financial assets measured at amortized cost, as described in Note 3.2, which results in an accounting loss being recognized in the statement of comprehensive income when an asset is newly originated.

Classification and measurement of financial assets

Classification of financial assets

On initial recognition, a financial asset is classified and measured at amortized cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL").

Financial asset at amortized cost

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial asset at fair value through other comprehensive income ("FVOCI")

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund Manager may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Financial asset at fair value through profit or loss ("FVTPL")

All financial assets not classified as measured at amortized cost or FVOCI are measured at FVTPL.

The Fund classifies its financial assets either as subsequently measured at amortized cost or measured at fair value through profit or loss.

The classification requirements for debt instruments are described below.

Open-Ended Investment Fund Managed by Derayah Financial Company Notes to the financial statements For the year ended 31 December 2024 (All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

The Fund classifies its equity instruments at fair value through profit or loss (FVTPL). The Fund subsequently measures all equity investments at fair value through profit or loss, except where the Fund Manager has elected, at initial recognition, to irrevocably designate an equity investment at fair value through other comprehensive income. The Fund's policy is to designate equity investments as FVOCI when those investments are held for purposes other than to trade. When this election is used, fair value gains and losses are recognized in OCI and are not subsequently reclassified to the statement of comprehensive income, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when representing a return on such investments, continue to be recognized in the statement of comprehensive income when the Fund's right to receive payments is established.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognized where the rights to receive cash flows from the asset have expired, or the Fund has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Fund has:

- Transferred substantially all of the risks and rewards of the asset or
- Neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Fund has transferred its right to receive cash flows from an asset (or has entered into a pass-through arrangement) and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognizing to the extent of the Fund's continuing involvement in the asset. In that case, the Fund also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Fund has retained. The Fund derecognizes a financial liability when the obligation under the liability is discharged, cancelled or expired.

Impairment of financial assets

The Fund recognizes loss allowances for ECL on financial assets measured at amortized cost and debt investments measured at FVOCI.

The Fund measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- financial assets that are determined to have low credit risk at the reporting date; and
- other financial assets for which credit risk (i.e., the risk of default occurring over the expected life of the asset) has not increased significantly since initial recognition.

Financial liabilities

The Fund classifies its financial liabilities at amortized cost unless it has designated liabilities at FVTPL.

Trade date accounting

All regular way purchases and sales of financial assets are recognized / derecognized on the trade date (i.e., the date that the fund commits to purchase or sell the assets). Regular way purchases or sales are purchases or sales of financial assets that require settlement of assets within the time frame generally established by regulation or convention in the marketplace.

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2024

(All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously.

This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the statement of financial position.

Redeemable Units

Redeemable units are classified as equity instruments when:

- The redeemable units entitle the holder to a pro rata share of the Fund's net assets (equity) in the event of the Fund's liquidation
- The redeemable units are in the class of instruments that is subordinate to all other classes of instruments
- All redeemable units in the class of instruments that is subordinate to all other classes of instruments have identical features
- The redeemable units do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a pro rata share of the Fund's net assets (equity).
- The total expected cash flows attributable to the redeemable units over the life of the instrument are based substantially on the profit or loss, the change in the recognized net assets (equity) or the change in the fair value of the recognized and unrecognized net assets (equity) of the Fund over the life of the instrument.

In addition to the redeemable units having all of the above features, the Fund must have no other financial instrument or contract that has:

- Total cash flows based substantially on the profit or loss, the change in the recognized net assets (equity) or the change in the fair value of the recognized and unrecognized net assets (equity) of the Fund.
- The effect of substantially restricting or fixing the residual return to the redeemable unitholders.

The Fund continuously assesses the classification of the redeemable units. If the redeemable units cease to have all the features, or meet all the conditions set out, to be classified as equity, the Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognized in equity. If the redeemable units subsequently have all the features and meet the conditions to be classified as equity, the Fund will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

The issuance, acquisition and cancellation of redeemable units are accounted for as equity transactions.

No gain or loss is recognized in the statement of comprehensive income on the purchase, issuance or cancellation of the Fund's own equity instruments.

Accrued expenses and other payables

Accrued expenses and other payables are recognized initially at fair value and subsequently measured at amortized cost using the effective commission rate method.

Investment transactions

Investment transactions are recognized on a trade date basis.

Management fees and Other expenses

Management fees and other expenses are charged at rates / amounts within limits mentioned in terms and conditions of the Fund. Management fees are calculated daily and deducted at the end of each calendar month.

Zakat

zakat is the obligation of the unitholders and therefore, no provision for such liability is made in these financial statements.

Net asset value

The net asset value per unit as disclosed in the statement of financial position is calculated by dividing the net assets of the Fund by the number of units at the end of the period.

Open-Ended Investment Fund Managed by Derayah Financial Company Notes to the financial statements For the year ended 31 December 2024 (All Amounts in Saudi Arabian Riyals)

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

Dividend income

Dividend income, if any is recognized in the statement of comprehensive income on the date on which the right to receive the payment for dividend is established. For quoted equity securities, this is usually the exdividend date. Dividend income from equity securities designated as at FVTPL, is recognized in the statement of comprehensive income in a separate line item

Revenue recognition

Revenue is recognized when it is probable that the economic benefits will flow to the fund and the revenue can be measured reliably, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration expected to be received, excluding discounts, taxes and withholdings.

Provision

A provision is recognized when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provision is not recognized for future operating loss.

Net gain or loss on financial assets and liabilities at Fair Value through Profit or Loss ("FVTPL")

Net gains or losses on financial assets and liabilities at FVTPL are changes in the fair value of financial assets held for trading or designated upon initial recognition as at FVTPL and exclude interest and dividend income and expenses.

Unrealized gains and losses comprise changes in the fair value of financial instruments for the year and from reversal of the prior period's unrealized gains and losses for financial instruments which were realized in the reporting period. Realized gains and losses on disposals of financial instruments classified as at FVTPL are calculated using the weighted average cost method. They represent the difference between an instrument's initial carrying amount and disposal amount, or cash payments or receipts made on derivative contracts (excluding payments or receipts on collateral margin accounts for such instruments).

(All Amounts in Saudi Arabian Riyals)

5. NEW STANDARDS, AMENDMENTS, AND INTERPRETATIONS

5.1 Amendments

The following new amendments to standards, enlisted below, are effective from 1 January 2024 but they do not have a material effect on the Company's financial statements.

		Effective for annual years	
Amendments to	Dagawindian	beginning on or after	Common of the amountment
standard	Description	atter	Summary of the amendment The amendment has clarified
IAS 1	Classification of liabilities as current or non-current	January 1, 2024	 what is meant by a right to defer settlement, that a right to defer must exist at the end of the reporting period, that classification is unaffected by the likelihood that an entity will exercise its deferral right, and that only if an embedded derivative in a convertible liability is itself an equity instrument the terms of liability would not impact its classification.
IFRS 16	Leases on sale and leaseback	January 1, 2024	These amendments include requirements for sale and leaseback transactions in IFRS 16 to explain how an entity accounts for a sale and leaseback after the date of the transaction. Sale and leaseback transactions where some or all the lease payments are variable lease payments that do not depend on an index or rate are most likely to be impacted.
IAS 7 and IFRS 7	Supplier finance arrangements	January 1,2024	These amendments require to add disclosure requirements to enhance transparency of supplier finance arrangements, and 'signposts' within existing disclosure requirements, that ask entities to provide qualitative and quantitative information about supplier finance arrangements.

(All Amounts in Saudi Arabian Riyals)

5. NEW STANDARDS, AMENDMENTS, AND INTERPRETATIONS (Continued)

5.2 New standards, amendments and revised IFRS issued but not yet effective

The Fund has not applied the following new and revised IFRSs and amendments to IFRS that have been issued but are not yet effective.

Amendments to		Effective for annual years beginning on or	
standard	Description	after	Summary of the amendment
IFRS 21	Lack of exchangeability	1 January 2025	The amendments contain guidance to specify when a currency is exchangeable and how to determine the exchange rate when it is not. The amendments introduce new disclosures to help financial statement users assess the impact of using an estimated exchange rate.
IFRS 9 and IFRS 7	Classification and Measurement of Financial Instruments	January 1, 2026	These amendments clarify financial assets and financial liabilities are recognized and derecognized at settlement date except for regular way purchases or sales of financial assets and financial liabilities meeting conditions for new exception. The new exception permits companies to elect to derecognize certain financial liabilities settled via electronic payment systems earlier than the settlement date. They also provide guidelines to assess contractual cash flow characteristics of financial assets, which apply to all contingent cash flows, including those arising from environmental, social, and governance (ESG)-linked features.
IFRS 18	Presentation and Disclosure in Financial Statements	January 1, 2027	Additionally, these amendments introduce new disclosure requirements and update others. IFRS 18 replaces IAS 1, which sets out presentation and base disclosure requirements for financial statements. The changes, which mostly affect the income statement, include the requirement to classify income and expenses into three new categories – operating, investing and financing – and present subtotals for operating profit or loss and profit or loss before financing and income taxes. Further, operating expenses are presented directly on the face of the income statement – classified either by nature (e.g. employee compensation), by function (e.g. cost of sales) or using a mixed presentation. Expenses presented by function require more detailed disclosures about their nature. IFRS 18 also provides enhanced guidance for aggregation and disaggregation of information in the financial statements, introduces new disclosure requirements for management-defined performance measures (MPMs)* and eliminates classification options for interest and dividends in the statement of

8. ADVANCE FOR IPO SUBSCRIPTION

During the financial year ended 31 December 2024, the fund participated in the book-building process of Nice One KSA. An advance payment amounting to SAR 24 Million was made to the book builder as part of the subscription process for the equity shares.

As of reporting date, the book builder has provisionally allotted 686,563 shares at a value of SAR 35 per share. The provisional allotment is subject to final regulatory and settlement processes. Upon completion of the processes, the Group expects to recognize the full cost of the allocated shares as an investment.

9. UNIT TRANSACTIONS

Transactions in units for the year are summarized as follows:

	31 December 2024	31 December 2023
Units at the beginning of the year	21,169,241	4,059,421
Units issued	28,885,593	19,860,691
Units redeemed	(7,351,642)	(2,750,871)
Net change in units	21,533,951	17,109,820
Units at the end of the year	42,703,192	21,169,241

10. MANAGEMENT FEE, ADMINISTRATION AND OTHER EXPENSES

The fund manager charges a management fee of 1.5% of the fund's net asset value. The management fee is calculated daily and deducted at the end of each calendar month.

The fund manager recovers from the fund any expenses incurred on behalf of the fund such as audit fees, legal fees and other similar expenses.

Custody fee, 3% annually of the fund's net asset value for Saudi shares and for money market fund transactions and fixed income instruments, and a maximum of 0.45% of the fund's net asset value for shares in other countries of the world.

11. TRANSACTIONS AND BALANCE WITH RELATED PARTIES

Related parties of the Fund include Derayah Financial Company (the fund manager), and Albilad Capital (the custodian). In the ordinary course of its activities, the Fund transacts business with related parties. The related parties' transactions are governed by limits set by the regulations issued by the CMA. All related party transactions are approved by the Fund's Board of directors.

The following are the significant transactions with related parties that the fund entered into during the year and the balances resulting therefrom:

				Closing balanc

12. FINANCIAL INSTRUMENTS BY CATEGORY

31 December 2024	Amortized cost	FVTPL
Assets as per statement of financial position		
Cash and cash equivalents	40,603,992	-
Investments carried at FVTPL	<u>-</u>	1,833,449,930
Total	40,603,992	1,833,449,930
31 December 2023	Amortized cost	FVTPL
Assets as per statement of financial position		
Cash and cash equivalents	2,499,115	-
Dividend receivable	-	-
Investments carried at FVTPL		814,358,224
Total	2,499,115	814,358,224

All financial liabilities as at 31 December 2024 and 2023 were classified as financial liabilities measured at amortized cost.

13. ZAKAT

According to the zakat rules for investment funds, investment funds are not subject to the collection of zakat in accordance with the rules for collecting zakat from investors in investment funds, provided that they do not carry out economic activities or investment activities that are not stipulated in the terms and conditions of those investment funds. The fund manager must submit an information declaration to the Authority within a period not exceeding 120 days from the end of the financial year. The fund manager has registered the fund and will submit the annual zakat information return to the Authority.

14. FINANCIAL INSTRUMENTS FINANCIAL RISK MANAGEMENT

The Fund's activities are exposed to a variety of financial risks: market risk, credit risk and liquidity risk. The Fund's comprehensive risk management program focuses on the unpredictability of financial markets and seeks to minimize potential negative effects on the Fund's financial performance.

The financial instruments included in these financial statements principally include cash and cash equivalents, investments at fair value through profit or loss, investments at fair value through other comprehensive income, other receivable balances, accrued expenses and management fees payable. The specific identification methods adopted are disclosed in the individual policy statements associated with each item. Financial assets and liabilities, net of amounts reported in the financial statements, are offset when the Fund has a legally enforceable right to cash the recognized amounts and intends either to settle on a net basis, or to realize the asset and liability simultaneously.

Market risk

(i) Price risk

Price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and profit rate movements.

The price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund Manager diversifies the investment portfolio and closely monitors the price movement of its investments in financial instruments. As of the statement of financial position date, Fund has equity investments in mutual funds.

The following is the impact on the net asset value (equity) as a result of the change in the fair value of investments as of December 31, 2024 and December 31, 2023.

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2024

(All Amounts in Saudi Arabian Riyals)

14. FINANCIAL INSTRUMENTS FINANCIAL RISK MANAGEMENT (CONTINUED) Market risk (Continued)

Price risk (continued)

	31 December 2024		31 December 2023		
Nature of transactions	Reasonable possible change %	impact on fair value	Reasonable possible change %	impact on fair value	
Investments FVTPL	%1 -/+	18,334,499	%1 -/+	8,143,582	

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund is exposed to credit risk in its cash, cash equivalents and other receivable balances. Bank balances are deposited with a Saudi bank with a good financial rating.

The following table shows the maximum exposure to credit risk for the components of the statement of financial position

	31 December	31 December	
	2024	2023	
Cash balances	40,603,992	2,499,115	

Expected credit loss measurement

The Fund does not have a formal internal grading mechanism. Credit risks are generally managed on the basis of external credit ratings of counterparties.

Under the general approach of IFRS 9 ECL, the financial assets are classified into three stages. Each stage indicates the credit quality of the particular financial asset.

The fund manager has performed an ECL assessment of financial assets carried at amortized cost. No provision for impairment of these financial assets was recognized in these financial statements because the amount was not material.

The Fund's maximum undiscounted exposure to credit risk for the components of the statement of financial position and the respective expected credit loss is as follows:

	31 December	31 December 2024		31 December 2023	
	Exposure	ECL	Exposure	ECL	
Cash balances	40,603,992	_	2,499,115	_

Open-Ended Investment Fund

Managed by Derayah Financial Company

Notes to the financial statements

For the year ended 31 December 2024

(All Amounts in Saudi Arabian Riyals)

14. FINANCIAL INSTRUMENTS FINANCIAL RISK MANAGEMENT (CONTINUED)

Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on every business day and it is, therefore, exposed to the liquidity risk of meeting Unitholder redemptions on these days. The Fund's financial liabilities primarily consist of payables which are expected to be settled within one month from the statement of financial position date.

The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans from the Fund Manager.

Operational risk

Operational risk is the risk of direct or indirect loss arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns to Unitholders.

Fair value estimation

The fair value for financial instruments traded in active markets is based on quoted market prices at the close of trading on the financial reporting date. Instruments for which no sales were reported on the valuation day are valued at the most recent bid price.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The carrying value less impairment provision of financial instruments curried at amortized cost are assumed to approximate their fair values.

The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly: and
- Level 3 inputs are unobservable inputs for the asset or liability.

The table below presents the financial instruments at their fair value as at December 31, based on the fair value hierarchy:

	31 December 2024				
	Level 1	Level 2	Level 3	Total	
Investment carried at FVPL	1,833,449,930	-	-	1,833,449,930	
Total	1,833,449,930	-	-	1,833,449,930	
	31 December 2023				
	Level 1	Level 2	Level 3	Total	
Investment carried at FVPL	814,358,224	-	-	814,358,224
